Patrolmen Find Alleged Burglar Is A Neighbor

Arrest Man For Break In Nonantum Store

Two Newton policemen had an unexpected and unpleasant meeting with a near neighbor shortly after 1 a. m. Wednesday morning when they captured, as an alleged burglar, a man who resided in the same house with one of the patrolmen and was a next door neighbor to the second. Patrolman Treddin, who is assigned to night foot patrol duty at the Nonantum business district, and Patrolman Brayton, who resides at 51 Gardner st., Newton, had completed their tour of duty and were starting to ride to their homes when they were notified by Angelo Annicelli, who has a real estate office at 136 Adams st., that someone was in Lombardi's drugstore at 400 Watertown st., Nonantum. The rear of the drugstore is adjacent to the rear of Annicelli's office and the latter had heard someone pulling a grating off the rear window at the drug store.

The two policemen rushed to the yard at the rear of Lombardi's store and arrested a man whom they state was emerging from the store carrying five pints of alcohol. To their surprise, they found their captive to be Arthur Bertrand, 30, of 55 Gardner st., Newton, an occupant of the other apartment in the house where Treddin resides. Bertrand was arraigned in the Newton court on Wednesday morning charged with breaking and entering, and larceny. He was held in \$1000 bail for a hearing on July 11.

\$81,000 For New Water Mains

At a special meeting of the Board of Aldermen on Monday night it was voted to appropriate \$81,000 for new water mains at Newtonville, West Newton and Nonantum. Twelve inch mains will replace smaller pipes and afford better fire protection and water service for residences and business buildings. One of the new mains will extend from Washington st. along Jackson rd. to Pearl st., thence under Watertown and California sts. to Crafts st. and the Parmenter rd. district. Part of this project will be done this year, and the remainder next year. The total cost of the work is estimated at about \$180,000.

Other appropriations made at the meeting were \$1497 for a drain in Aspen ave., Auburndale, and \$1236 for the repair of a drain on Pearl st. from Centre st. to Peabody st. When the big water main was put through Pearl st. at this point a few years ago, apparently the drain was damaged and the street has been flooded since after each heavy rain storm.

City Employees Out Of Work

It was not a "glorious Fourth" for 25 employees of the Newton State Department. They were notified on Wednesday that until further notice they are out of employment. These men have been unemployed for many months. They were put back to work in May. Now they are faced again with dependence on welfare aid. They protest that there is need of their services and that work which they should be performing is being done by men from the ERA lists.

Trooper Badly Hurt Escorting Curley's Car

Skull Fractured On Pike At Upper Falls

Joseph Noone, 27, of Stone ave., Somerville, a member of the State police and assigned to the Grafton barracks of the State troops, was critically injured about 12.40 Thursday noon when escorting Governor Curley's official car on the Worcester turnpike near Margaret rd., Newton Highlands. He received a fractured skull and other injuries and was taken to the Newton Hospital. Noone was married about a year ago and has one child. He was doing traffic patrol duty on the Shrewsbury cut-off near Worcester when Governor Curley's motorcade and his entourage came along and Noone was signalled to ride ahead of the famous S1 car.

According to witnesses the Curley fleet of cars was proceeding at a high rate of speed easterly along the turnpike with Noone ahead blowing his horn and clearing traffic so that the official and State owned car could proceed on its rapid course. Near the overpass where the railroad tracks cross the turnpike, a woman driver did not heed the blowing of the horns to give way to the automobiles containing the mighty and as Noone swung his motorcycle around the impending car, he lost control, the cycle swirled around and he was thrown with great force onto the cement surface of the turnpike. The Governor's car, S1, in order to avoid hitting Noone was steered sharply across the road, went over the curb and knocked down a tree.

According to a report given to the Newton police, who did not arrive at the scene until sometime after the accident, the occupants of the Governor's car were Major Timilty, the Governor's military aid, Adjutant General Rose Sergeant O'Leary of the State Police, Curley's bodyguard, and the chauffeur, Sergeant Mannion of the State Police. Curley claims he was not in the car; that it was occupied by Rose, O'Leary and Mannion, and that he was in another car with Major Timilty. Curley is also alleged to have stated that the car he was in turned off the pike at Framingham and he did not know of the accident until he reached his home.

According to a Boston newspaper, Arthur Connolly of Sutherland rd., Brighton told a reporter that he drove Curley and Timilty from the scene of the accident to the Governor's home.

Newton Ctr. Man Causes Uprow At Dennisport

William R. Martineau of 28 Ashton ave., Newton Centre, has caused considerable excitement at Dennisport, Cape Cod, the past week as a result of having the beach in front of his summer home there sprayed with creosote. The beach is the property of Martineau and for the past few summers he and his family have been disturbed nights by moonlight bathers, bathers on other than moonlight nights, petters and other trespassers. Last year he erected a fence to keep the trespassers off his beach. The Selectmen of the town promised to provide a special policeman to keep the trespassers from annoying the Martineau family, provided he would remove the fence. The fence was taken down but the special policeman was not continued at the place and the trespassers have again been invading the beach at night this summer.

Monday afternoon an indignation meeting was held at Dennisport by permanent residents and summer residents to protest against the spraying of the creosote on the beach. Owners of cottages near Martineau's property asserted that their tenants were leaving because the tides had spread the creosote to nearby beaches, spoiling bathing and soiling clothing. Another property owner claimed that the creosote will eventually ruin bathing for miles along the Cape beaches. It was advocated that the town take Martineau's property by right of eminent domain for use as a public bathing beach. Mr. Martineau was represented at the meeting by his counsel, Henry Ellis of Hyannis.

Early Wednesday morning an effigy was placed on the Martineau estate at Dennisport and set afire. Mrs. Martineau attempted to extinguish the blazing effigy and received burns on her hands and arms.

The night before July 4th, as a result of a report that a mob of hoodlums were planning to sprinkle gasoline on the creosote at the Martineau beach, and set it afire, a guard of three local policemen, three State troopers and a hose company of the Dennis fire department, were stationed near the Martineau property. Mrs. Martineau made complaints against Mrs. Sadie Shaughnessy of Somerville who owns nearby cottages. As a result Mrs. Shaughnessy is scheduled to be arraigned in the Hyannis court today on charges of threatening bodily harm, trespassing and disturbing the peace. Mr. Martineau said that for the past three years he and his wife have been disturbed by hundreds of persons trespassing on their beach, and the shouting of all-night bathers and petting parties until early morning hours. He stated that this type of disturbance has greatly increased with the return of liquor. He also said that he sprayed the creosote so that it was 12 feet above the highwater mark.

Cannon Explodes, West Newton Man Loses Fingers

Norman Dow, 23, of 66 Eddy street, West Newton, had three fingers on his left hand blown off when a small cannon exploded while he was tamping a charge of powder into it at the yard back of his home on the night of July 3. He also received burns on his face and arms. Dow's father, Patrolman Frank Dow of the Newton Police, applied a tourniquet, and rushed his son to the Newton Hospital. Young Dow was the driver of the car involved in an accident near Norumbega Park a year ago last winter when a young man named Brocklesby was fatally injured and Dow received serious injuries.

Cigarette Causes Three Arrests

One cigarette, retail value about two-thirds of a cent, was the cause of a lively fight in which three men participated at Thompsonville district in Newton Centre on Sunday night. According to the police, John Delmonte of 374 Boylston st., Newton Centre, and John O'Brien of 26 John st., Newton Centre, became engaged in an altercation over possession of the bag in a beer dispensary near the corner of Boylston and Jackson sts. Leaving the place they became engaged in a scrap at the corner of Boylston st. and Jackson rd., with a large gallery enjoying the fracas. The police arrived and placed both under arrest on charges of drunkenness and disturbing the peace. James Kennedy of 1214 Boylston st., Brookline, was later arrested on a charge of disturbing the peace. It is alleged that he joined the melee by going to O'Brien's aid. All were arraigned in the Newton court on Monday and their cases continued to July 3.

Bicycle Thieves Use Vacant House

Maurice Biscoe of 595 Boylston st., Newton Centre, on Wednesday visited a vacant house which he owns at Huron place, Newton Highlands, for the first time in several months. Biscoe found evidence that the house had evidently been used as a rendezvous by youthful bicycle thieves. Parts of dissembled bicycles were in the rooms, tracks of bicycle tires were on the floors, and a frame found in the house was later identified by the police as one belonging to a bicycle stolen several days ago. The trespassers had damaged the plumbing in the house.

Order of Building New Schools Reversed By Mayor's Recommendation

School Committee Agrees to Give Oak Hill School Preference In Building Program

At a special meeting of the Board of Aldermen on Monday night a surprising reversal was revealed in the program for construction of needed school buildings in this city. The first projects to be started, according to the recommendations made by Mayor Weeks, with the consent of the School Committee, will be those of a new school at Oak Hill and an addition to the Angier School at Waban. The school building program, as requested and urged by the School Committee as its meetings on January 28 and again on March 25 of this year, specified that the first need is for a new school to replace the 65-year-old Franklin School at West Newton, the second most urgent need is for an addition to the Angier School at Waban; the third for a new school to replace the 81-year-old Lincoln and the 50-year-old Eliot School at Newton; the fourth, the construction of a new trade school and administration building; the fifth, the erection of a school at Oak Hill.

At the meeting of the School Committee on January 28 it was voted to request the mayor to seek Federal funds for a school building program involving \$1,000,000 for the purpose of eliminating obsolete wooden buildings and relieve overcrowding. On February 18 a delegation of Oak Hill residents attended the School Committee meeting and pleaded for the erection of a school at that district. To emphasize the need of a plan which would have the area served by that school include all the territory south of Boylston st. from Brookline st. to Walnut st. They stated that in this area are 292 children between the ages of 4 and 14, and 85 children under 4. The present Oak Hill school, a small, old, wooden building, has a combined grade attended by pupils of the first, second and third grades, and a kindergarten. Thirty-four children have been attending the school this year. In addition about 40 children from the Oak Hill district have been going to the Mason School; some walking, and some getting transportation from the city. The Oak Hill delegation at the February 18 meeting contended that if all children south of

THE WEEK IN NEWTON SPORTS

By JACK MORRIS

EVERTS AND ELENA CICCONE WIN FOUR STATE TENNIS TITLES

Elena Ciccone of Newton Centre and Albert P. Everts, Jr. of Newtonville each shared two titles at Longwood Cricket Club, Brookline, last week, as ten junior state tennis championships were decided. Miss Ciccone successfully defended her junior girls' crown by defeating Louise Hedlund of Watertown by 6-1, 2-6, 7-5, then paired with Louise to win the doubles from the Winchester team of Mary Boyd and Ruth Aseltine by 6-1, 6-4. "Sonny" Everts won 6-1, 6-2 in the final of the boys' singles, defeating William Washburn, and teamed with Baba Madden of Jamaica Plain in winning the younger mixed doubles from Gordon Griscom and Sissy Madden 6-0, 6-2. Robert Decker, Newton's candidate for junior honors, paired with Walter Muther of Brookline, won the doubles title from Robert Ellis and Harold Lyman 6-4, 12-10.

The feature match of last Saturday's play was the junior girls' singles, in which Elena Ciccone drew unexpected resistance from her doubles partner, Louise Hedlund of Watertown. After Elena had won the first set at 6-1 and lost the second at 2-6, she built up a comfortable lead of 4-1 in the third, only to have the Watertown girl rally and even the set at 4-4. Each girl then won her service game, but Elena took the next two, winning the set 7-5 and the match 6-1, 2-6, 7-5.

In another long match, Elena saw defeat for the first time, as she paired with Walter Muther of Brookline and lost the junior mixed doubles title to Paul Hurley of Quincy and Louise Hedlund by 7-5, 3-6, 8-6. In the semi-finals, the Ciccone-Muther combine defeated Polly Morrill and Tom Slattery, the latter from Newton Centre, by 6-2, 5-7, 6-4.

Tennis Notes

The Northgate Tennis Club of West Newton lost the opening inter-club match of the summer season to the Belfry Club of Lexington at the Northgate courts last week end by a 4-2 score. Lexington won all three doubles matches.

Walter Taylor (N) defeated Walter Sands (L) 6-2, 6-3; Clyde Rycroft (N) d. Fred Slader (L) 6-3, 6-1; James Smith (L) d. Ray Forte, Jr. (N) 6-4, 6-3.

Smith and Slader (L) d. Leonard Mongert and Harry Chapin (N) 6-3, 6-0, 6-4; Sands and George Emery (L) d. Ralph Taber and Clarence Elbridge (N) 9-7, 6-1; and Fred H. Nichols and S. M. Loring (L) d. R. Foote, Sr. and Frank Johnson (N) 6-3, 6-1.

The Northgate Club desires to arrange inter-club matches with small tennis clubs in and about Newton. Clubs interested should communicate with Ray Forte, Jr., Warwick rd., West Newton.

JOHNSON BETTERS JUMP RECORD IN NATIONALS

Stanley Johnson, the Newton and M. I. T. entry in the National A. A. U. track and field championships held Wednesday and yesterday at Lincoln, Nebraska, came through in grand style, breaking the junior broad jump mark on Wednesday with a leap of 24 ft. 11 in., and placing second in the hop-step-and-jump in both senior and junior meets. Stan's winning jump in the junior meet, restricted to entries who never have won a sectional or national championship, was disallowed as an official record on the ground that the wind, a ten-mile breeze, had favored the Newton boy. All four finalists in the junior broad jump were beyond the 24-foot mark.

In the senior meet, run off yesterday, Johnson faced the best of pre-Olympic competition and pulled down a tie for second in the hop-step-and-jump. Stan had placed second in the junior event the day before with an effort of 47 ft. 1/2 in., but yesterday he jumped 48 ft. 5 1/2 in., tying with Sol Furth of the German-American A. C. of New York. The senior three-spring jump was won by Roland Romero of Loyola University at 50 ft. 4 7/8 in., a new record. Incidentally, Johnson outjumped yesterday the man who had beaten him in the junior meet and kept him from the charmed circle of double winners, George Hanserd of Cleveland.

WABAN YOUTH WINS NATIONAL TITLE

Clinton Ferguson of Waban, a student at Tabor Academy, smashed two records and won the individual championship in the national interscholastic outboard motorboat regatta last Saturday on Lake Quinsigamond in Worcester. In the Class A races, Ferguson set a new record of 40.853 miles an hour, covering the five-mile course in the first heat in the time of 7 min. 20 3/5 sec. In Class C, using more powerful motors, the Waban boy set a new interscholastic mark of 48.8 miles an hour, the fastest time of the day, either for school or college drivers.

Although he won the first and third heats in Class A in fast time, Clinton finished third in the second heat, following a bad start, and had to concede class honors to Gar Wood, Jr., son of the famous speedboat king, who earned 1000 points to 969 for Ferguson. The Newton boy also was runner-up in Class C, where he drove second twice and set another new record in winning the second of the three heats. Ferguson lost class honors here by the scant margin of 1100 points to 1000. He was far ahead of the field in the final reckoning, however, winning the interscholastic individual honors with his 1969 points, Gar Wood, Jr. taking second with 1304.

Ferguson continued his winning way in the second day's racing, adding 1300 points in Class B for a two-day total of 3169 points to 3994 for the younger Gar Wood, clinching the national championship. He was disqualified in the Class F trials for beating the gun and for failing to wear a life belt, which makes his championship all the more remarkable.

On Tuesday Ferguson drove his "A" powered craft to a new world record in the mile straightaway trials, making 46.035 MPH in the first heat and 46.382 MPH in the second, for an average of something better than the old record of 45.868 MPH made last year by Tom Tyson of Yale. But an official blunder, snapping the timing watch too early, and the Waban boy's mark could not be allowed. When he prepared to cover the course again, Ferguson was halted by the Worcester police, who ruled that the association's permit had expired.

NEWTON TWILIGHT LEAGUE

West Newton A. C. had a torrid session for the league leadership which resulted in a decision for the City Club under protest.

City Club has credit for the victory in this week's match but official action on the protest will not be taken until the next league meeting, which will be held on Wednesday, July 10th, at 8:30 p. m., at the Newton Centre Recreation Building.

Catholic Club with victories over Y. M. C. A. and Town Team are now tied for the lead and the Newton A. C. with victories over Y. M. C. A., Auburndale and City Club are now only half a game from the lead.

June Building In Newton

The report of the Newton Building Department for the month of June shows that 74 permits were issued calling for work estimated to cost \$260,870. Of these permits 27 were for single dwellings valued at \$233,500; 7 for private garages, valued at \$2800; 24 for alterations on dwellings, to cost \$16,445.

The estimated cost of the work to be done under building permits issued the first 6 months of 1935 exceeded that done in the first 6 months of 1934 by \$120,000.

THE RACE TRACK

"Do you like horses?" asked the young professor.

"Very much!" replied Miss Cayenne. "I regarded your lines of thought as more profound."

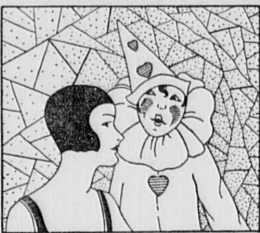

"The general demand is for relief. At a time when world politics is complicated by ethnological theories, I find it a relaxation to turn from human races to plain old-fashioned horse races."—Washington Star.

Most Awkward

"Mrs. Ames was terribly ashamed when she had a party the other day and there were thirteen at the table," said Mrs. Grey.

Her friend sniffed rather contemptuously. "How foolish being so superstitious!" she replied. "Oh, but it wasn't that!" said the other. "She had only twelve of everything in the house!"—Answers Magazine.

THE DEDUCTION

"Yes, the two midgets are going to be married. She calls him the apple of her eye."

"I'm, I suppose they'll soon be a dwarf pair."

Maybe Thirt

Teacher—James, have you whispered while I was out of the room? James—Only wunst, ma'am.

Teacher—Helen, should James say "wunst"? Helen—No, ma'am, he should say "twit."

Don't Believe in 'Em

Conductor—Can't you see the sign "No Smoking"? Sailor—Sure, mate, that's plain enough. But there are so many dippy signs here. Look! there, one says, "Wear Nemo Corsets." So I ain't paying attention to any of them.

Handicapped

Mabel—Do you know anything about Tom Higby? Arthur—Why, Higby is my first cousin! Mabel—I know that, but is he all right otherwise?

Time Will Tell

"Doctor," said the sick man, "the other doctors seem to differ from you in their diagnosis of my case." "I know," replied the medical man cheerfully, "but the post-mortem will show which of us is right."

Repeat Order

Customer—I hear that my son has owed you for a suit for three years. Tailor—And have you come in to pay the bill? Customer—No, I want a suit myself on the same terms.

Well—And Others

The Youth (trying to create an impression)—There are hard-headed business men who rely on my judgment absolutely. The Lady (unimpressed)—Ah! Book-les?

God's Secret

Fond Parent (at bedtime)—Say your prayers louder, darling. I can't hear you. Small Daughter—I wasn't speaking to you, mummie.

Credited With a Put-Out
Blinks—I hear our heavy hitter struck the umpire when he called him out on strikes.

Jinks—Yes, and that was one hit that was chalked up as an error.

DIPLOMACY

"I hear you called me a liar?" "I did not. What I said was that you'd have made a great diplomat."

Banker in the Bud

Boss—There's two dollars missing from my desk drawer and no one but you and I have a key to it. Office Boy—Well, let's each put a dollar back and forget it.

Prospectors Hold Final Meeting at Y

On Tuesday evening, Companies A, B and C of the Prospectors, the Y. M. C. A.'s discussion-group fraternity, held a final Rendezvous at the "Y"

to close the 1934-35 season. A very enjoyable dinner was served at 6:30. Following the dinner, Chief Walter M. Taylor, Company "A," who was presiding, introduced various leaders and guests, and spoke briefly upon the keen interest being taken in this unit of the "Y" men's program by business and professional men in the Newtons. Mr. Taylor said: "The Prospectors represent more than Discussion Groups. Each company is one unit of a Fraternity based upon the discussion group idea. In the past (and in small rural communities even in our day) men gathered about the stove in the grocery store, and talked as co-operative neighbors. Upon economics, politics and sociology of their time! Yes—but of far more also! Hosts of personal problems were subjected to constructive analysis. Many a kindly bit of neighborly help—many a profitable business deal—many a word of cheer, advice and encouragement—sprang from these gatherings. The Prospectors aim to bring within the reach of every Y member, this helpful touch of neighborliness, and bring into our modern urban community this prime advantage of the small rural village."

Following a brief outline of plans for the fall meetings, the speaker of the evening was introduced.—Mr. Hazen H. Ayer, treasurer and Public Utility specialist of the Investment Counsel firm of Standish, Racey and Mackay. Mr. Ayer's topic was the situation of the Public Utility companies, with special reference to the Wheeler-Rayburn bill now pending before Congress. Mr. Ayer traced the history of the Utility industry and outlined the charges brought by the Senate Committee of investigation, as well as the pending bill and the work of various state regulatory commissions. His fair and competent treatment of the topic impressed all his hearers. A question and discussion period followed, in which very valuable and interesting sidelights upon the practical problems of the utility companies were given by one of the guests, Professor Donald Canfield of Purdue University, from his years of experience as utility engineer. The talk and the discussion were highly informative, and a rising vote of thanks was accorded to Mr. Ayer for a most enjoyable evening, as well as to Prospector Henry Pierce of Company "B" who arranged the entire rendezvous on behalf of the leaders.

Among those present were the following Prospectors and guests: Walter M. Taylor, Dr. Thomas Burns, Fred A. Hawkins, E. Graham Bates, T. J. Cutting, Frederic B. Eastman, Richard H. Lee, Francis E. Tucker, Daniel F. Koughan, Harry R. Pierson, Henry C. Pierce, Gordon G. Kitchin, E. M.

Wainwright, Harold K. Canfield, LaMolne E. Boyle, Hazen H. Ayer, H. W. Bascom, Kenneth Canfield, Prof. Donald Canfield, Arnold MacIntosh, Alfred B. White, Lincoln Alvord.

Bette Davis, Former Newton Girl, In Feature Picture

Bette Davis, former Newton girl, is featured in "The Girl from 10th Avenue" with Ian Hunter and Colin Clive, which opens at the Paramount Theatre, Newton, on Sunday, July 7, for four days. "The Girl from 10th Avenue" relates the adventures of a young shop girl who marries a society dandy and then makes a man of him despite his addiction to drink, wild women and foolish friends. The companion picture will be Charles Ruggles and Mary Boland in "People Will Talk." A comedy team that all will enjoy.

Starting Thursday to Saturday, Paul Lukas and Madge Evans in "Age of Indiscretion" with May Robson and Helen Vinson are featured in an exciting drama telling the story of a millionaire mother-in-law's fight to wrest the custody of a child from his divorced father. On the same program Bert Wheeler and Robert Woolsey are co-starred in "The Nitwits." Romance, comedy, melody, song and dance, also mystery are all combined in one great picture.

On each Thursday evening patrons holding lucky numbers are presented free trips to Buzzards Bay and other points of interest. Bob Mills presents every Saturday matinee his usual Kiddie Revue in person.

HOW FILIPINO CHILDREN WORK

In many of the rice fields of the Philippines, children sit in tiny towers at the edges of the seeded areas and frighten hungry birds away by pulling strings with streamers attached while their parents plant and plow with aid of clumsy carabaos and antiquated wooden implements.

Many of our customers and friends do not fully understand how we are now merchandising.

Our sign reads:

Builders' Hardware and Supplies

and that embraces a lot—in fact it is intended to include about everything in Hardware. It is so easy to reach us, now, why not just drop in and see what we have and how we can display it. No obligation to purchase. Our experience, reputation and rating enable us to give better service than ever.

Many June Weddings of Local Interest

COLTON—RUITER

Miss Ruth Sullivan Ruitter, daughter of Mr. and Mrs. Charles Walter Ruitter of St. Johnsbury, Vermont, was married to James Byers Colton, son of Mrs. Edward Swift Colton, Jr., of 1150 Walnut street, Newton Highlands, at four o'clock on Saturday afternoon, June 29 at the South Congregational Church, St. Johnsbury. Rev. James W. McIntosh.

The bride who was given in marriage by her father, wore her mother's wedding gown of lace over tulle in Empire style, with high neck and a long veil. She carried a bouquet of roses and lilies of the valley. Mrs. William Chesney, the mother of honor, wore green organza with yellow velvet sash, with hat to match and carried a bouquet of garden flowers. Miss Elizabeth Ruitter, sister of the bride was the maid of honor. She wore yellow organza green velvet sash, with hat to match and carried garden flowers.

Dr. Paul Hayes of Worcester was the best man. The ushers were Lawrence Cooper Jenks of Cambridge, Walter Morse of Lowell, Philip Ahern of Princeton, New Jersey and Newton Centre and James Woods of St. Johnsbury, Vermont.

A reception was held at the home of the bride's parents.

On their return from a wedding trip Mr. and Mrs. Colton will make their home at 29 Ramsay place, Albany, New York.

The bride attended Hood College and is a graduate of Simmons College. For the past four years she has taught at the Chaffee School of Loomis Institute, Windsor, Conn. The groom is a graduate of Bowdoin College, 1931 and was master at the Loomis School for three years. He is now a member of the staff of the Albany Academy at Albany, New York.

HEALY—DOW

Miss Marjorie Dow, daughter of Mr. and Mrs. Willard Wellman Dow of 12 Orchard ave., Waban, was married to Raymond John Healy, son of Mr. and Mrs. Joseph J. Healy of New York, on Saturday afternoon, June 29th, at the home of her parents.

The bride is a graduate of Smith College, class of 1927; the groom attended Columbia University.

They will make their home in Los Angeles, California.

MCCARTHY—GORDON

Miss Ruth Agnes Gordon, daughter of Mr. and Mrs. John Henry Gordon of 331 Auburndale ave., Auburndale, was married to Eugene McCarthy of Saxonville, Mass., on Wednesday morning, June 26, at the Corpus Christi Church, Auburndale. Rev. Francis Cronin of East Boston performed the ceremony.

The bride, who was given in marriage by her father, wore a gown of white satin and a veil of lace. She carried a shower bouquet. The maid of honor, Miss Frances Ellis of Brookline, wore blue chiffon with a tulle hat to match and carried pink roses and blue larkspur. The bridesmaids were Miss Catherine Shields of Roslindale, Miss Helen Mague of Roslindale, Miss Katherine O'Sullivan of Newton and Miss Marie Donahue of Natick. They wore pink chiffon with tulle hats and carried pink roses and blue larkspur.

Francis Smith of Saxonville was the best man. The ushers were Carey Hennerdery of Framingham, Donald Neal of Saxonville, Bernard Mullin of Waltham, John H. Gordon, Jr., brother of the bride of Auburndale, Francis Brophy, Robert Byrnes, and Raymond O'Neil, of Saxonville and John O'Brien of Hopkinton.

Miss Mary Beadle, organist, played the wedding music and Mr. Frank Galipeau of Mansfield was the soloist.

A reception was held at the home of the bride's parents which was decorated with palms and spring flowers. The couple were assisted in receiving by Mr. and Mrs. Gordon, Miss McCarthy and the maid of honor and best man.

Mr. and Mrs. McCarthy will make their home in Saxonville where Mr. McCarthy is engaged in business.

The bride graduated this year from Regis College. The groom is a graduate of Boston College, class of 1929.

STRATTON—RANDLETT

Miss Barbara Randlett, daughter of Chief Clarence W. Randlett and Mrs. Randlett of 63 Bowen street, Newton Centre was married to C. Malcolm Stratton, son of Mr. and Mrs. William H. Stratton of Needham on Monday evening, July first, at eight o'clock in Trinity Church, Newton Centre.

The bride wore a gown of white satin and a tulle veil edged with Venetian lace and held in place by orange blossoms. She carried white roses, lilies of the valley and orchids. Miss Helen Randlett, sister of the bride, was the maid of honor. She wore yellow organza and carried a bouquet of yellow snapdragons, yellow roses and blue larkspur. The bridesmaids were Miss Constance Wright of Newton Centre, Mrs. George E. Rath of New York, Miss Marion Collins of Gloucester and Miss Louise Hewitt of Pembroke. They wore frocks of green organza and carried bouquets of roses, snapdragon and African daisies.

Bertrand E. Hayward of Washington was the best man. The ushers were Stuart J. Fay of Brookline, William Lyons of Needham, and Arthur Stewart, Jr. of Newton Centre.

The bride is a graduate of the State Teachers' College at Bridgewater. The groom is a graduate of Colby College, 1933 and of the Huntington School, Boston.

FOSTER—HARTLING

Miss Eleanor Isabelle Hartling, daughter of Mr. Thomas Hartling of 154 Elm street, North Easton, became the bride of Mr. Herman A. Foster, son of Mr. and Mrs. Adelbert Foster of 86 Freeman st., Auburndale, on Wednesday evening at the Lincoln Park Baptist Church in West Newton. Rev. Joseph E. Perry performed the ceremony.

The bride was gowned in white chiffon with cowl neck line and long flowing sleeves. Her veil was made with a halo effect of net. She carried a bouquet of white sweet peas and gardenias.

Her only attendant was Mrs. Raymond A. Wellman, a former classmate, as matron of honor. Mrs. Wellman was gowned in blue crepe with hat to match and carried yellow roses and delphinium.

Clayton Foster, brother of the groom, was best man and Harold Tisdale of West Newton and Arthur Brickett of Auburndale were ushers.

A reception in the church vestry, followed the ceremony.

Mrs. Foster is a graduate of Brockton High School and Framingham State Teachers' College. She has been a teacher of household arts at Oliver Ames High School in North Easton for several years.

Mr. Foster is a graduate of Newton High School and Bentley School of Accounting and is employed at the Newton National Bank in Newton.

After a short wedding trip Mr. and Mrs. Foster will live in their newly completed home at 1 Cobb place, Waban, Mass.

NASON—CLAPP

On June 29th in the Harvard Church Chapel in Brookline Miss Helen Clapp, daughter of Mr. and Mrs. Lowell T. Clapp and Robert Daniels Nason, son of Mr. and Mrs. F. L. H. Nason of Woodland rd., were married by Dr. Ashley Day Leavitt assisted by Dr. Ralph H. Rogers. The church was beautifully decorated with spring flowers, blue delphinium and white peonies. Miss Clapp wore her mother's wedding dress of heavy ivory satin with a high neck of Venetian lace and her mother's veil, banded with Venetian lace. She was given in marriage by her father.

Her sister, Miss Barbara Clapp, who was her maid of honor, was gowned in a green tulle frock with a picture hat of lighter green. She carried an old fashioned bouquet. Miss Madeleine Lougee, a niece of the bride, was flower girl and wore a white organza frock with a narrow green velvet sash. She carried a small old fashioned bouquet.

Leonard H. Nason of New York, author and brother of the groom, was best man and the ushers were Winslow Howland of Auburndale; Allen Rocker of Lexington; William Sweet of West Newton and John Weissner of Waban.

Following the ceremony a reception was held at the Algonquin Club. After a wedding trip to Europe Mr. and Mrs. Nason will make their home on Washington st. in Cambridge.

Mrs. Nason was graduated from Smith College in 1931 and Mr. Nason was graduated from Norwich University in 1931 and from Harvard Business School in 1933.

STONE—PORTER

Miss Evelyn Porter, daughter of Mr. and Mrs. Sidney Porter of 18 Tangleton road, Newton Centre, was married to Kendall Tower Stone, of 11 Woodford street, Dorchester on Saturday, June 29th at eight in the evening at the First Baptist Church in Newton. Newton Centre. The ceremony was performed by Rev. Dr. Charles N. Arbuckle.

The bride wore a gown of ivory satin with a train of point de Venise lace and a tulle veil with satin coronet. Her bouquet was of bride's roses, white sweet peas and lilies of the valley. Miss Edith G. Porter, sister of the bride, was the maid of honor. She wore a cape dress of tea rose peau d'ange lace and carried Spring flowers. The bridesmaids, Miss Aileen Davis of Newton Centre and Mrs. Geraldine Borden of West Newton wore cape dresses of cell blue peau d'ange lace and carried Spring flowers. Prudence Smith, a cousin of the bride, of New York was the flower girl.

Chester E. Borden of West Newton was the best man. The ushers were Robert C. Lee of Roxbury, Howard E. Gale, Jr. of Dorchester, Curtis D. Cummings of Kinderhook, New York, Wendall R. Holt of Newton Centre, Edrie Brooks Smith, Jr. of Yonkers, New York and Richard B. Winslow of Newton Centre.

A reception was held in the church parlors immediately after the ceremony.

Mr. and Mrs. Stone will reside at 1762 Commonwealth avenue, Brighton.

We carry a large stock of Andirons, Fire Sets, Fenders and Screens from which you may select patterns to suit any period of architecture.

THORNQUIST—DAY

The marriage of Miss Caroline Day, daughter of Mr. and Mrs. Chester Sessions Day of Englewood avenue, Brookline to Hamilton Thornquist, son of Mr. and Mrs. Carl J. Thornquist of Bellevue street, Newton took place at noon on Saturday, June 29. The ceremony took place in the garden of the summer home of the bride's uncle and aunts at York Cliff, Maine. Rev. Walter H. Millinger of York Village performed the ceremony.

The bride, who was given in marriage by her father, wore white organdy with old family lace applied at the neck and sleeves, a tulle veil and cap of old family lace. Her bouquet was of white roses, lilies of the valley and white orchids. She had no attendants.

C. MacGregor Thornquist of Newton was the best man.

A reception was held immediately following the ceremony.

After July 15 Mr. and Mrs. Thornquist will reside at 3-C Gibson terrace, Cambridge.

The bride is a graduate of Miss May's School and is a member of the Junior League. The groom attended Harvard College, class of 1932 and is a member of the Fox Club, the Hasty Pudding and Institute of 1770. He is a member of the city staff of the Boston Transcript.

CARR—KERR

Miss Anne Kerr, daughter of Mr. and Mrs. David Henry Kerr of Parsons st., West Newton, was married to Howell Coleman Carr of Waltham on Sunday, June 30 at St. Bernard's Church, West Newton. Rev. Dr. Joseph Casey performed the ceremony.

Miss Mary Elizabeth Kerr, sister of the bride, was the only attendant. J. Robert Carr, brother of the groom, was the best man.

A reception was held at the home of the bride's parents immediately following the ceremony.

On their return from a wedding trip, Mr. and Mrs. Carr will reside in Waltham.

The bride is a graduate of the State Teachers' College at Framingham. The groom attended Boston College.

WILLIAMS—RITTENHOUSE

Miss Dorothy Bates Rittenhouse became the bride of Mr. Leon Emery Williams on Saturday, June 29, at the Second Church in Newton. West Newton. The ceremony was performed by Rev. Boynton Merrill, D.D.

Miss Rittenhouse is the daughter of Mr. and Mrs. Charles F. Rittenhouse of Newton Centre. She graduated from the May School and Smith College and spent a year in study in France. Mr. Williams is a graduate of Dartmouth College.

After their wedding trip Mr. and Mrs. Williams will live in New York.

Recent Engagements

Mr. and Mrs. Frank E. Wing of 15 Magnolia ave., Newton, announce the engagement of their daughter, Faith Elizabeth Wing, to Frederick A. Hawkins, son of Mr. Henry H. Hawkins and the late Mrs. Hawkins, of Newton.

Miss Wing and Mr. Hawkins are both graduates of the Newton High School. After graduation Miss Wing attended the Massachusetts School of Art and the Hixson Secretarial School.

The wedding will take place in the fall.

Mr. Howard B. Josselyn of Beaver Lodge, Waltham, has announced the engagement of his daughter, Miss Irma True Josselyn, to George E. Bailey, son of Mr. and Mrs. Lewis E. Bailey of Homer st., Newton Centre. Miss Josselyn is a graduate of the Lesley School in Cambridge. Mr. Bailey is associated with the First National Bank of Boston.

Mr. and Mrs. A. J. Hooper of 124 Randlett park have announced the engagement of their daughter, Miss Muriel Hooper, to Mr. David Oliver Fletcher, son of Mr. and Mrs. David Duncan Fletcher, of Langley rd., Newton.

Recent Deaths

DR. FRED E. WITHEE

Dr. Frederick E. Withee of 9 Forest st., Newton Highlands, died on June 29th, of heart failure. He had attended to his practice until 24 hours before his death. He was a native of Vassalboro, Maine, and 70 years of age. He started practicing in this city 38 years ago, shortly after he had graduated from the College of Physicians and Surgeons. He was a member of the staff of the Newton Hospital for 17 years and for 29 years served as one of the school physicians. During the World War he served at Camp Devens as a captain in the medical corps. He was a member of the Mass. Medical Society, Newton Medical Society, Newton Post-American Legion. He is survived by his widow, Mrs. Abbie L. (Brown) Withee. His funeral service was held on Tuesday afternoon at the Newton Highlands Congregational Church, of which Dr. Withee was a member (communicant). Rev. Charles O. Farrar officiated. Burial was at Clinton, Maine.

TRIBUTE TO DR. WITHEE

Saturday, June 29, the people of Newton Highlands were thrown into grief and gloom as the word flashed around that their beloved doctor, citizen, friend, neighbor, Dr. Frederick E. Withee, had passed away.

At some time Dr. Withee had visited almost every home in Newton Highlands and brought their loved ones back to joy and health again, gave hope and courage to the suffering and, if cure was impossible, he comforted their departing hours.

He rejoiced in the youth of Newton Highlands and was their friend and wise counsellor.

He loved humanity regardless of race or creed and never let the suffering or needy go unaided.

He was a big man with a big heart. His place in the community will remain vacant, but loving memories of Dr. Withee will be everlasting.

The sympathy of Newton Highlands goes out to Mrs. Withee in her overwhelming bereavement.

MARY E. REARDON

Mary E. Reardon, for over 40 years a clerk at the West Newton post-office, died on June 28 at her late home, Boylston street, Brookline. She was born in Chestnut Hill 73 years ago and about 50 years ago she entered the employ of Charles Stacy who conducted the newspaper business at West Newton and in addition was postmaster and managed the telegraph office. Miss Reardon was engaged as the telegraph operator and clerk. In 1887 she was appointed a postoffice clerk by Mr. Stacy and when the West Newton postoffice went under civil service, Miss Reardon became a civil service employee. She was retired on a pension in November, 1929 and has since made her home at Brookline. Her funeral service was held on Monday at St. Lawrence Church, Brookline. Burial was in Holyhood Cemetery.

WILLIAM HOGG

Mr. William Hogg of 75 High street, Newton Upper Falls, died at his residence on Sunday, June 30 following a lingering illness. Mr. Hogg was born in Coatbridge, Scotland, March 20, 1860, and has resided in Upper Falls for the past 30 years.

He is survived by his wife, Mrs. Jennie Wade Hogg, a step-son, Walter Graham, a step-daughter, Miss Eva Graham. Funeral services were held from his late home on Tuesday, July 2, at 2:30 p. m., Rev. G. Vaughn Shedd officiating. Burial was in the family lot at the Newton Cemetery.

A STATE BOND ISSUE

One of the most important questions of the day arises in consideration of Governor Curley's plan for a thirty-five million dollar bond issue by the Commonwealth to provide work and wages. There are various reasons why such a bond issue should be provided. Chief among the reasons set forth by the Governor is the statement that the Federal government will allocate large sums to Massachusetts provided the state goes ahead with similar plans. Yet there is no assurance that the Federal government will send millions here although the citizens of this state will pay in the neighborhood of \$200,000,000 in taxes into the four billion dollar national fund. Two years ago the State authorized a bond issue of some twenty-two millions of dollars in anticipation of funds to be sent here from Washington. Yet all that has been received is but a small portion of what seemed to be the share to which Massachusetts was entitled. Will the same story be repeated?

The Governor's proposal would pay off the bond issue from receipts of the gasoline tax for the next five or ten years. Yet much of the work is for buildings and to mortgage the "highway fund" would prohibit the proper consideration of the motorist who is being called upon to contribute more than his share of the tax burden. During the past few years twenty millions of dollars have been transferred from the highway fund into the general expense account of the state. This procedure should be abandoned at the earliest possible moment and not be prolonged.

The proposed thirty-five million dollar bond issue undoubtedly will meet with considerable favor in many sections of the state but until it is proved that the state cannot benefit from national funds unless such an issue, or a portion of such an issue is authorized there is little justification for it.

THE AUTOMOBILE INSURANCE QUESTION

When the House of Representatives rejects a bill by the overwhelming margin of better than 10 to 1 with but a dozen votes in favor of the proposal it is virtually certain that there is something decidedly wrong with the measure. Such was the outcome of the bill proposed by the new Commissioner of Insurance Francis J. DeCelles in an effort to bring about lower compulsory automobile insurance rates. It is generally agreed that our present system is a burden upon the automobilist and that something should be done to relieve present conditions. Under the present system exaggerated and fake claims are entered which have destroyed considerable faith in the system and which have undoubtedly contributed to the increase in rates. Under the DeCelles plan the coverage of pedestrians and occupants of cars would be greatly reduced, in some instances more than fifty per cent. Yet with this reduction in protection there would be a reduction in rates of about thirty per cent, which, with a probable twelve per cent increase in rates for next year, means a net saving of only eighteen per cent to the automobile owner.

There are many complex angles to the problem which make it difficult of solution. While we are not ready to advocate the abolition of the present system because of the presence of many irresponsible drivers upon our roads we are inclined to believe that the only means of arriving at an adequate solution is to get rid of our present system and start anew.

Car Crashes Wall, Driver Vanishes

Late Tuesday night an automobile was wrecked near the corner of Beacon and Hammond streets, Chestnut Hill, when it hit a stone wall and a tree. A person who witnessed the crash notified Patrolman Barr at Newton Centre square. Barr hastened to the scene but found no occupant of the wrecked car, which was registered in the name of Frank Holtz, Saint Luke road, Allston. Serg. Sullivan went to Holtz's home but the latter was not there.

Boys Hurt In Auto Accidents

William Kenney, 10, of 1650 Washington street, West Newton was hit and slightly injured on Monday afternoon at 412 Fuller street, West Newton by a car driven by P. Bram of 224 Atherly road, Brighton.

James Potter, 8, of 1407 Washington street, West Newton fell off a lumber truck which was parked on Lucas court, West Newton on Monday afternoon and fractured his right arm. He was taken to the Newton Hospital in a police car.

ABOUT TOWN

By Edward H. Powers

The largest, and, in many respects, most important activity of the Federal government is the United States Post Office Department. It employs hundreds of thousands of men and women and its service reaches to the smallest hamlets and isolated settlements of our country and territories. It has more direct contact with all classes of citizens than any other public service. It vitally concerns the social and economic welfare of our people. It is the means of communication most used between relatives and friends, and for business purposes. It is quite essential that postal employees be men and women of dependable character. The great majority of them are. They perform their duties conscientiously and receive lower salaries than do many classes of public employees whose work is less exacting. But, it is inevitable that there are some postal employees who are not reliable and who do not give the public efficient service. Fortunately, they are comparatively few in number. If this were not so, how much sorrow and suffering would result through the non-delivery or delay of letters containing news of sickness of relatives or friends, of opportunities for employment or the transaction of business. Prompt, accurate and assured delivery of mail matter is of great import.

One district in this city has for several years past been imposed upon by receiving postal service of a nature which would not be tolerated for one week by most persons. This section is populated by persons in humble circumstances; it is a working class district. But, this is no reason why they should be discriminated against, why their mail should not be delivered, or why it should be delayed. The service on this particular route has gone from bad to worse. If the residents of the section referred to do not get a "new deal" from now on, proper measures will be taken at once to correct this injustice.

According to a newspaper report from Detroit on July 1, Rev. Charles Coughlin on that day opened a campaign which has as its objective a plan to assure workers in automobile factories obtaining a yearly income of \$2150. He stated, according to the news dispatch, that a mass meeting of automobile workers will be held on Labor Day to further the campaign. He was quoted as having said, "How are we to proceed? The right way is not to destroy the profit system. We should take part from the profits, and part from the public who buys cars too cheaply. If you strike, do not do it on a false basis. Insist on taking more from the public as well as from the profits."

Heretofore, the clergyman who has won fame by his radio broadcasts, has slammed the rich and pleaded for the masses of the people. Now, he is advocating something that would adversely affect the masses, the people in humble or moderate circumstances who are purchasers of low priced cars, the cost of which Fr. Coughlin would have advanced. Most persons in these classes find it quite difficult to purchase a new car today even at the existent scale of prices. They are not receiving contributions of money from all parts of this country such as the gifted orator of Royal Oak gets. Father Coughlin is not old enough to remember when automobiles were high in price, owned by only the wealthy, and comparatively few in number.

It was only after Henry Ford had greatly lowered the cost and price of automobiles by mass production that motor cars became common and enjoyed by the masses. So, if Fr. Coughlin's plan were brought about, there would be a big decline in the demand for automobiles and a large percentage of those now employed in automobile plants would not be getting \$2150 yearly. They would be loafing and on welfare relief.

Rubber bathing suits for girls and women are being sold at ridiculously low prices. A large percentage of these bargain suits are left-overs from last year. As rubber deteriorates with age, we would suggest that the girls don't get rubber suits that fit too snugly unless they court a very embarrassing possibility.

Another collision between two automobiles occurred a few days ago at the wide-open intersection of Beacon and Walnut streets, Newton Centre where ample view is afforded of cars approaching from all directions. There have been many collisions at this intersection. We repeat what we have stated before—usually, after there has been a collision between automobiles at this intersection, someone of the drivers involved should be haled into court for reckless driving.

Some weeks ago we criticized Governor Curley for diverting State troopers from their regular work to serve as members of his entourage, including service as bodyguards, chauffeurs and motorcycle escorts. We referred to his proclaimed concern regarding the deplorable number of deaths and injuries caused by speeding and reckless driving of motor vehicles in this State and his obvious inconsistency in having his car, the costly \$1, escorted at high rates of speed over heavily traveled highways, with horns tooting to compel the public to get out of his way. In the performance of this duty one motorcycle officer was killed on May 12. Yesterday another was critically injured at Newton Upper Falls while riding ahead of the Governor's official car. How much longer will Curley indulge in this pomposity with its fatal results? Wouldn't it be more consistent with his professions of humanitarianism and his assertions that he is a representative of the common people, if he would cut out his displays of Caesar like magnificence, travel along the highways unassuming as did his predecessors in the Governor's office, practice

To Reverse New School Projects

(Continued from Page 1)

Boylston st., in the defined area, were assigned to the proposed Oak Hill school their average class there would have 36 pupils. They asked that the Oak Hill school be included in the first three projects.

At the School Committee meeting on March 25 the committee again urged action on the new school buildings. Kirtley Mather, member from Ward 6, advocated that work be started as soon as possible, even if the mayor did not favor asking for Federal funds. George Fernald, Jr., committee member from Ward 3, took the stand that there is no immediate need for a new trade school building. He also called attention to the fact that no site had been decided on for the Oak Hill school. The committee agreed at that meeting, adhered to its intention that the first need is the building to replace the Franklin School, the second greatest need, an addition at the Angier School; the third, a new building to replace the antiquated Lincoln and Eliot Schools.

On Monday night, April 29th, a large gathering of residents of Oak Hill and adjacent territory was held at the Charles River Country organized Oak Hill District Improvement Association. About 150 were present, officers for the association were elected and a number of city officials, including Mayor Weeks attended. Intensive work had been done by several Oak Hill residents to bring residents of that section to the meeting. The Mayor referred at length to the matter, which he said was first in the requests of Oak Hill residents—a new school. He said that the School Committee had asked to have the new school program financed by PWA grants, told of the red tape encountered in having other city buildings constructed under PWA auspices, stated that as a result only 14% of the cost had been received from the PWA instead of the 30% expected, and asserted that the small percentage donated by the Federal government did not make such aid worth while. The Mayor was very frank at the meeting in telling his Oak Hill audience that he would not promise them that their school would be among the first to be started. He commented that while it was difficult to decide which of the needed schools should be first erected, overcrowding must be relieved, and the districts where there are insufficient school facilities must get attention.

The recommendation of the Mayor at Monday night's meeting, and School Committee in reversing its twice announced decisions as to the comparative need for the various school projects showed that the persistent efforts of the Oak Hill residents had accomplished results. In recommending that the school buildings be erected through the aid of the Works Progress Administration (this new WPA supplants the PWA), Mayor Weeks explained that he had changed his attitude regarding the seeking of Federal funds because the grants will be 45% of the cost of the projects, instead of 30% supposed to have been received under the PWA grants.

The only outspoken opposition to the change in the school building program came from Alderman Guzzi of West Newton who called attention to the fact that the School Committee had requested that action on this program be taken without delay because of the need to replace old, antiquated school buildings, and to remedy overcrowded conditions at the Franklin and Angier Schools. Attention was also called to the fact that no site has been definitely chosen for the proposed school at Oak Hill. One site which has been offered by owners of large tracts of land in that section would be given provided the city made extensive improvements in connection with the gift. These improvements would include the laying out and construction of a street and the building of a playground. Draining of the area would also be necessary, and the cost of these improvements to the city would be a large sum. As a result of Guzzi's objection the Aldermen, in voting to appropriate \$2000 for preliminary plans for the public buildings to be erected with the aid of PWA grants, it was decided that the Oak Hill school plans would not be included at the present. The preliminary plans will include those for the addition to the Angier School and a large garage for the Street Department at the Crafts street yard.

The Franklin School at River street, West Newton has been the most difficult school building in the city to heat. About 300 pupils attend it and it has long been overcrowded, necessitating the sending of 5th grade pupils to the Davis School on Waltham street, and 6th grade pupils across Washington street to the Pierce School on Chestnut street. It has been proposed that the new school to replace the Franklin School be erected near Cherry street. This would provide for the many children in the neighborhood near the Waltham line, and would have a school within ¼ of a mile of the hundreds of children in that part of the city. Four hundred children would attend this Eliot School, attended by about 150 pupils, and the Lincoln School attended by 50, have long been in conditions that would not be put up with in other sections of the city. Promises have been made by School Committees for the past 10 years that these two schools would be replaced.

The projects recommended by the Mayor under PWA grants are estimated to cost about \$475,000. Of this sum it has been estimated that the

Oak Hill School would cost about \$150,000; the Angier School addition, \$50,000; the Street Department garage, \$50,000; and resurfacing of streets, \$200,000. The street resurfacing project has been deferred for the present.

It was voted to hold a public hearing at the next meeting of the Board of Aldermen on July 15th on the question of the Oak Hill school.

Special Musical Opportunities For School Children

American Institute Opens July 10th in Auburndale

Through the co-operation of the Board of Education of Newton and Superintendent of Schools Julius Warren the Williams School in Auburndale will be opened for music classes for a selected group of school children in connection with the summer session of The American Institute of Normal Methods. The fifty-second session of The Institute will be held from July 10th through the 31st, and as usual at Lasell Junior College. Approximately twenty-five boys and girls for each grade from the first through the sixth, and about forty from the junior high school grades have been chosen for this special opportunity in music because of their superior ability and interest. Classes directed by members of The American Institute faculty will be held in the mornings daily, except Saturday, from July 15th through the 26th.

Mrs. N. W. Shaw, director of music of Brockton, will serve as principal of the Williams School, and will supervise the vocal instruction throughout the grades. Miss Margaret Lowry, formerly Educational Advisor for the Kansas City Symphony Orchestra Association, will present in music appreciation. Stella Marek Cushing, of New York, authority on folk festivals, will present the folk dancing program with the assistance of Miss Sally Root, also of New York. Piano instruction will be given by Mrs. Alma Holton Rich, director of music in Melrose and well known throughout the Newtons; and the orchestra and instrumental instruction will be under the direction of Mr. C. Paul Herfurth of East Orange, New Jersey, and Mr. Horace Butterworth of Washington, D. C. Members of the Newton Music Department have been invited to visit and participate in the instruction and will do so to the extent that their vacation schedules permit.

A new feature of the Institute session is the addition of a Junior Division. Boys and girls of high school age who either play orchestral instruments or are voice students are eligible to a special course of study. Francis Findlay, head of the Department of Public School Music of the New England Conservatory of Music, is dean of the Junior Division. In addition to courses in rudiments of music, orchestra and ensemble practice, music appreciation, and chorus, private instruction on instruments will be available by instructors who are members of the Boston Symphony Orchestra. The recreation facilities under competent supervision make it possible to combine vacation opportunities with concentrated study for three weeks under ideal conditions. Many young people who have attended summer camps and desire the preliminary training to taking up school music as a profession are registering from the New England states.

On Saturday, July 27th, a Music Supervisors' Symposium, to which leading educators from various eastern and midwestern cities are invited, will be addressed by Dr. James L. Mursell, Associate Professor of Education, Teachers College, Columbia University, and well-known author of "The Psychology of School Music Teaching" and "Human Values in Music Education." Visitors will observe the work of the demonstration school, and a special program by the Junior Division will culminate in a folk festival. Mr. Osbourne McConathy, nationally known music educator, is dean of The American Institute and will direct the work of the faculty of fourteen specialists in their respective fields. The advance registration promises an attendance of over one hundred students in the junior and senior divisions. The concluding festival program of chorus, orchestra, soloists, and a cappella singing will take place on Monday evening, July 29th, at the Levi F. Warren Junior High School, Washington st., West Newton. As in former years, the public is cordially invited to attend this annual summer music festival which has now become an important music event of each season.

Commencement will be held at Bragdon Hall, Lasell Junior College, Tuesday evening, July 30th. The principal speaker will be John Tasker Howard, author of "Our American Music," "Stephen Collins Foster, the American Troubadour," and the biographer of Ethelbert Nevin, whose life is about to appear from the press.

THE CHARM OF FINLAND

The great charm of Finland for the visitor from abroad lies in a certain subtle effect of the country and climate on his whole being; he feels himself younger, as though he had suddenly been transported back to a long-forgotten care-free condition of mind and ease of body that were his in childhood.

Partly, this rejuvenating influence of Finnish nature on the visitor may be due to the tonic effect of the air, so exquisitely pure and clear that every detail of a landscape stands out until diminished by distance alone into invisibility, partly to the fresh quality of northern nature.

In this part of the world the summer has to crowd the work of six months into four, and, as the sun acts like magic on the soil, calling forth a teeming wealth of plant life, one can imagine that it would bestow something of the same vitality on human beings.

Rotary Club

The meeting of Monday, July 1, marked the close of the administration of President Bruce and the installation of President Melcher, who will carry on for 1935-1936.

The first part of the meeting was given over to reports for the year by the various committee chairmen. The items of most general interest were: (1) the statement of Wilbur Thompson, of the International Relations Committee that he had sent out some 200 letters to clubs in Rotary International and had received about 125 from similar sources, thereby keeping the Newton club in close touch with the International organization; (2) the report of Paul Ellicker's Boys' Work Committee on the various scholarships and loans that are helping Newton boys with their higher education; and (3) Earl Johnson's details regarding the activities of the Good Cheer Committee at the Peabody Home Christmas and in support of other work for youngsters who are short on some of the privileges of life. These and the other reports demonstrated that the interests of the members extend far beyond the weekly gatherings around the luncheon table.

After the reports President Bruce was presented with the Past President's badge and accorded a hearty vote of appreciation for the services he has rendered the club the past year. Henry Porter, District Governor for the 31st District and fresh from the Rotary International Convention at Mexico City, installed James Melcher as President for the new year. He brought us brief glimpses of the Convention including the fact that with the authorization in the convention of the 80th District, Rotary International is now represented in practically every country with the exception of Russia and Turkey.

In accepting the badge and gavel from Mr. Porter, Melcher spoke briefly of the aims for the year ahead and named the committee chairmen who will assist him in attaining them.

CHRISTIAN SCIENCE CHURCH

"God" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, July 7.

The Golden Text is: "There is none holy as the Lord: for there is none beside thee: neither is there any rock like our God" (1 Samuel 2:2).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "And one of the scribes came, and having heard them reasoning together, and perceiving that he had answered them well, asked him, Which is the first commandment of all? And Jesus answered him, The first of all the commandments is, Hear, O Israel: The Lord our God is one Lord: and thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy mind, and with all thy strength: this is the first commandment" (Mark 12:28-30).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Dost thou 'love the Lord thy God with all thy heart, and with all thy soul, and with all thy mind?' This command includes much, even the surrender of all merely material sensation, affection, and worship. This is the El Dorado of Christianity. It involves the Science of Life, and recognizes only the divine control of Spirit, in which Soul is our master, and material sense and human will have no place" (p. 9).

Red Cross Conducts Swimming Lessons

Classes in swimming and life saving, conducted by the Newton Chapter American Red Cross at Crystal Lake opened for the season Monday, July 1st. The instructor in charge, Mr. Arthur Hovgaard, has just returned with the most up-to-date methods from the National Aquatic School at South Hants, Mass., where the leading Red Cross examiners and specialists have been instructing. He will be at Crystal Lake daily and his schedule is as follows:

9:00-9:30—Beginners and Swimmers Tests.
9:30-10:00—Non Swimmers.
10:00-10:45—Beginners and Swimmers' Tests.
10:45-12:00—Junior and Senior Life Saving.
2:00-2:30—Diving.
2:30-3:00—Beginners and Swimmers' Tests.
3:00-3:30—Stunts.
3:30-4:00—Strokes.
4:00-5:00—Junior and Senior Life Saving.

A new feature this year is the matter of evening classes Monday and Friday evenings, 7:30-8:30 where adults may learn to swim; and on Wednesday evenings at the same time attend class to improve their swimming. Of course this matter of special instruction is entirely without expense to any who may avail themselves of it. Season cards for the Bath House may be obtained through the Playground Dept. at City Hall, 25 cents for the season to Newton citizens.

CHURCH WHEREIN BERENGARIA WAS MARRIED STILL STANDS

The little church wherein Berengaria was married to King Richard at Limasol in the island of Crete, nearly eight centuries ago, still stands and continues in use.

A Movie Actress' Most Cherished Possession?

A RECENT N. Y. World-Telegram article described the most cherished possession of Hollywood stars. Some were practical. Some—sentimental.

One of our loveliest screen actresses, perhaps, had the best.

When asked about hers, she merely opened her purse, flipped out a black object and said, "Here it is."

It was her bankbook. How about yours? \$1 starts you saving systematically, too!

AUTO ACCIDENTS

Cars driven by Marie McGillivray of Atwood st., Wellesley, and Edith Gardella, of Haverhill, collided at the wide open intersection of Beacon and Walnut sts., Newton Centre, at 1 p. m. Saturday. The McGillivray woman stated she had received an injury to her back and the occupants of the Gardella car also claimed they received injuries.

Richard Ramsden, 3, of 33 Cook st., Nonantum, was slightly injured Sunday morning by a car driven by Nicolo Palmieri of 304 Watertown st. Palmieri, who took the child to the Newton Hospital, reported that the boy ran in to the side of the car.

Tuesday night at 10:45 there was a triple collision of automobiles on the Washington street roadway near Centre avenue. The cars were operated by Sheldon Wicker of 373 Broadway, Cambridge; Antonio Juarez of 11 Avon place, Newton, and Charles P. Cuniff of 33 Parsons street, West Newton. Mrs. McFarland of 16 Mount Auburn street, Cambridge, riding with Wicker, received a cut on her head.

Practical Use of Mirage

Is Found by Engineers

The mirage, which is often classed as a hallucination of heat-affected wanderers of the desert, has a practical use among the engineers, says Pathfinder Magazine. The principle behind this strange phenomenon is simple and well known. Refraction of light is responsible for the whole thing. When looking toward a distant point the line of sight always arches instead of following a straight line, due to the bending of the light rays. Therefore, when looking at a distant hill you are able to see a certain portion which is on the other side of the rise. Under certain atmospheric conditions the refraction is much greater than usual and so the arch of the line of sight is greatly increased. Such conditions bring objects into view which are ordinarily far below the horizon line. These mirages are not uncommon in the West. In some cases the refraction is so great that the object viewed seems to be suspended above the visible horizon. This explains the mirage of desert-fame. Engineers put the principle to work when it is necessary for them to take readings between two points not ordinarily connected by the line of sight. Since refraction is greatest at night the distant point to be sighted is equipped with a strong light. After some waiting the engineer is rewarded with the desired reading.

Chinese Dinner Service

for Eight Has 150 Pieces

An addition to the Chinese ethnological exhibits at Field Museum of Natural History, of Chicago, consists of a complete dinner set for eight persons, which includes 150 pieces. The exhibit shows all the utensils used by the Chinese in taking their meals at home or giving a formal dinner party. Each person is provided with a teacup, a rice bowl, a soup bowl, and a small dish of condiments. The heavy courses are served in various large bowls, four or five of which are placed on the table at a time, from which each guest helps himself with his chopsticks. "It is a noteworthy fact that most nations of Asia still eat with their fingers, and the Chinese were the first who introduced good table manners by the invention and use of chopsticks," says Dr. Berthold Laufer, curator of anthropology.

A wide variety of chopsticks is displayed, made of materials such as ivory, bone, bamboo, wood, plain or lacquered, horn and silver. Scabbards to hold these, and knives, used by travelers, are also exhibited. A special silver pair of chopsticks, connected by a chain, are symbolic, being used by a bride and groom on their wedding day.

Life From Lightning

Man's affinity with the lightning flash goes vastly deeper than the fear of death; from that same brilliant streak of electricity across the sky we derive an invaluable source of life, says a writer in Tit-Bits Magazine. Lightning, science shows, unifies the oxygen and nitrogen elements in the air into a chemical compound, and so "fixes" them for the consumption of animals and plants. The free nitrogen of the atmosphere cannot, without first entering into union with the oxygen, provide the vital nitrogenous food of living things. Lightning is not alone in performing this service. The soil is full of nitrifying bacteria, which also "fix" the nitrogen of the air. But without its assistance, the number of lightning flashes spread over the two hemispheres being estimated at 300,000 an hour, life on this earth would be drastically curtailed, if not brought to a complete standstill.

The Largest Nation

The British empire, although it includes possessions on every continent and contains one-sixth of all the human beings assembled on our planet, does not enjoy the distinction of being the largest nation, at all times, writes G. R. Turner in the Kansas City Times. The honor belongs to the Mongol empire of the Genghis Khan, the diminutive slant-eyed Mongolian who conquered and ruled more than one-third of the earth's population. At the zenith of his power, during the Thirteenth century, his empire stretched from the Yellow sea to the Baltic. Only an epidemic among the ponies of his Tartar horsemen prevented his conquering and taming of all Europe in the same manner as did his yellow hordes that poured in upon Russia.

Origin of Croquet

Croquet, which was one of the most popular of games as early as 75 years ago and which is still played in many sections of the country, has its origin in an old French pastime called "paille maille." It originated in southern France in the Thirteenth century and was introduced into England. During the reign of the Stuarts paille maille became very popular. Later the game was modernized in France into croquet as known for the past three quarters of a century. England quickly took up the revised game and shortly after that it became a popular pastime in America.

"Straining at Gnats"

This expression is to be found in the Bible, 23d chapter of Matthew, from the 23d and 24th verses. The expression is in common use, indicating a tendency to examine critically small details, but to overlook or pass casually by major offenses.—Literary Digest.

TRUE TO TYPE

"Well, my dear," said Jones impatiently, "I'm just off. Do you want me to back any particular horse at the races?"

"Yes," she said eagerly, "put a shilling on the nice-looking horse we saw in the paper this morning. He looked such an aristocrat."

That evening when Jones returned she was waiting for him on the doorstep.

"Did it win?" she asked.

Jones grimaced.

"My dear Helen," he returned, "he was, as you said, an aristocrat, but, like many others, he was the last of the race."

SUMMER VERSE

Though I'm large,
I'm quite attractive
So the gallant men affirm;

But I wonder
Are they truthful
Or is gallant just a term?

Too Considerate

"I suppose," she said, "you'll want me to give up my job when we're married?"

"How much do you earn, dear?" he asked.

"Five pounds a week," she modestly replied.

He placed his hands tenderly on her shoulders.

"My dear girl," he said, "that's not a job—it's a career. I couldn't be so selfish as to interfere with your career."—Answers Magazine.

Not Under NRA

A small boy went into a drug store and said: "Gimme a nickel's worth of assafetida."

The druggist wrapped it up and gave it to the boy, who said: "Charge it."

"What name?" asked the druggist.

"Hezekiah Honeyfunkle," the boy answered.

"Take it for nothing," retorted the druggist. "I wouldn't write 'assafetida' and 'Hezekiah Honeyfunkle' for a nickel."—Pathfinder Magazine.

Never Idle, That's Him

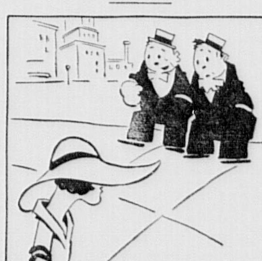

The train, as usual, was crawling along at a snail's pace, and then stopped dead. "Conductor," shouted a passenger, "can I get out and pick some flowers?"

"I'm afraid you won't find many flowers around here," said the conductor good-naturedly.

"Oh, there's plenty of time," responded the jovial passenger. "I brought a package of seeds along."

Pathfinder Magazine.

MUSHY DIET

"Why is the summer girl more mushy than the winter variety?"

"It must be due to over indulgence in soft drinks."

Very Handy Invention

A peasant bought a barometer and a fortnight later the instrument maker from whom he bought it passed the door.

Instrument Maker—Well, are you satisfied with the barometer?

Peasant—Rather! I have had it a fortnight, and we have had fine weather all the time.—Pearson's Weekly.

Ready Reference

"What I want," said Senator Sargh, "is to get my own financial affairs straightened out along with those of the nation."

"I don't believe my scientific calculations are sufficiently advanced to help, though," said the friend with the pale, thoughtful face. "But I can recommend you to a good lobbyist."

Just Like an Eel

Cop—Why didn't you stop when I yelled back there?

Driver (great presence of mind)—I thought you said, "Hello Senator."

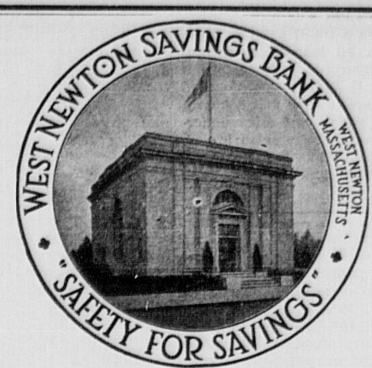

Cop—Well, you see, Senator, I was going to warn you about going too fast in the next town.—Pathfinder Magazine.

Poor Papa!

George—Papa, will you please buy me a drum, like all the other boys have?

Father—No, you would make too much noise. There would be no living in the house with you.

George—But, papa, I promise, really and truly, I will only beat it when you are asleep.

REAL ESTATE NEWS

Doris Carley reports the sale of the S. Warren Davis estate at 21 Elm st., West Newton, to Florence M. Budlong. The property consists of a little old-fashioned mansard roofed dwelling with 19,750 square feet of attractively landscaped grounds. The owner is planning to occupy and is undertaking extensive improvements. The following leases have also been recently negotiated: Property 24 Wyoming rd., Newtonville, leased for Antoinette Vuilleumier to K. J. LaFlamme; suite No. 1 Croydon Apartments, 457 Centre st., Newton, leased for the Huntington Trust to Mrs. Olin D. Dickerman.

REAL ESTATE

John T. Burns & Sons, Inc. report that final papers have been passed conveying the brick and frame home located at 20 Morse road, Newtonville, from the Bridgewater Savings Bank to George C. Scott. The property comprises a nine room home with three baths, sun parlor, screened porch, and together with a two car garage and 12,500 square feet of land, is assessed for \$17,300. Mr. Scott purchases for a home and will occupy at once.

Burns & Sons have also sold for the Auburndale Co-operative Bank to Bertha S. Ballou the 2-family frame house located at 7-9 Grant street. With the house, which contains eleven rooms and two baths, there is a two car garage and 8,000 square feet of land, and the total assessed value is \$8,150.

Burns agency also reports continuing activity in their rental department. They have rented to Mrs. Amelia Jones the single eight room home located at 22 Arden road, Newtonville. At 34 Athelstone road they have rented the lower apartment to Bryce Prindle of Brookline. In the Chestnut Hill district they have rented the brick duplex eight room home located at 62 Manet road to Thomas R. Temple. In Auburndale they have rented to Joseph Appelt the single seven room home located at 158 Auburn street.

Oak Acres, just off Parker st., in Newton Centre, is located half way between the Boylston Street Boulevard and Oak Hill Village.

The street was laid out recently and the following houses have been sold: John T. Burns & Sons have sold Lot 17 to Annie and James E. Keary of Brookline. The lot was improved with a 7-room 2-bath house.

Mrs. Mary White of Newton Centre has taken title to Lot 3, improved with an attractive bungalow-type home.

Part of Lot 18 and part of Lot 19 were recently improved with a brick front Colonial house and sold by George Standish to Mr. and Mrs. Frank Early.

Lot 12, containing a home in process of construction, has just been sold by John Franklin, and will be completed for Mr. and Mrs. Victor Wailly.

George Standish has sold Lot 14 to Philip Bean of New Hampshire. Mr. Bean is improving with a 6-room Garrison type Colonial house.

Other lots have recently been sold. One of the houses is under agreement to a prominent college professor.

REAL ESTATE SALES

Miss LaCroix is returning for her second season at Woodland and will act as a senior leader of some of the younger girls. She will also be in charge of handicraft and music at Woodland.

Bedroom Burglar Takes \$50 From Pants Pocket

A burglar who realizes that many married men leave money in their pants pockets, and that some married men are trustful enough of their wives not to remove the money from the pants when they go to bed, made another haul at Nonantum early last Friday morning when he entered the residence of Antonio Esposito at 189 Adams st. Nonantum, invaded the chamber where Esposito and his wife were asleep and stole \$96 in cash and an ERA check for \$12 from a pocket in Esposito's pants, which were on a chair in the bedroom. The thief broke into the house by forcing a rear door with a crowbar. It was the third time in the past eight months that Esposito had been the victim of a burglar. On the two previous times the thief entered a restaurant conducted by Esposito in the same building and rifled the cash register; once of \$12 and the other time of \$18.

The police believe the burglar is the same person who several months ago entered another house in the neighborhood, seized a pair of pants with \$50 in one of its pockets, and made his escape when the owner of the pants was awakened.

Newton Man Killed In Auto Accident At Hingham

John T. Farrell, 37, of 263 Washington st., Newton, was fatally injured shortly after midnight on June 30, when the sport coupe he was driving overturned while rounding a curve at Hingham. Farrell was pinned under the automobile and received a fractured skull and other injuries. He had taken a few minutes after the accident to call for help. Farrell was born in Leintrim, Ireland, the son of the late John and Margaret (Byrne) Farrell. He came to Newton with his parents when a small child. He had conducted a sign painting business at Newton. During the war he served with the 25th Depot Brigade Company and he was a member of the Newton Post, American Legion. His funeral service was held on Tuesday morning at Our Lady's Church, Burial was in Calvary Cemetery, Waltham. A delegation from Newton Post, A. L., accompanied military honors. He is survived by one sister, Mrs. Mary Williams of Hingham.

Newton Highlands

—Mary C. O'Brien of Cushing st. is visiting at Greenfield.

—The Singleton family of Erie ave. are spending their vacation at Blue Hill, Maine.

—For values in apartments or homes, see John T. Burns & Sons, Inc., ad on page 7.—Adv.

—Mr. and Mrs. Chester Tudbury are enjoying a summer outing at their cottage at Rockport, Mass.

—Mrs. Edwin Birtwell and three sons are spending the summer at Portsmouth, Rhode Island.

"THE SPECTRE CHARIOT OF RHOSILI"

There is a story of a Spanish Galleon carrying gold which is said to have been buried during a fearful storm in a bay called Rhosili, in the south of Wales. It was supposed to have been carrying the dowry of a Spanish Princess. This tale was not a myth, for gold doubloons and moirdores have been recovered from the sand by industrious diggers. The disaster took place about 200 years ago. The greater part of the money was found by a man named Mansel, whose right to it was disputed by the Lord of the Manor, but Mansel managed to escape from the country with a great portion. The legend of the "Spectre Chariot of Rhosili" arose from this event. Tradition has it that Mansel is condemned to search eternally for the rest of the wealth which he wrongfully seized; driving back and forth over the sands in a chariot drawn by four grey horses.

BARCELONA AN OLD PORT

Barcelona is modern in appearance, although the port dates to the second century and ranked with Genoa and Venice in Mediterranean trade during the Middle Ages.

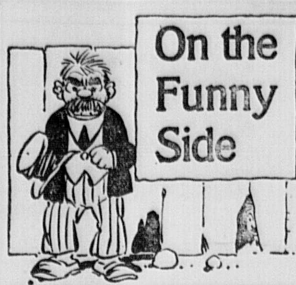

The spacious harbor into which the Phoenicians sailed in quest of new peoples with whom to trade, and which Columbus triumphantly entered after his return from America, now is pierced by long, modern wharves, each accommodating several large, ocean-going vessels at a time.

The old quay, now well paved, is lined on its inner side with modern buildings and a promenade flanked by two rows of palm trees occupies its center.

The old part of the city, once surrounded by a wall, still has some of its canyon-like streets, many so narrow that the wheels of carts nearly scrape both curbs as they pass, and balconied windows of bordering buildings nearly meet.

ORIGIN OF "LORD MAYOR"

It is said that the title "Lord Mayor" arose from the expression "domino maiore," literally Sir Mayor. It had its origin during the reign of Edward III, in the 14th century.

PLENTY OF ADVICE

"And who was Solomon?" asked the school teacher.

"An ancient king," said little Freddie.

"And did he have many wives?" she continued.

"Yes, a hundred," replied Johnny.

"And why was Solomon the wisest man in the world?" she went on.

"Because he had so many wives to advise him," said Tommy.—Answers Magazine.

His Reward

Little Freddie came from school wearing a puzzled frown.

"Grandpa," he said, "when did you become grandpa?"

"When you were born, sonny," said the old fellow.

"And if I had not been born, would you never have been a grandpa?" asked the boy.

"I don't suppose so," grandpa replied.

"Then what are you going to give me for it?"

NO CHANGE

"Do you get a vacation this year?"

"Yes."

"What do you intend to do with it?"

"Turn it over to my wife, as usual."

Unlucky

"Above all," the doctor urged, "you must eat more fruit, and particularly the skin of fruit. The skin contains all the vitamins and the virtues. What, by the way, is your favorite fruit?"

The patient looked gloomy. "Coco-nuts!" he said.

Courtesy

"Yes, my dear, the woman called yesterday and I said to her, 'You're nothing but a stupid, mean-faced, stuck-up swindler, madam,' I said, 'Get out.'"

"You called her madam?"

"Oh, well, politeness costs nothing."

Encouraging

First Nurse—How is that Philadelphia chap doing who was in the motor accident?

Second Nurse—Very well, indeed; he keeps getting more unconscious all the time and will soon be himself again!

Some Change

Mr. Neverwed—Does your wife treat you the same as she did before you were married?

Mr. Peck—Not exactly. Before we were married when I displeased her she refused to speak to me.

Tough

Diner—What's this leathery stuff?

Waiter—That is fillet of sole, sir.

Diner—Well, take it back to the kitchen and see if you can't find me a nice piece of upper with the buttons off.

Run No Risk

Daughter—Shall we invite Doctor Bigbee to our reception?

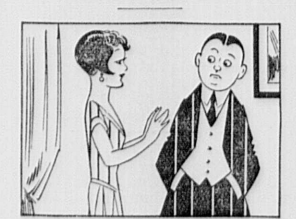

Mother—I think we'd better not. He's so absent-minded he might charge it in his bill.

Broke

Franklin—So you broke your engagement to Evelyn. Why was that?

Jefferson—Well, I was only doing to the engagement what the engagement did to me.

GOING PLACES

"Do you really think I married you for your money?"

"Well, the way the money has been going it looks suspicious."

Two Reasons

"You want me to raise your salary, eh?" said the employer.

"Give me at least two good reasons."

The clerk gazed wearily at his boss and murmured, "Twins!"

Much Needed

Mrs. Nextdoor—My daughter has arranged a little piece for the piano.

Old Grump—Good! It's about time we had a little peace.

About Town

By Edward H. Powers

The old axiom—"A squeaking wheel gets the grease," was shown to be true at the meeting of the Board of Aldermen on Monday night, when the recommendation came from the Mayor, with the approval of the School Committee, that the erection of a new school at Oak Hill take preference over new school buildings to replace the Franklin School at West Newton, the Eliot School at Nonantum, and the Lincoln School at Newton Corner. The School Committee had repeatedly asserted that new buildings to replace the old Franklin, Eliot and Lincoln Schools are more urgently needed than a school at Oak Hill, and should be erected first. Residents of Oak Hill, a newly developed residential district in an erstwhile farming section of the city, persistently urged the School Committee for consideration. Residents of the districts served by the Franklin, Eliot and Lincoln Schools, thickly settled sections, and among the oldest parts of the city were not so insistent. So, the needs of the many are temporarily sidetracked for the needs of the few. Alderman Guzzi deserves credit for fighting for the rights of his constituents. The three Aldermen from Ward 1 should have emulated him.

We don't blame the Oak Hill people for wanting a new school. We hope they get one within the near future. But it is not giving the children of West Newton, Nonantum and Newton Corner a square deal to again postpone the erection of new school buildings to replace the antiquated structures known as the Franklin, Eliot and Lincoln Schools. Even though these schools serve working class sections, it should be remembered that the city has been receiving taxes from these sections for many, many years, that the parents of school children in these districts have been very patient, not importunate, and should not be discriminated against as a result. The action of the School Committee reminds us of the turn about of the Board of Aldermen a few years ago regarding the change of route for the Hammond Pond Parkway.

In the BOSTON HERALD on Sunday Thomas Mullins in his political campaign has some paragraphs regarding the candidacy of Ex-Mayor Edwin O. Childs for election again as Mayor of Newton. He referred to the contention that if Mr. Childs were elected again by a good majority he might be the answer to the Republican party's prayer for a candidate for Governor at the next State election who could overcome the Democratic control of Massachusetts. Undoubtedly, this suggestion has been read with lack of enthusiasm and even derision by some of Newton Republicans who have not been friendly in a political way to the former Mayor. But, to those of us who are in touch with all classes of citizens and who know the trend of the times, a candidate of Childs' type is quite necessary if the Republicans are to again be victorious in this Commonwealth. He is a man who during all his career has mingled with and lived among the common people; the folks who have the large majority of the votes in their possession. He understands them and their troubles and the working classes can quickly differentiate between the candidate for public office who moves ordinarily in another stratum of society, but who endeavors to show before an election how solicitous he is, for the interests of the masses, and the candidate who during twelve months of the year lives among the proletariat.

Childs has widespread popularity throughout Massachusetts because of his prominence in certain large fraternal orders, although in conformity with the rules of these orders he has never attempted to use them for political purposes; which cannot be said of many candidates for political offices. He also has a big following among church members of all creeds, and among the "drys" who know of his life-long habit of temperance. His availability as a Republican candidate for Governor is worth considering.

THE SHAKESPEARE COUNTRY

To reach the country where Shakespeare dwell requires a railroad journey from London to Leamington, which is at a celebrated health resort about 100 miles to the northwest.

When the train deposits you at Leamington, it lands you in the heart of a matchless territory. Stratford is a short drive. Warwick Castle is a stone's throw away. The stately ruins of Kenilworth are at hand. Rugby is a neighboring town. Just north is the great industrial city of Birmingham. And close by is Banbury, where, if you are interested, there is the slim chance of seeing a fine lady ride on a white horse.

BERMUDIAN PORT LOOKS LIKE A SPANISH TOWN

The reason St. Georges, Bermuda, looks so much like a Spanish town is because when the site was cleared of cedars, men built their white-stone homes irregularly over the open spaces, heedless of the inevitable advent of vehicles, and so the town is a maze of narrow streets and crooked alleys bordered by walled gardens. Some of these streets still bear the original names, such as Old Maids' Lane, Shinhone Alley, Feathered Alley and Breakneck Alley.

NO ALIEN CHILDREN BORN IN GIBRALTAR

One of the unusual regulations of the colony of Gibraltar is that no alien children shall be born there. Parents who break these rules are heavily fined. The idea is to discourage the influx of those who wish their children to be born on British soil and so escape some of the duties of citizenship in another country.

—C. L. Williams of Centre st. left this week for a few weeks' vacation at Quincy.

—Abbie E. Andrews of Oak ter. has gone to Woodfords, Maine, for a few weeks.

—H. J. Erath and family of Boylston rd. are at Chatham, Mass., for a few weeks.

—Mr. and Mrs. Robert Kent of Rockledge rd. are at Marshfield, Mass., for two weeks.

—Miss Virginia Thomas of Allerton rd. has been the guest of the Rockwood family at Gray, Maine.

—Miss Harriet W. Ryder of Hartford st. is at her home at Yarmouth, Cape Cod, for the summer.

—Miss Mabel A. Sampson, teacher in the Hyde School, has gone to Bridgewater for the summer.

—Mr. and Mrs. Ben Roberts of Forest st. are enjoying a summer vacation at their home in Vermont.

—Mr. Richard Hagood and his brother David are recovering from their recent automobile accident.

—Miss Katherine Martin of Hyde st. has been assigned to the Weeks playground for the summer months.

—Prof. E. L. Perry of Williams-town, who has been visiting here with relatives, left Tuesday for Dennisport.

—Miss Janet North of Walnut st. was one of the bridesmaids at the Rust-Ellsworth wedding on Saturday last.

—Mrs. Everett L. Bunker and her family left last week for Ogunquit, Maine, where they will spend the summer.

—Miss Ryder, who for many years has been a teacher at the Hyde School, and who recently retired has left for her home on the Cape.

—Mr. and Mrs. Mariotti of Harrison st. are at Lake Placid, New York, where Mr. Mariotti is a member of an orchestra of one of the summer hotels.

—Miss Elizabeth Johnson of Harrison st. left on Tuesday last for Dennisport, Mass., where she will be the guest of friends at their summer home.

—Mrs. Edward Ruby and her family will motor to Tennessee in the near future, where they will be the guests of Mr. and Mrs. Disler (Constance Ruby).

—Anson Piper of Bowdoin st. has returned to Camp Wyandok, Wolfeboro, N. H., for the summer months, assuming his new duties as Junior Counsellor there.

—Miss Ruth W. Norton of Canterbury rd. is taking a course in typewriting and shorthand at the Bryant & Stratton Summer School which began this week. Miss Norton was graduated in June from Wheaton College.

—Mr. James F. Cooper and daughter Miss Marion Stratton and son Frank Stratton, Jr. are at their summer home, East Falmouth. Mr. and Mrs. Cooper are having a family reunion entertaining fourteen of their relatives over the Fourth of July week-end.

Kiwanians Hear Talk on Selling

Ray Moore, a former Past President of the Detroit Kiwanis Club, gave a very interesting talk at the noon day luncheon of the Newton Kiwanis Club Tuesday on the value of Sound Pictures in connection with sales talks in demonstrating the article you have for sale. He stated that this end of the industry has grown by leaps and bounds and bids fair in the near future to be the leading means of acquainting the buying public with your product.

The Newton Kiwanis Club is to have a special demonstration of these talkie sales men at a later date. Ray also told the Newton Kiwanis Club of his experiences in being a Kiwanian for the past sixteen years and of the many fine things that are being done for the underprivileged children by the various Kiwanis throughout the United States. He said that in all his travels, and they have been wide and varied, he had never visited a Kiwanis Club that did not show the fullest spirit of cooperation in all civic affairs of the community.

President Rupe Thompson of the Newton Kiwanis Club introduced Tom Wall, a member of the Allston Brighton Club, who is the newly appointed manager of the Paramount Theatre at Newton Corner and is to fill the position recently vacated by the late beloved Jack Snyder. Tom received a rousing welcome. President Rupe dwelt briefly on the many virtues of the late Jack Snyder.

There were many members of the Wellesley Club as visitors and they made themselves much in evidence in demonstrating just how the Kiwanis Clubs should sing songs, as they are sung in Wellesley.

Archie Bellinger, the recently appointed song leader, is in no small measure responsible for the interest manifested in these weekly meetings held at the Charles River Country Club every Tuesday.

A special program has been arranged for the coming Tuesday, speaker to be announced later.

Battle Royal at West Newton

The outstanding excitement of the night before the 4th in Newton was a wholesale scrap at West Newton which resulted in the arrest of seven young colored residents of West Newton and two white men. It is alleged that the fight started when Francis Holmes of 1 Prospect street, West Newton, colored and 18 years old, accused a young man of throwing a fire cracker close to him. Holmes was arrested for disturbing the peace. Other young colored men arrested on the same charge were: Walter Holmes, 39 Hicks street; Eliot Bradley, 19 Prospect street; John Turner, 13 Prospect place.

George Johnson, Jr. of 85 Auburn street, was arrested for drunkenness and profanity. Later, John Kendrick of 125 Hicks street was arrested for being drunk and disorderly, and his wife, Ernestine Kendrick, for creating a disturbance. The white men arrested after the fight were George Guzzi of 11 Randlett park and Joseph Salvia of 7 Aburndale avenue. They were charged with loitering, Frank Voner and John Ahern were treated at police headquarters for injuries received in the fight. Voner had scalp wounds and Ahern a cut lip.

Cars Collide At Newton Centre

Automobiles driven by Helen Howe of 237 Ash street, Waltham and Mary Traccone of Walnut Hill road, Newton Highlands collided on Monday morning at Homer street, near Charlotte road, Newton Centre. According to reports made to the police the car driven by the Howe woman hit the other car while it was parked on Homer street. Mrs. Traccone was reported as having received injuries to her back and legs.

Participants In West Newton Riot Are Fined

Several young colored residents of West Newton were fined in the Newton court last Friday for participating in a fracas at that village on the night before July 4th. Francis Holmes, 18, of 1 Prospect st., who stated that the fight started when he remonstrated because a young white man allegedly threw a firecracker toward him, was fined \$20 for disturbing the peace. He appealed. Walter Holmes, 23, of 139 Hicks st., was also fined \$20 for disturbing the peace. He appealed. Eliot Bradley, 22, of 10 Prospect st., was fined \$10 for disturbing the peace. George Johnson, Jr., of 55 Auburn st., was fined \$10 for drunkenness and profanity. George Turner of 13 Prospect st., charged with disturbing the peace, had his case placed on file. Two young white men, George Guzzi of 11 Randlett park, and Joseph Salvia of 7 Auburndale ave., arrested for loitering after the fight, had their cases placed on file.

Another Crash On Turnpike

Cars driven by Paul Kerrihan of 195 South street, Waltham and Arthur Garland of Amherst road, Waban, collided at Boylston and Chestnut streets on Wednesday. Kerrihan reported that he was injured in the collision.

Newton Youths German Prisoners

Casimir Harris, 24, of 21 Duffield road, Auburndale and Nathaniel Groby, 21, of 24 Duffield road, Auburndale will "see Europe" for 30 days from the inside of a jail near Bremen, Germany, according to news dispatches from that country. Harris graduated from Harvard last year and Groby is a junior at Middlebury College. The pair with another young man left their homes about two weeks ago to make a hitch-hike tour of this country in the direction of Georgia. Apparently Harris and Groby changed their plans. They stayed away on the S. S. Europa on its last trip from New York to Bremen, were placed in custody by the officers of the boat, and sentenced to 30 days in jail when they arrived in Germany. They had little opportunity to see any of Europe, and probably their ocean views were also limited as stowaways are kept off the decks of a boat when discovered.

Aged Woman Dies Following Fall

Mrs. Julia Corbett, 79, died at the Newton Hospital on July 6 as a result of injuries received on June 18 when she fell down a flight of stairs at the Governor Andrew Home, Washington Park, Newtonville. She was a native of Chelsea and the widow of Seth Corbett. Her funeral service was held on Monday and burial was in Stoughton.

Kiwanians Hear Talk on Costs Of Government

At the regular weekly meeting of the Newton Kiwanis Club Tuesday noon at the Charles River Country Club, Mr. Robert H. Hopkins of the law firm of Barker, Davidson & Shattuck, addressed the club as a representative of the National Economy League.

Mr. Hopkins spoke of the tremendous governmental expenditures that are now being made, of the necessity of reducing them, and suggested ways in which citizens who are interested in bringing about such reduction can act. He pointed out that the total yearly tax collections are approximately nine and one-half billion dollars, whereas the expenditures are fifteen and one-half billion leaving six billion to be taken care of in some other way. He pointed out the inadequacy of the recently proposed "soak the rich" taxes as a means of overcoming this deficit, and said that according to available estimates if 100% of all the incomes from corporations and industrial units and all private incomes over \$5,000 were taken, there would still be three billion dollars of our present tax collections coming from those with incomes under \$5,000, or nine billion dollars coming from those people if we paid for the total governmental expenditures. As a means of helping his hearers to realize the size of a billion dollars, Mr. Hopkins showed that if one took a billion dollars at the beginning of the Christian era and spent \$1,000 of it every day up until the present time, there would be left today \$293,725,000.

Mr. Hopkins spoke of the great pressure being put upon congressmen and legislators by lobbies of all kinds. He suggested that the National Economy League has as its purpose the prevention of improper control of governmental agencies by such lobbies, and that it has already demonstrated its ability to cope with them. He urged his hearers to keep the matter of governmental expenditures and the need (Continued on Page 2)

Courses in Life Saving Start at Crystal Lake

The weekly toll of lives lost by drowning as published in our public press is a constant reminder of the importance of the work being done by the Red Cross through its life-saving experts.

The summer course at Crystal Lake commenced again this year on July 1st under the direction of Mr. Hovgaard, as the former director, Mr. Westgate was no longer available for this season. Mr. Hovgaard, prior to his taking up this work, in addition to his past years of aquatic experience, attended the school at South Haverhill conducted by the National Red Cross, and at which the latest and improved methods of swimming and life-saving instruction were advanced.

During the first week in July in the Beginners' Swimming Tests 67 were passed, 22 in the Swimmers Tests, instruction was given to 110 non-swimmers, and to 16 in life-saving work.

An additional feature this year by the instructor is the voluntary evening adult classes. On Mondays and Fridays there will be an opportunity for adults who are unable to swim to be given excellent instruction without expense, and on Wednesday evenings instruction for adults who are swimmers but would like to improve their swimming ability.

With the facilities available to citizens it is expected that an increasing number will take advantage of the opportunities afforded at Crystal Lake where the Red Cross in co-operation with our Playground Department is rendering a real service to the community.

Rotarians Hear Talk on Mexico By Delegate

A country of contrasts. So ex-President Bruce characterized Mexico in his report last Monday on the Rotary International Convention held in Mexico City June 16 to 21.

Out of the 3,841 clubs in Rotary International, 2,670 were represented in the registration of over five thousand Rotarians, Rotary-Anns, and Rotary children. Incidentally, the total number of Rotarians scattered among the eighty odd districts throughout the world is about 161,000.

Ex-President Bruce covered briefly the important actions of the Convention and then passed to an interpretation of Mexico and the Mexicans as he saw them in that short space of time. The chief business of general interest was the restatement of the six objects of Rotary into a new phrasing which includes all the former objects under four heads instead of six, and the election of officers.

The first paradox that one encounters in Mexico is in the very structure and appearance of the country itself: low-lying lands at sea level and the high plateau regions such as that upon which Mexico City itself is built. Furthermore, the whole country shows its volcanic character not alone in the extinct craters that appear all about but also in the tortured and twisted stratification that is apparent on hillsides and in every railway cut.

The architecture presents the same contrasts, ranging as it does from the adobe huts and dwellings scooped out of the cliff-sides to modern business structures in the cities and the Palace of Fine Arts, where the sessions of the Convention were held. This building is certainly one of the finest architectural gems in the entire world.

The people themselves are paradoxical: native Indian stock and lowly peons to highly educated and cultured persons who entertained the Rotarians with the greatest courtesy and hospitality and who manifested all the refinements and civilization that one would expect in any great European nation. The president of the country, who had just been through a cabinet crisis, seemed a thoroughly honest and sincere man.

And finally, Rotarians could not but be struck with the contrasts in the history of the country; the strong, well-developed but now entirely lost civilization of the ancient Mayas, the intervening period of decadence under Spanish rule, and the present struggles to a more firm and permanent existence under the Republic. With such a large proportion of native Indian and peon stock in its population, however, there were evidences of Communistic trends that would appear to threaten strongly.

A beautiful and a wonderful country (Continued on Page 2)

Fourth of July at Camp Frank A. Day

The Fourth of July was a busy day at Camp Frank A. Day, the popular Y. M. C. A. camp at East Brookfield, Mass. Many parents and friends of the one hundred and twenty-five campers visited the camp during the day and evening and witnessed the various special features in which the campers and counselors participated.

In the afternoon a gala water carnival was held with numerous floats, originated and arranged by the boys, passing in review before the boat-house. Swimming races, canoe races and other events completed the afternoon affair.

At the evening assembly after supper a pageant entitled "Twenty Years of Camp Day" was presented by the counselors and some of the campers. The season of 1935 being the 19th season of the camp the prologue depicted the choosing of the camp site in 1916 by Messrs. Charles D. Kepner and State Y Secretary James Ahearn. As the years went on the growth of the camp from 1916 under the direction of former physical director William MacPherson to the present day was interestingly and sometimes humorously displayed. Throughout the pageant various tableaux were introduced demonstrating a number of camp activities and traditions. Chief among these was an Indian tableau showing Chief Wampanoag and a tribe of braves seated around a campfire. Other outstanding tableaux were those depicting swimming, baseball and track. The pageant closed with the singing of the camp song, "On the Shores of Quacumquasset." The presentation was directed by Counselor Al Butt, in charge of dramatics.

Shortly before nine-thirty the campers, counselors and visitors walked through the pines to the baseball field where the annual display of fireworks was presented under Ray Anderson. A number of bombs, bursting shells, pinwheels and pieces comprised over a half hour's program which was greatly enjoyed. The day was then made complete for the boys with ice cream and cake served in the dining hall.

Find Missing Girl; Auburndale Youth Arrested

George Annal, 19, of 119 Rowe terrace, Auburndale, was arrested Sunday at a C. C. C. camp in Carver charged with contributing to the delinquency of Irene Souza, 14, of Water street, Plymouth. The girl was taken into custody by Sergeant Chisholm of the Metropolitan police at Forest Grove Beach, Waltham on Sunday.

She told the officer that on July 2nd she had accepted a ride in young Annal's car as he passed her home while on his way to Auburndale on a furlough from the C. C. C. camp in Carver. She said that when Annal arrived at his home, his parents were away and they remained at the Annal residence until he returned to the camp last Saturday. She stated that she spent last Saturday night at the home of a girl whom she met while with Annal. Sergeant Chisholm obtained a warrant for Annal's arrest on the charge of contributing to the girl's delinquency, went to Carver and arrested the youth. Annal was arraigned in the Newton court on Monday and his case was continued to July 15. The girl's parents came to the Riverside station of the Metropolitan police on Sunday evening and took her home.

Ignore Red Light And Pay Fines

Several autoists were in the Newton court on Wednesday charged with driving by the traffic signal at the intersection of Walnut and Watertown sts., Newtonville, when the red light was against them. Edward McKenna of 58 Bigelow st., Brighton, was fined \$5, and similar fines were imposed on Anthony Szollosy of Lexington st., East Boston, and James Robertson, Jr., of Lexington. William Hedlund of 34 Harding st., West Newton, also charged with ignoring the signal, had the charge placed on file but was fined \$10 for speeding.

Political Pot Starts Boiling In Auburndale

Several Announce Candidacies At Coming Election

Ward 4, which comprises Auburndale and Newton Lower Falls, and which has been the field for many spirited political contests in the past, will again provide a real fight at the election next December. Three well known residents of Auburndale have announced their candidacies for the Board of Aldermen and School Committee. George A. Bacon of 142 Woodland road, will be a candidate for Alderman-at-Large to succeed John H. Gordon who has been a member of the Board of Aldermen for 14 years and is now president of the Board. Ralph D. Weston of 25 Groveland street will be a candidate for Ward Alderman. Harold W. Knowlton of 32 Hancock street will be a candidate for the School Committee to succeed Walter R. Amesbury who will retire this year after six years of service.

Mr. Bacon was born in Marion, Massachusetts 57 years ago and moved to Auburndale when a boy. He graduated from the Phillips School, Boston in 1932 and then entered the employ of Dwinell, Wright Company, coffee merchants. Mr. Bacon has been a member of this firm for many years and is clerk of the corporation. He has been a resident of Auburndale for 30 years and has taken an active part in civic affairs in that village. He is a past president of the Auburndale Community Club and a director of the Auburndale Co-operative Bank.

Mr. Weston was born in Brockton 37 years ago, graduated from West Bridgewater High School, from Tufts College in 1920 and Boston University Law School in 1923. He has a law office in Boston. During the World War he enlisted in the Army service. He has been a resident of Auburndale for 10 years, is married and has three children. He is a member of the Auburndale Community Club and the Auburndale Congregational Church.

Harold W. Knowlton was born in Natick, 46 years ago, and came to Auburndale with his parents to reside when 5 years of age. He graduated from Newton High School in 1905, Harvard College in 1909 and Harvard Law School in 1912. His law office is in Boston. He is married and has two sons. Mr. Knowlton is a member of the Auburndale Congregational Church, the Boston City Club and the Auburndale Community Club. He is a former secretary and director of the latter organization. His father, William A. Knowlton, was a member of the Newton Board of Aldermen in 1897-98 and 99, served as president of that body, and was a member of the Newton School Committee in 1900-01 and 1902.

Dennis M. Cronin of 233 Auburn street has announced that he will be a candidate for Alderman-at-Large from Ward 4. He is serving his third year as Ward Alderman from Ward 4. Mr. Cronin, a lawyer and a native of Newton, defeated Silvanus Smith, former Ward Alderman, in December 1932 and again defeated Smith the following year when the latter attempted to stage a comeback. Cronin, by his energetic efforts in behalf of Auburndale has built up a considerable following in Ward 4. Whether he will be as successful in a city wide campaign as he was in his home Ward remains to be seen.

Another announced candidate for Alderman-at-Large from Ward 4 is Rev. John Shade Franklin, former pastor of the Lincoln Baptist Church and a resident of West Newton. Mr. Franklin has become a resident of Islington road, Auburndale and has stated that he intends to enter politics. With Mr. Bacon, Mr. Cronin and Mr. Franklin already announced candidates for the office, a lively contest is assured during the coming months.

Loot Car At Newtonville

An automobile owned by A. J. Morley of 45 Bridges ave., Newtonville, was stripped of three wheels and tires while parked in front of that address on Sunday night. The fourth wheel was not taken because the thieves did not possess equipment to suspend the car off the ground.

By JACK MORRIS

JOYCE PITCHES NO-HIT GAME FOR CATHOLIC C.

More than two thousand rabid fans witnessed the first of two crucial contests between Catholic Club and West Newton A. C. at the John W. Weeks Playground (West Newton Common), Wednesday night. "Red" Joyce pitching in rare form for the Catholic Club shut out the colored team with no hits and no runs. Kendrick pitching for the West Newton A. C. was scored on in four different innings although his support was very nearly perfect. Bland in left field made two sensational catches and barely missed a third.

Watkins, short stop for the Catholic Club, was the busiest fielder in the game making many difficult chances seem easy. Final score: Catholic Club—5, West Newton A. C.—0.

The second meeting of these teams is scheduled for next Wednesday, July 17th, and since the banquet for the colored team will again put them in a tie for the lead another sensational battle is expected.

At the League meeting held Wednesday at Newton Centre Recreation Building it was ruled that the game of June 28th, between the City Club and West Newton A. C., be played over from the fifth inning, the point in the game where a rule which effected the final score of the game was wrongly interpreted.

The Cubs, Scholastics and Garden City Club teams were given the privilege of adding four players each because of loss of players through illness and summer vacations.

Chairman Barwise of the Banquet Committee made a report of progress and has under consideration as possible places where the banquet might be held—Catholic Club, City Hall Cafeteria or Y. M. C. A.

Final players lists are to be effective July 22nd.

Standing: Including July 10th

	W.	L.	P.C.
Catholic Club	8	2	800
City Club	7	2	777
West Newton A. C.	7	2	777
Newton A. C.	6	4	600
Scholastics	6	4	600
Newton Town Team	5	5	500
Silver Lake A. C.	5	6	455
Y. M. C. A.	4	5	444
Centre A. C.	3	5	375
Auburndale B. C.	4	7	364
Garden City Club	3	9	250
Newton Cubs	2	9	182

GIANFERANTE BREAKS RECORD AT WESTBORO

Jerry Gianferante, professional at the Minute Man Golf Club in Lexington, and a former Newton High golfer, last Saturday broke the course record at Westboro Country Club, where he covered the eighteen holes in 70 strokes, two under par. Gianferante played his record-breaking round in the company of his brother, Michael, the Westboro professional, and Robert Ryder of Minute Man. The course record was formerly held at 72 by Douglas Guyler, club champion.

Jerry Gianferante had all three and four all the way around the difficult Westboro course, excepting for the third, a six, and the thirteenth, a five, and had a 35 each way.

HEATH BROTHERS LEAD IN STATE GOLF PLAY

With the first round of the Massachusetts amateur golf championship over the way yesterday at the Brae Burn Country Club, West Newton, seven members of the host club remained among the 32 qualifiers for the second round. The Heath brothers of West Newton, former golf team captains at Harvard, whose home is within a stone's throw of the championship course, each won his first round match, Melville, Jr., defeating Arthur Rogers of Winchester by 2 and 1, and Milan winning from Norwood Kellenberger of Salem, one up, William J. Kemble of West Newton defeated Richard Woodsum, South Shore, by 3 and 2.

The other Brae Burnites to survive were E. L. Gates, Jr., who won from Julian Hargraves of Framingham by 2 and 1; James Hutchinson, who defeated Joe Kierce of Riverside by 2 up; Eddie Stimpson, who defeated Dick Ruggles of Stony Brae, 5 and 3; and W. B. Snow, who defeated Ed Martin of Sandy Burr, one up.

Tennis Notes

Jack Canter of the Newton Playground Department has posted entry lists for the annual City of Newton tennis men's singles championship. Players may enter the tournament by calling Newton North 5153J. As in previous years, there is no entry fee.

The local tennis championship for boys fourteen and under, conducted at the Newton High School courts, has reached the semi-final round. Bill Betz, seeded Number 1, defeated Ed Steacie 6-1, 6-1 and Norman Ross 6-2, 6-1 in the first rounds, while Philip Scanlon, second seeded player, got to the semi-finals with the loss of only three games in four sets, defeating Bob Bell 6-0, 6-0 and John Fairfield 6-1, 6-2.

Bobby Scanlon, whose seventh birthday came during the tournament, won a first round victory in three sets over Ed Nevin, but met James Gallagher in the second round and was defeated in four sets. Gallagher had earlier beaten Robert Gaskell, fourth seeded, by 6-4, 6-3. The fourth semi-finalist is Bill Harber, seeded Number 3, who went through the first round by default, then took Ted Reed 6-1, 6-2.

Don Martin, a seeded player in the South Shore singles, won his first three rounds of play at Scituate, including a third-round victory over Herbert Fuller of Salem, 7-5, but then defaulted, favoring a pulled muscle, and turned his efforts to the doubles. Paired with Jack Curtiss of Chicago, Martin entered the third round by default and were forced to the limit to defeat Bob Ashley of Waban and Winsor Thomas of Cambridge. They were subsequently put out in the fourth round.

Ashley and Thomas reached the third round of the doubles at the expense of another Newton team defeating T. Dacey and Basil Ridgway 6-1, 8-6. Alex Persons of Worcester accounted for two of the Newton players in the singles tournament, eliminating Malcolm Clarke 7-5, 11-9 in the second round and Bob Ashley in the third. Harry Sylvester of Newton Corner lost by 6-2, 7-5 to William Ever of Worcester in the third round, while Basil Ridgway and Gordon Kitchin were first-round casualties.

Malcolm Clarke and Robert Decker of Newton, representing the Longwood Cricket Club in the Rhode Island State men's singles last week at the Agawam Hunt Club courts, East Providence, were both eliminated in the second round of play. Young Decker won by default from John Richmond of Providence, then had to play the top-seeded man, Arnold V. Jones of Providence, and was defeated 6-4, 6-3. Clarke won by default in the first round, and in turn defaulted to C. Newton Kraus in the second.

Don Martin, perennial tennis champion of the city, will very probably defend his laurels in the current city tournament. Last week Don did not contest the City of Boston public parks championship at Franklin Field, an event he won in 1931 and 1932, and in which he was runner-up for the last two years to Maynard Weidberg of Dorchester, who won again this year.

Don Martin and Elena Ciccone, both of whom were early-round casualties in the Longwood tournaments this week, will double at Tedesco Country Club in Salem on Saturday, when the north shore club starts its big tennis week. Mal Clarke of Newton has entered at Tedesco, and Bob Ashley of Waban has entered the doubles.

Rotary Club

(Continued from Page 1)

and one well worth closer study and appreciation by the other civilizations of the world and particularly by our own country which lies so close to it.

Inquest Report On Jolie Death

A report was filed on Wednesday by Judge Brown of East Boston on the result of the inquest which he held recently regarding the death of Mrs. Ferne Jolie of 507 Centre st., Newton, who died at the Newton Hospital recently of injuries received when she fell from an automobile on Center st. near Ward st., Newton Center. The report simply states that Mrs. Jolie died of injuries resulting when she fell out of an automobile.

Judges Award Prizes In Home Building Contest

The first prize of \$500 in Class B of the Jordan Marsh Home Development Plan contest, it was announced recently, was awarded to Wendell R. Holt of 981 Beacon st., Newton Centre. Mr. Holt is in charge of remodeling in engineering and architecture at Mt. Holyoke College, South Hadley. The nine judges in the contest reported that it was a difficult task selecting the 24 prize winning plans from almost 300 submitted. Their final decisions, however, were unanimous.

JOHN T. BURNS

The Jordan Marsh Company had nearly as great a task in selecting judges who could qualify to act in a contest of this kind. It was apparent that the judges should be conversant with architecture, building, plans and materials.

It is notable that in selecting the judges, two Newton residents were thus honored. They were Miss Alice F. Blood, Ph.D., 9 Arlington st., Newton, Director, School of Home Economics, Simmons College, and John T. Burns, Sr., prominent local real estate man, president of John T. Burns & Sons, Inc., and past president of Massachusetts Real Estate Exchange. "It was an interesting experience," said Mr. Burns when interviewed, "well worth the time and effort expended. I considered it a signal honor to be selected as one of the nine judges in this group of prominent men and women. It is gratifying to note that a firm such as the Jordan Marsh Company recognizes the fact that when a man has conducted a business successfully for nearly fifty years he has attained the distinction of being a leader in his field."

European Tour Only \$234

23 Days U. S. Line Starting August 28

New Englanders will be particularly interested in the announcement of the United States Lines of their Eighth Annual Labor Day Tours to Europe, sailing on the new S. S. Washington August 28.

Four 23-day tours have been arranged with a wide choice of itineraries. The first group will visit Paris, Brussels and London; the second Scotland, the English Lakes and London; the third Ireland, London and Paris; and the fourth Switzerland, Rome and Paris. Extensions will be arranged for those desiring same.

These tours were inaugurated in 1928 and have been operated successfully each year. They are specially arranged for business and professional people, secretaries, stenographers, clerks, etc., whose vacation period and means are limited.

F. J. Reuter, Assistant District Passenger Manager of the Boston Office will again accompany the parties on the Washington, arranging for the various social activities, dances, deck sports and other forms of amusement.

An attractive folder covering these popular Labor Day Tours has been issued and can be obtained from the Newton Steamship Agency, 11 Centre ave., Newton. The cost of these tours ranges from \$234 to \$296 according to the itinerary selected.

Ask Full Pensions For Policemen

A petition has been presented to Mayor Weeks relative to an alleged injustice which is being done to four former members of the Newton police department who were retired on pensions during the period when the 7½% pay cut was in effect. As a result they are receiving smaller pensions than are the policemen who were retired since the present salary scale of the department went into effect, and whose retirements came before or since the pay-cut was in operation. The four men affected are former Inspector John Shaughnessy, and former patrolmen Henry Tibbets, Joseph Reeves and William Dolan. Mayor Weeks referred the matter to City Solicitor Bartlett.

Should the City Solicitor rule that these four pensioners cannot be paid 50% of their former regular salaries, it is proposed to ask the Legislature to pass a bill authorizing such payment.

Y. W. C. A.

New classes in swimming will start Monday July 15, at the Boston Y. W. C. A. This series will run for a four weeks' period. Special summer rates are now in effect for classes—both private and public as well as for plunge periods.

Recent Weddings

ELLSWORTH—RUST

Miss Dorothea Barbara Rust, daughter of Mr. and Mrs. William H. Rust of Newton Highlands, was married to Carl John Ellsworth, son of Mr. and Mrs. Robert H. Ellsworth of West Hartford, Conn., on Saturday afternoon, June 29th, at 4 p. m. at St. Paul's Episcopal Church, Newton Highlands. The double ring service was performed by Rev. Charles O. Farrar.

The bride, who was given in marriage by her father, wore a gown of white satin with a tulle veil and cap of lace trimmed with orange blossoms and carried a shower bouquet of bride roses, lilies of the valley and baby's breath. The bride's attendants wore gowns of mouseline de soie in pastel shades with large garden hats to match. Miss Gertrude Dyer of Newton Highlands was the maid of honor and wore green. Mrs. Lester Stewart of West Hartford, Conn., sister of the groom, was matron of honor and wore peach. The bridesmaids were Miss Margaret Fairchild in blue, Miss Janet North in pink, Miss Emily Littlefield in yellow and Dr. Evelyn B. Ellms in orchid. All carried mixed bouquets of spring flowers.

The best man was Martin W. Kellogg of West Hartford, Conn., and the ushers were Albert E. Rust, Jr., nephew of the bride, Dr. Lester Stewart, brother-in-law of the groom, Mr. Francis T. Gowen of Newburyport, Mr. Winthrop Noyes of Boston and Mr. Ernest Relsner of Salem.

A reception was held immediately following in the Parish House which was decorated with white peonies, palms and cydonium ferns. The bride is a graduate of Miss Wheelock's School and was a teacher in the Newton schools. The groom graduated from Middlebury College and The Massachusetts Institute of Technology.

POMEROY—WHITTEN

Miss Maria Frances Whitten, daughter of Mrs. George R. Whitten of 250 Chestnut street, West Newton, was married to Thomas Wilson Pomeroy, Jr., son of Mr. and Mrs. Thomas W. Pomeroy of Ben Avon Heights, Pittsburgh, Pennsylvania, at four o'clock on Saturday afternoon, July sixth.

Rev. George W. Brown of Summit, New Jersey, performed the ceremony. The bride, who was given in marriage by her mother, wore a gown of Alencon lace with a full skirt and circular train, with full sleeves gathered into a band of orange blossoms. She wore a wreath of orange blossoms and carried a bouquet of lilies of the valley. Mrs. Wilbur Bailey of Pasadena, California, was the matron of honor and Miss Eleanor Hayward of Waban was the maid of honor. They wore gowns of aqua blue chiffon, and carried bouquets of lavender larkspur, baby's breath and maiden hair fern.

Woodman B. Pomeroy of Pittsfield, Pennsylvania, was his brother's best man. There were no ushers.

A reception was held at the home of the bride following the ceremony. Mr. and Mrs. Pomeroy will make their home in Pittsburgh, Pennsylvania.

The groom is a graduate of Lafayette College, class of 1929 and of the Harvard Law School, class of 1933.

SHAUGHNESSY—McNEVIN

Miss Jean McNevin of 239 Washington st., Newton, was married to William Shaughnessy, Jr., son of Mrs. Libby Shaughnessy of 59 Bowers st., Newtonville, on Monday evening, July 8, at the Church of Our Lady, Newton. Rev. Thomas Fallon officiated.

Miss Eleanor Herky of Newton was the maid of honor and Richard Hennessey of Newton, cousin of the groom, was the best man.

The bride wore an orchid travelling suit with hat to match and a corsage of orchid sweet peas. The maid of honor wore pink crepe de chine with hat to match and a corsage of sweet peas.

A reception was held at the home of Mrs. William Shaughnessy.

After a wedding trip through the White Mountains, New York State, and Canada, Mr. and Mrs. Shaughnessy will reside at 17 Bowers st., Newtonville.

PROCTOR—NEWMAN

Mr. and Mrs. James A. Newman of 130 Byers st., Springfield, Mass., announce the marriage of their daughter Miss Marie L. Newman to John S. Proctor, son of Mrs. John Proctor of Hale st., Newton Upper Falls, on June twenty-fourth in New York City.

Following a short wedding trip Mr. and Mrs. Proctor will reside at 55 Hale st., Newton Upper Falls.

A CHARLEMAGNE BIBLE

In the cathedral at Gerona, Spain, there is a Bible bearing the signature of Charles V of France and reputed to be a gift of Charlemagne.

Recent Engagements

At an informal tea given at the home of Mrs. John Mazzola on Colonial avenue, Newtonville, announcement was made of the engagement of her sister, Miss Mary L. Pucciarelli of West Newton, to Arthur Scipione of Walnut street, Newtonville. Miss Pucciarelli is a graduate of the All-Newton Music School and the Long School of Music at Cambridge. She is a well known violinist and a teacher at the All-Newton Music School. Mr. Scipione is a graduate of Boston University School of Law and a member of the Massachusetts Bar. He is a member of Kappa Delta Kappa fraternity.

The engagement of Miss Ruth Whitney Barrett, daughter of Mr. Harrison Barrett of Cambridge to James Drummond Dow, Jr., son of Mr. and Mrs. James Drummond Dow of Chestnut street, Waban has been announced. Miss Barrett is a graduate of Radcliffe College where she received the degree of bachelor of arts and doctor of philosophy. She also received the degree of master of arts from the University of California. She is at present secretary of the tutorial board for government, economics and history at Harvard University. Mr. Dow is a graduate of Harvard College and the Harvard Law School.

Mr. and Mrs. Frank E. Wing of Magnolia avenue, Newton have announced the engagement of their daughter, Miss Faith Elizabeth Wing, to Frederick A. Hawkins, son of Henry H. Hawkins of Centre street, Newton. Miss Wing attended the Massachusetts School of Art and the Hickox Secretarial School.

Mrs. Walter E. Hills of Newton Centre has announced the engagement of her daughter, Miss Mabel Clara Buchanan, to Harry Hoyt Hallas, son of Mr. and Mrs. Henry Hallas, also of Newton Centre. Miss Buchanan is a graduate of the Wilfred Academy, 1933. Mr. Hallas received the bachelor of science degree from Boston University in June of this year.

Mr. and Mrs. Chas. F. Johnson of Norman road, Newton Highlands have announced the engagement of their daughter, Miss Barbara Atkins Johnson, to Lewis Randall Morse, son of Mrs. George M. R. Morse of Plainfield, New Jersey.

Fined \$5 For Loitering

Daniel Leone of 470 California st., Newtonville, was fined \$5 in the Newton court on Monday for loitering. Patrolman Bibbo testified that when he ordered several young men to move from a Nonantum street corner, all obeyed except Leone.

Shirley Temple In "Our Little Girl" Is Paramount Feature

Shirley Temple fans throughout the world thrilled with pleasure over the recent award to her of a special statuette by the Academy of Motion Picture Arts and Science. The six year old screen sensation was singled out by this respected body for making the greatest contribution to pictures last year.

"Our Little Girl" which starts its local engagement next Sunday at the Paramount Theatre for four days is the first picture Shirley has made since the award. It goes without saying that her numerous fan following takes pride in knowing that their love for the young screen star is backed by the Academy.

Those who are as yet strangers to the Shirley Temple spell should seize

this chance to see the work of this inimitable child.

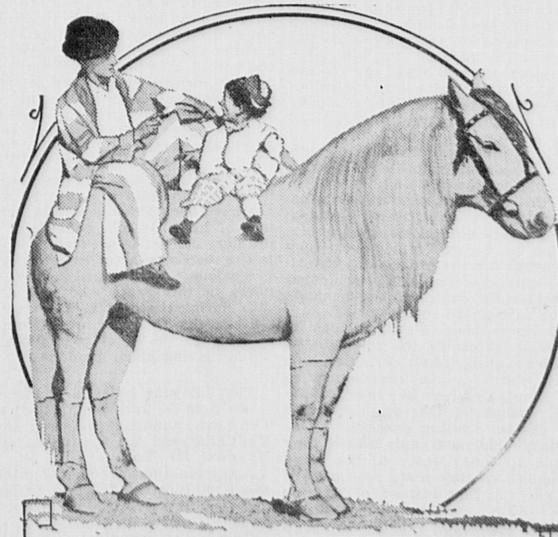

Shirley not only acts but sings in "Our Little Girl." Her supporting cast includes Rosemary Ames, Joel McCrea, Lyle Talbot and Erin O'Brien Moore. The co-feature will be Spencer Tracy in "It's a Small World."

The usual continuous performance on Sunday starting at one o'clock and the evening performance at 7:45 will prevail.

Starting Thursday, July 18th "The Flame Within" with Ann Harding and Herbert Marshall and "10 Rises" with Edward Everett Horton comprise the program. Free trips given away to lucky numbers on Thursday evening for an all day ride to Buzzards Bay by boat.

Bob Mills Revue in person every Saturday matinee.

Downie Brothers Circus Coming To Cabot Park Next Tuesday

George Hanneford, internationally famous riding clown pictured above, is the star of the Hanneford family of bareback riders, one of the featured acts with Downie Bros. Circus, and will be here with the big show when it comes to Newton for two performances on the Cabot Park grounds, Tuesday.

Known the world over for his inevitable red wig and hilarious comedy mingled amid the thrills of skillful and daring horsemanship, this famous funster and the popular group of equestrians are said to be the world's highest salaried circus performers.

The cast of the big show this year is headed by Bill Cody, popular cow-

boy screen star, who with his entire Hollywood company appears in person; the famous Friscos Seals, performers from old Neptune's Kingdom; the flying Brocks, daring aerialists; Marion Shuford, pretty equestrienne, and her thirty Dancing Horses; three groups of "Liberty Horses"; Tena and Babe, world's greatest wire walking elephants; the Carlos Carreon high jumping stallions; hundreds of acrobats, gymnasts and an army of the world's best clowns, headed by Minet De Orlo, the famed Clown cop. Arrangements are under way for the circus to stage a street parade at noon show day.

The Elks' charity fund is to benefit by the shows appearing here.

THE "GUEST" INSURANCE PLAN

Yesterday by a large majority the House of Representatives showed its willingness to take some steps to relieve the motorists of the state from ever-increasing automobile insurance rates by eliminating the so-called "guest" clause from the compulsory plan. While it is estimated that this will mean a saving of about eight per cent on the rates it is confidently expected that it will result in a marked reduction in the number of small claims for personal injuries. Under the present insurance laws it is possible for any person riding in another person's car to sue that driver of the car for personal injuries. Thus it frequently happens that a person slightly injured will sue a relative when in the ordinary course of law such a suit would be ridiculous. The insurance companies are left with little choice in such a suit as it is far less costly to pay the claim than it is to take the matter to court. The result has been many fake claims for which payment has been made with the cost being borne by the motorists in increasing rates. The elimination of the "guest" clause is not a panacea for the whole problem, but it is a step in the right direction. Incidentally, although such a step will apparently become law during the administration of Governor Curley it is somewhat the irony of fate to recall that such a proposal was one of the measures urged advocated by former Lieutenant Governor Gaspar G. Bacon in the political campaign last fall.

LEARN TO SWIM

Although we have no definite figures immediately available upon the loss of life by drowning this summer we are aware that it is appalling. Almost every day, and particularly following week-ends, we read in the papers of such fatalities. There are several causes for these fatalities which can readily be reduced to a minimum if proper precautions and care are taken. Many of these deaths are entirely unnecessary. Some result from unfamiliarity with boats and canoes, from thoughtlessness and carelessness, and some from just plain foolhardiness. It is useless to urge persons who cannot swim to forego the enjoyment that water sports, sailing, canoeing, do bring. It is important however, that those who cannot swim, use a little thought in not taking those chances which invite danger. It is important also that those who cannot swim should learn to do so if there is the chance that they might sometime find themselves in a place where ability to swim might save their lives or the lives of others. The Red Cross and Y. M. C. A. swimming campaigns are opportunities which no person should neglect.

THE SCHOOLS COME FIRST

During the past six years Walter R. Amesbury of Auburn-dale has been a member of the Newton School Committee. For the past two years he has been chairman. Since he was elected to the committee and more particularly during his term as chairman, Mr. Amesbury has clearly demonstrated his ability. Like his predecessors he has given much time and thought to the problems of the Newton schools. His personal interests have frequently been set aside when the occasion demanded that he give his attention to school affairs. Always the Newton schools have been foremost in his mind. He has helped to maintain the high standard which has been an outstanding feature of our school system. The citizens of Newton are grateful to Mr. Amesbury for his valuable services and will receive the announcement that he is not a candidate for re-election with genuine regret.

ARE YOU AWAY?

The police department reports that a large number of residents of Newton are away. We are not as greatly interested in this report as indicating that prosperity is returning as we are from the opportunities which may have unwittingly been placed in the paths of prowlers and petty burglars. The responsibility for the loss of valuables does not rest as much upon the police department as upon the person who leaves his home unguarded without taking proper care of his belongings. If you are away have you forgotten to safeguard your valuable possessions? If you are thinking of going away do so before you leave. You can do your part if you report to the police that your home will be vacant and that you have properly taken care of your most valued possessions.

ABOUT TOWN

By Edward H. Powers

The new race track at East Boston bears the name of a famed locality in England—"Suffolk Downs". The name is rather appropriate. There will be far more "downs" than "ups" for the suckers who will patronize this gambling plant. According to history, or legend, Nero fiddled while Rome burned. The gambling craze which has become prevalent during these years of depression seems to show that the Nero type of nonchalance has continued on through the ages.

The present Legislature is not much to brag about. But, to the credit of half of the members of the House of Representatives who voted on the bill which would have nullified the long fight to reduce the billboard nuisance in Massachusetts, they defeated, for the present at least, the attempt to betray the will of the great majority of the people of this State.

On July 4th a State trooper was critically injured on the turnpike at Newton Highlands while escorting Governor Curley's official automobile. This accident has received even more than the wide-spread publicity it would have been given ordinarily, because of the Governor's denial that he was an occupant of the car. Official reports of the accident were issued this week by Commissioner of Public Safety Kirk, and Registrar of Motor Vehicles Goodwin. The report of Col. Kirk was discreet and dignified. Other than mentioning that it is irrelevant, so far as his report is concerned, whether or not Governor Curley was an occupant of the official car, Col. Kirk did not take sides on the controversy.

Goodwin, in stating, according to the press, that "only one of the eight witnesses placed the Governor there," would appear to be endeavoring to verify the denial made by Mr. Curley. Goodwin also appeared to minimize the speed at which the Governor's automobile was travelling. If, as Goodwin's report alleges, the woman whose car was involved in the accident, was driving in the left lane at a moderate rate of speed, when she should have been driving in the right lane, a large percentage of motorists will agree that traffic hazards on heavily travelled State highways would be lessened if drivers of cars going at low or moderate speeds drove to the right of the road instead of persisting in operating along the middle of the road, or on four-lane highways, along the left lane. Most motorists will also agree with Mr. Goodwin's statement—"Police escorts are illegal when the escort operates at a speed greater than reasonable and proper. It is not only a menace to those escorted, and the public in general, but it is un-American and should be stopped at once."

We hope that in the future Governor Curley and other public officials will heed this admonition of Mr. Goodwin.

The writer is one of the large percentage of customers of the Boston Consolidated Gas Company who is scheduled to take it on the chin according to the new rate schedule recently published by that utility company. This is the second increase imposed recently on users of gas in Greater Boston. The excuse for the added charge is the same as that given when the service charge was imposed several years ago, and when the other recent increase was made—to make the smaller consumers pay a proper amount for the service rendered. It was stated by the Gas Company that the new rates will remove inequalities between classes of customers, simplify the entire rate structure, permit larger dividends to be paid to stockholders of the company and offset a rapid decline in the income of the company which has occurred the past two years.

We older residents of Newton can remember when this city was served by the Newton & Watertown Gas Company, a corporation owned, and managed by local men and whose employees were all residents of Newton or Watertown. This company was absorbed by the Boston Consolidated Gas Company, a corporation largely owned and operated by Massachusetts men. Several years ago the gas company came under the control of the Koppers Coal and Coke Company of Pittsburgh, a corporation alleged to be dominated by that astute, very practical financier who has so successfully combined business and patriotism—Andrew Mellon. Shortly before this transfer of ownership occurred, the Public Utilities Commission of Massachusetts kindly gave permission to the gas company to levy a monthly service charge on customers, a privilege that had been denied before despite long continued demands on the part of the company.

For years the gas company has insisted on increasing the rates to the so-called small consumer, the customer who uses gas for cooking, so that it might lower the rate for the large consumer, the customer who uses gas for heating purposes. Gas company officials frankly stated they wanted to lower rates to the large consumers so that more persons will use gas for fuel instead of coal or oil.

A few years ago the gas company laid high pressure mains for many miles out into the country. Into thinly settled communities where it will be many, many years, if ever, before enough gas will be consumed in these rural sections to warrant the huge expenditures occasioned by the laying of these mains. And now those of us in Greater Boston who use a couple of thousand cubic feet of gas monthly are the goats who must pay a further increase for this necessary commodity. We must pay and pay so that dividends approaching 6% can be paid on stock. Stock of a company controlled by non-residents of Massachusetts who paid a fancy price to secure control of the gas company from its former owners. And we are told how pernicious it is to advocate

Fined For Keeping Neighbors Awake

Edward Hingston of 38 Clarendon street, Newtonville, was fined \$25 in the Newton court on Thursday for disturbing the peace. Hingston conducts a garage repair shop on Washington street, Newtonville. Martin McMorrow of 717 Washington street, a residence next to Hingston's shop told Judge Bacon that his family has been prevented from sleeping nights by the noise from Hingston's shop. McMorrow, his wife, and his brother testified that in addition to the noise made by the repair work going on at the shop late nights, that on July 2nd the radio was turned on fortissimo in the shop until near midnight. Judge Bacon offered to suspend the fine if Hingston would agree to make less noise. The defendant would not agree and appealed the fine.

Car Killed Dog, Driver Fined \$20

Patrick Horan of 42 Burton st., Brighton, was fined \$20 in the Newton court on Tuesday for leaving the scene of an accident after his car had hit and fatally injured a dog on Walker st., Newtonville. The dog was a Pomeranian owned by Watson Baker of 44 Walker st. Eugene Phillips, 15, of 44 Walker st., testified that when he picked the injured dog off the street, no automobile was nearby. Another boy, Robert Barry, of Washington st., Newtonville, saw the accident and took the registration numbers of Horan's car. Horan testified that after his car had struck the dog, he went in search of a policeman. Horan said he drove back later to the scene of the accident, found no trace of the dog, concluded the animal had not been badly injured, and therefore did not make a report.

Found Guilty of Disturbing Peace

John Kendrick, 19, of 125 Hicks st., West Newton, was fined \$5 in the Newton court on Tuesday for drunkenness and given a suspended sentence of 30 days in Middlesex County prison for creating a disturbance. His sister, Ernestine Kendrick, 25, was found guilty of disturbing the peace and her case was placed on file. Both were arrested early on the morning of July 4th near police headquarters at West Newton for persisting in engaging too loudly in a discussion.

public ownership, and how much condemnation President Roosevelt deserves for attempting to curb holding companies.

Atavistic traits in humans are evidenced by the lust of grown-ups to kill other creatures and the thrill that boys get from setting off explosives on July 4th. The "Glorious Fourth" does not bring joy to the domesticated animals that men keep as pets and companions. An Irish setter owned by Mrs. E. P. Brown of 14 Washington street, Newton, became frightened on July 4th by the discharge of firecrackers by boys at Swampscott, leaped into the water near Gallopou's Point, where the summer residence of the Browns is located, and had swam two miles out to sea before he was rescued by a fisherman.

Governor Curley's effort to have the "guest rider" clause stricken from compulsory automobile liability insurance should receive the co-operation of the Legislature. And these same measures should be passed to stop the racket whereby many of our honorable neighbors and "friends" collect insurance for alleged "strained backs" and injuries to necks, arms and legs after they happen to have been in contact or grazed by another car. All of us who have to pay compulsory automobile insurance pay toll to these chiselers.

Residents of Cabot street and other streets near Cabot Park playground have been entering complaints regarding the issuance of a permit for the use of that playground for circus performances next Tuesday afternoon and evening. Notwithstanding, the circus will hold forth and Cabot st. will see more excitement than it has ever seen before.

If Mr. McKnight had not been a financial and political power he would not have been given a pardon, regardless of his physical condition. The ordinary convict is not freed when his health becomes actually or allegedly precarious. There are many prisoners in this State who will die in jails during the next year or two and neither the Governor nor Councilor Cookley or the other councillors will bother giving them pardons.

The following letter is in reference to an item in this column last week. The two candidates referred to are Mr. Childs and Mr. Needham. (Ed.) My dear Mr. Powers:

A combination of personal interests and a political feud seems to be the motive power behind two of our candidates for Mayor of Newton.

These two candidates are being sponsored by two prominent citizens and all are playing a part in this little drama. The best interests of our City seem to be secondary in their minds. Both you and Mr. Mullins of the Boston Herald seem to have overlooked this situation.

Should we work for a better City government and a man with proven ability, who has the best interests of all the people at heart, or try to aid these combatants in their personal strike for self advancement?

Perhaps it might be well for every citizen to do a little thinking before deciding upon any candidate.

Yours truly,

MRS. JOHN DELANEY,
202 Chapel St.
Newton, July 11, 1935.

Newton Centre

—Miss Carol Bloom of Newbury ter. is visiting friends in New York.

—Miss Mary Walsh of Cypress st. is visiting relatives at Oak Bluff.

—Mrs. T. S. Smith and son, Roland, of Oak Hill are at Cotuit for the summer.

—Mr. and Mrs. A. Davidson of Warren st. are visiting relatives at Farmville, Va.

—Mrs. R. M. Purinton of New York, formerly of Newton Centre, has been visiting friends here.

—Martha C. Miller of Pleasant st. is at Camp Whispering Willows, Dennisport, for the summer.

—Mrs. Albert G. Bryant of Visalia, Cal., is the guest of Mrs. J. R. Perry of Commonwealth ave.

—Mr. and Mrs. Allen Sand and little daughter of Summer st. are at Burlington, Vt., for a week.

—Mrs. C. E. Thompson of Braeland ave. has returned from a week's vacation spent at Nantucket.

—Mr. and Mrs. Joseph L. Johnson are registered at Hotel Taraymore, Atlantic City for a few days.

—Mr. and Mrs. A. H. Ghirardini (Margaret Rowe) will be at their new home in Winchester after July 15th.

—Don't neglect to read John T. Burns & Sons, Inc., adv. on page 7 if you want to buy or rent a home.—Adv.

—Miss L. A. Robinson of Providence, R. I., was the guest of Mrs. Chas. E. Thompson of Braeland ave. over the Fourth.

—Mr. and Mrs. I. C. Paul and son and Mrs. Paul's mother, Mrs. Johnson, of Center st., are on an auto trip to Colorado.

—Mr. and Mrs. J. R. Stuart of Ward st. were the week-end guests of Mr. and Mrs. J. T. Capron at their summer home in Falmouth.

—The display of Blaze Roses in Mrs. J. S. Cordingley's Rose Garden at Chatham has been attracting much attention this past week.

—Master "Billy" Breed of Beacon st. and Master Robert Jones of Grant ave. are at Camp O-A-Ka, East Sebago, Me., for the summer.

—Mrs. Elizabeth H. Anderson, wife of Major James A. Anderson, M. C., of Rochester, N. Y., is visiting her parents, Mr. and Mrs. John A. Groves of Parker st.

Pay Fines For Speeding

In the Newton court on Monday two women and a man were arraigned for speeding. Ann Hemenway of 27 Pleasant st., Framingham, was fined \$5 and appealed. Estelle Bakewell of Livermore rd., Wellesley Hills, and Lester Wharton, of Cohasset, paid the fine of \$5 imposed upon them. Patrolman Kilmain, the complainant, testified that all three had been driving at a 50-mile speed on the turnpike near Parker st.

In Court On Nuisance Charge

Fred Inman of Shore Drive, Quincy, has been summoned to appear in the Newton court today to answer a charge of maintaining a nuisance. It is alleged that Inman, a builder, two years ago built a privy on a vacant lot of land at Bonad road which is near Valentine street on West Newton hill. Owners of nearby properties have complained of the continued presence of the privy and the cesspool connected with it and allege a nuisance and health menace exists. Inspector Irving House of the Newton Health Department is the complainant.

AMERICAN LEGION AUXILIARY

The regular meeting of Newton Unit No. 48 will be held on Wednesday evening, July 17, at eight o'clock in the Memorial Building, Newton Centre. The Executive Committee Meeting will be held on the same evening at seven-thirty o'clock.

The Area "A" Rehabilitation Conference will be held at the Hotel Falmouth, Boston, on Friday and Saturday, July 12 and 13. The Auxiliary session will be called to order on Friday afternoon with Miss Adelaide L. Fitzgerald, Chairman, presiding, following the joint session when Veterans Administration Officials will be introduced.

CANINE CATERING COMPANY

One year of successful catering to the grateful dogs of Boston, Brookline and vicinity has finally enabled the Canine Catering Co., to extend their convenient service to the dogs of Belmont.

Principal foods are beef, beef liver and beef hearts. Other ingredients include vegetables, beef broth, zwieback crumbs, tomato juice and fish. They recommend their standard diet of beef—raw or cooked and cubed or ground—with beef broth, zwieback crumbs and shredded greens five days a week, some liver added once a week and fish once a week. However the owner can arrange for almost any special fresh beef weekly diet.

The meat is fresh Government inspected lean beef, without preservative or coloring matter, and is purchased daily from Boston's largest meat houses. During this season of the year trucks are refrigerated. Delivery is free—three times weekly. The beef which is entirely without fat and waste matter now sells for nineteen cents a pound and the balanced meals for twenty. These prices are subject to change with the market.

This company is an independent branch of the original Philadelphia Company which started business over two years ago. Other like companies extend throughout the north-east from Washington, D. C., and are even doing business on the west coast.

Newton Highlands

—Mr. and Mrs. Harry P. Ayer of Lakewood rd. are the guests of Mr. and Mrs. Martineau at Dennisport, Mass.

—Miss Frances C. Brooks, daughter of Mrs. Frank H. Brooks of Newton Highlands, is to be the guest of Miss Jeannette Genius, daughter of Dr. Richard M. Genius of 784 Park ave., New York, at a dude ranch, the H. P. Bar Ranch, in Buffalo, Wyoming, during the month of August. They will spend some time in Chicago, visiting friends before going out to the ranch. They will also go on to Pasadena, Cal., returning home the middle of September.

Gets Six Months For Burglary

Julius Bianchi, 27, of 20 Quirk court, Nonantum, was found guilty in the Newton court last Friday of breaking and entering, and larceny, and sentenced to serve 6 months in Middlesex county prison. He appealed. Bianchi was arrested the previous day by Patrolmen Davis and Slavin, charged with having been the burglar who entered a bedroom at the home of Antonio Esposito, 191 Adams st., Nonantum, and stole \$96 in cash and a \$12 check from a pocket of Esposito's trousers which were hanging on a chair in the room.

ABNER WHEELER HOUSE OPENS

Especially significant at this time is the news that the historic Abner Wheeler house has been opened to the public, and that wayward travelers are pausing at its doorway, on the corner of Main street and the Worcester road on the turnpike at Framingham Centre, just as in the olden days when the Abner Wheeler tavern was a popular rendezvous. After several months of work the renovating process has been completed, with such skill that the Colonial atmosphere has remained intact, and all of the charm of that period has been retained. Five of the original Abner Wheeler rooms are preserved exactly, one of them the dining room, typical of the rooms in which the gentry of the Revolutionary period used to gather for their meals. With the exception of the modern maple furniture it remains a replica of the old tavern.

The original fireplaces, with their warming pans and other utensils in front of them, hand-hewn beams and antiques add to the pleasure of the guest in this ancient hostelry. The balcony which surrounds the dining room has been converted into a gift shop, which promises to be a mecca for antique lovers.

Single candles furnish light in the evening just as they did for the patriots of Washington, and in the days when highwaymen came riding to the door. For those who desire privacy there are also several nooks leading from the main dining room. The dining room opens upon a terrace, its brick tiled floor and salmon colored ceiling further carrying out the Colonial atmosphere. In a green and white color scheme, the evergreens, and pillars supporting potted flowers add to the suggestion of coolness.

The terrace seats 150 patrons, and looks out upon the spacious lawns of the estate, through windows illustrating with Colonial scenes. The remaining rooms are furnished in maple, still in the Colonial tradition, and may be used for private dinner or card parties.

Mirrors, sconces, and rag rugs are in evidence, along with Wallace Nutting water colors. The rooms, incidentally, were furnished under the direction of Mr. Nutting, personally.

The Abner Wheeler house is operated under the personal direction of T. Noble Jackson of Boston, who has been most successful in this line. The manager is Miss Tina Moore of Hyannis, formerly with Schraft's, the Moore shop of Hyannis, and the Colingwood Tea Room of New York. The hostess is Miss M. Frances Walsh of Framingham.

CHRISTIAN SCIENCE

"Sacrament" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, July 14.

The Golden Text is: "Whether therefore ye eat, or drink, or whatsoever ye do, do all to the glory of God" (1 Corinthians 10: 31).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "For by one Spirit are we all baptized into one body, whether we be Jews or Gentiles, whether we be bond or free; and have been all made to drink into one Spirit" (1 Corinthians 12: 13).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures", by Mary Baker Eddy: "The baptism of Spirit, washing the body of all the impurities of flesh, signifies that the pure in heart see God and are approaching spiritual Life and its demonstration. . . . Through repentance, spiritual baptism, and regeneration, mortals put off their material beliefs and false individuality" (p. 241).

City Employee Is Pensioned

John Connolly of 84 North st., Newton Centre, has been retired on a pension after 43 years' service in the Street Department where he was employed in the blacksmith shop. He is retired because of having reached the age limit.

THE FIRST MARINES IN AMERICA WORE SWALLOW TAIL COATS

THE FIRST MARINES IN AMERICA WORE GREEN SWALLOW-TAIL COATS; WHITE WAISTCOATS, BUFF COLORED TROUSERS, COGS WHITE BELTS AND TRI-CORNETS HATS. THEY WERE FIRST ORGANIZED IN 1790 IN NEW YORK AND FOUGHT UNDER THE BRITISH FLAG ON NOV. 10, 1775. CONTINENTAL CONGRESS ORGANIZED "THE FIRST AND SECOND BATTALIONS OF AMERICAN MARINES." THEY WERE UNDER THE JURISDICTION OF THE NAVAL DEPARTMENT UNTIL APRIL 30, 1778 WHEN CONGRESS CREATED THE NAVY DEPARTMENT. ON JULY 10 OF THAT YEAR THE PRESENT U.S. MARINE CORPS WAS CREATED.

"WE HAVE ARRIVED AND HAVE EVERYTHING UNDER CONTROL"

TO-DAY

1740

THE UNITED STATES MARINE CORPS IS NOW A COMPLETE ARMY IN ITSELF, LACKING ONLY THE CANNY. IT IS PRATICALLY INDEPENDENT OF BOTH ARMY AND NAVY ALTHOUGH NORMALLY UNDER THE DIRECTION OF THE SECRETARY OF THE NAVY. WHEN LANDING PARTIES ARE NEEDED FROM SHIPS OF WAR—THE MARINES ARE FIRST TO GO.

Special Showing of TVA Film At Wellesley Hills Playhouse

A Government film reviewing the Tennessee Valley Authority project is to be given a special presentation at the Wellesley Hills Community Playhouse next Wednesday evening at seven o'clock. It will directly precede the theatre's regular evening performance of "One Night of Love" and "It Happened One Night," and since the TVA film is to be shown without charge, those leaving before the regular program commences will be refunded their admission price.

The TVA project has aroused no little comment and its presentation in this manner, reported to be remarkably clear and comprehensive, is timely and certain to arouse considerable interest.

Legal Notices

MORTGAGEE'S SALE OF REAL ESTATE

By virtue and in execution of the power of sale contained in a certain mortgage deed given by George W. Zeigler and Malvina R. Zeigler, his wife, to the ALVINE E. ROPER, husband and wife, of Newton, Middlesex County, Mass., to James Boston, Middlesex County, Mass., dated June 20th, 1930, recorded with Middlesex South District Deeds, book 5172, page 158, for the purpose of foreclosing the same will be sold at public auction on Monday, July 15, 1935, at 10:00 o'clock in the forenoon, all and singular the premises described in said mortgage, and to-wit: The following parcels of land with the buildings thereon situated in that part of said Newton, called Auburndale, and numbered 175 Pine Street, bounded and described as follows:—

Beginning at a point on Pine Street at the southeasterly corner of the granted premises at land formerly of Ryan and now or late of Corliss, and running southeasterly by Pine Street about 263 feet to a stone monument at land now or formerly of Curtis;

Thence turning and running Northwest by land of said Curtis, and of land now or formerly of Scott, one hundred and fifty-nine (159) feet to a stone monument and land known as Wiswell Meadow;

Thence turning and running Northeast by said meadow, 323.04 feet to stone monument at land formerly of Mead or now or late of Curtis;

Thence turning and running Southeast by land of said Corliss, 238 feet to a stone monument at land now or late of Curtis, containing 1 acre and 12.44 square feet more or less.

Being the same premises conveyed to us by Curtis G. Keniston et ux, by deed dated November 18th, 1926, recorded with Middlesex South District Registry of Deeds, book 5172, page 158.

Subject to a prior mortgage to the Watertown Cooperative Bank for \$4,000.00 recorded with said Deeds.

Also a certain parcel of land situated in said Newton, and bounded:—

Easterly by Pine Street, 100 feet; Northerly by land now or formerly of Mallon, 40 feet;

Northerly again by land now or formerly of Mallon, 40 feet;

Westerly by land now or formerly of Fitzpatrick, 110 feet;

Containing about fifty-three hundred square feet of land more or less.

Said premises are a part of the lots numbered 56 and 57 on Plan of Webster Street, Middlesex County, Mass., recorded with Middlesex County (South District) Deeds, book 5172, page 158.

Being the same premises conveyed to Malvin E. Roper by John M. Murphy et ux, by deed dated June 20th, 1930, recorded with said Deeds, Book 4092, Page 81.

Subject to a prior mortgage to the Watertown Cooperative Bank for \$4,500.00 to be recorded hereafter.

Except from said sale the aforesaid parcels known as and numbered 175 Pine Street, which have already been foreclosed by the said Watertown Cooperative Bank under its powers contained in the aforesaid mortgage, heretofore described.

Said premises will be sold subject to all unpaid taxes, tax titles, municipal liens, and assessments, if any there be, \$200.00 (in cash or certified check) to BE paid at the time and place of sale. Balance within 10 days.

MORRIS GLICK, Assignee and Present Holder of said Mortgage, For further particulars apply to RICHMOND ROSEN & KAGAN, Attorneys, 333 Washington Street—Room 608-11, Boston, Mass., Liberty 6527, July 12-19-26.

The Edison Electric Illuminating Company of Boston

INVITATION FOR PROPOSALS

Proposals for the purchase as a whole of an issue of \$53,000,000 First Mortgage Bonds, Series A, Sinking Fund . . . Due 1965 of The Edison Electric Illuminating Company of Boston, a corporation under the laws of Massachusetts, will be received at the office of the Treasurer of the Company, 70 State Street, Boston, Massachusetts, up to 12 o'clock noon, Eastern Daylight Saving Time, on July 15, 1935. The Bonds are to be dated July 1, 1935, to be due July 1, 1965 with interest payable semi-annually on the first day of January and July in each year at a rate to be determined after proposals have been received, and are to be issued under a proposed Indenture of Trust and First Mortgage (hereinafter referred to as the Indenture) to be made to Old Colony Trust Company, 17 Court Street, Boston, Massachusetts, as Trustee. For redemption and sinking fund provisions, for a description of other and additional securities which are to be secured by and may be issued under the Indenture, for the property subject to the lien of the Indenture and the kind of lien, and for other terms of the Bonds and of the Indenture, reference is made to the Indenture, copies of which may be examined at the offices of said Old Colony Trust Company and of the Treasurer of the Company. Temporary Bonds in denominations of \$1000 each, registrable as to principal only, are expected to be ready for delivery on July 26, 1935, and will be exchangeable into permanent Bonds in coupon form, registrable as to principal only, or into fully registered Bonds without coupons in denominations of \$1000 or authorized multiples thereof.

Each proposal shall be for the entire issue and shall state: (1) the names and addresses of all persons participating therein, and if more than one participant shall designate one as manager who shall be authorized to act for all those participating; (2) the price which it is proposed to pay for the entire issue, which price shall be not less than \$53,000,000, plus accrued interest, and if more than one participant the commitment of each participant; (3) the rate of interest, not exceeding 3 1/2%, upon which the price proposed is based; and (4) whether if the proposal is accepted the bidder proposes to result to the public. The bidder whose proposal is accepted will be required to execute an agreement of purchase and to furnish with his bid information which is required by law to be filed with the Securities and Exchange Commission. Forms of agreement and a statement of the information required may be obtained at the offices of said Old Colony Trust Company and of the Treasurer of the Company.

The Company reserves the right to reject any and all proposals. This advertisement is an advertisement for bids only and prior to the acceptance of any bid the bidder will be furnished with a copy of the official Prospectus.

Baggage Called For

Hold Up On Bacon St., Newton

An attempt by an armed bandit on Bacon st., Newton Corner, to rob James Horton, a taxi driver, was foiled early Monday morning when Horton's shouts scared the robber and caused him to flee. Horton was engaged by the bandit at Harvard square shortly after midnight to drive him to Newton. The passenger ordered Horton to stop the taxi on Bacon st., pointed a revolver at the driver and commanded him to surrender any money in his possession. Instead of obeying, Horton leaped from the taxi and yelled for the police. The bandit vamoosed along Bacon st. Horton ran to Nonantum square and found Patrolman Walker. The policeman rushed to the scene of the attempted hold-up but could find no trace of the would-be robber.

Drunken Driver Fined \$110

John Rogers, 37, of 167 King st., Dorchester, was arraigned in the Newton court on Saturday and charged with several offences. He was fined \$10 for drunkenness, \$100 for driving a car while under the influence of liquor, and given a suspended fine of \$50 for driving a car without authority. A charge of driving without a license was placed on file. Patrolmen Whelan and Mullen testified that they had pursued Rogers a considerable distance until the car he was driving hit a tree on Bolton rd., Newtonville. Rogers fled from the car and was later arrested by Patrolman Purcell at Newtonville square. Thomas McKay of Milton, owner of the car, testified that Rogers took the car without permission after the pair had several drinks together in a liquor place. Rogers claimed that McKay gave him permission to drive the car. He said the cause for his flight from the police was because he had no driving license in his possession.

NEW SHOP AT NEWTON CORNER

The Greyhound Sign Co., opened for business this week at 369 Centre st., adjacent to John T. Burns & Sons, Inc., Real Estate office.

The Sign Shop is operated by Mr. Lee Eames, who formerly conducted a similar shop at Watertown square.

Besides Mr. Eames, who will devote his full time to the business, is a force of four experienced sign painters, among whom are Mr. John T. Matheson, formerly in charge of signs for the R K O Theatres and Mr. Edward Bisette who for many years was associated with the Allston Sign Co.

Mr. Eames has been identified with the Sign painting profession for the last 15 years.

Mr. Matheson is a Newton resident and Mr. Eames is moving here and will establish his home in Newton during the coming week.

West Newton Man Ordained Jesuit

The Rev. James Anthony Armitage, S. J., son of Mr. P. L. Armitage of Worcester, formerly of West Newton was ordained on Sunday, June 23rd at Weston College, Weston, Mass. The Sunday following Father Armitage celebrated his first mass at the Church of the Blessed Sacrament at Worcester. On last Sunday he celebrated his second mass at St. Bernard's Church, West Newton, which was the parish Fr. Armitage was living in when he entered the order ten years ago.

Father Armitage graduated from the Auburndale Grammar School, Boston College High School, then entered Shadowbrook for his thirteen years of study, which he completed in ten years. Fr. Armitage has a brother, Clement who entered Shadowbrook two years ago.

Italians To Hold Religious Fiesta

Italian residents of the Nonantum section will honor Our Lady of Mount Carmel by a three days celebration which will start tomorrow, Saturday, July 13 and continue Sunday and Monday. A religious procession will be held on Sunday in which Italian societies from Newton, Waltham and other places will participate. Adams street in Nonantum will be decorated with banners and illuminated at night. Band concerts will be given at the Hawthorn street playground on Sunday and Monday nights, and on Monday night a fireworks display at the playground will end the celebration. Angelo DiNuce is chairman of the committee in charge.

ANNIE E. HATCH

Mrs. Annie E. Hatch of 88 Carver rd., Newton Highlands, died on July 6th, in her 99th year. She was a native of Peterboro, N. H., and the widow of John M. Hatch, who was superintendent of public works of Pittsfield. She had been a resident of that city for 60 years until she came to Newton Highlands to live 8 years ago. She is survived by a daughter, Miss Nellie M. Hatch, of Newton Highlands; two sons, Frank E. and John A. Hatch, both of Boston; two grandchildren, and two great-grandchildren. Her funeral service was held at Pittsfield.

MORTGAGEE'S SALE OF REAL ESTATE

By virtue and in execution of the Power of Sale contained in a certain mortgage given by Israel M. Citron to John T. Burns & Sons Incorporated, dated September 29, 1934, and recorded with Middlesex South District Deeds, Book 5590, Page 592, of which mortgage the undersigned is the present holder, for breach of the conditions of said mortgage and for the purpose of foreclosing the same will be sold at Public Auction on four o'clock P. M. on the third day of August A. D. 1935, on the premises hereinafter described, all and singular the premises described in said mortgage.

To wit: The land in Newton, Middlesex County, Mass., the buildings thereon, numbered 77 Beaumont Avenue, according to the present numbering, being the greater portion of Lot numbered thirty-two, as shown on a plan of "Grove Hill, Newtonville, Mass.", dated June 1916, made by Ernest W. Branch, C. E., filed with Middlesex South District Deeds, Plan Book 249, Plan 26, and bounded and described as follows:

Westerly by Lot numbered 33 on said plan, one hundred and twenty-five feet; Northernly by Lot numbered 35 on said plan, fifty-five and 55/100 feet; and Southernly by the remaining portion of said Lot numbered 32, One Hundred and twenty feet.

Be any or all of said measurements more or less.

Being the same premises conveyed to said mortgagee by John T. Burns by deed of even date heretofore and to be recorded herewith. Said premises are conveyed to said mortgagee by deed of even date heretofore and to be recorded herewith.

Said premises will be sold subject to all unpaid taxes, tax titles, if any, and to all Municipal Liens and Assessments.

Terms of Sale: \$500.00 will be required to be paid in cash by the purchaser at the time and place of sale, balance in cash in ten days thereafter.

Other terms to be announced at the sale.

Signed JOHN T. BURNS & SONS INCORPORATED, Treasurer.

By Thomas H. Burns, Treasurer, 365 Centre Street, Newton, Mass.

Present holder of said mortgage. July 11, 1935.

July 12-19-26.

Recent Deaths

WILLIAM A. SWEATT

William A. Sweatt of 126 Crafts street, Newtonville, died on July 6th from heart trouble. He had been in poor health for several months. Mr. Sweatt was born in Arlington 53 years ago and came to Newton with his family when a boy. For some years he conducted a variety store and luncheon at the corner of Commonwealth avenue and Washington street, West Newton and later went to Florida where he engaged in business. For the past 20 years he had been a constant in this city. He formerly resided on Jefferson street, Newton. He is survived by his widow, Mrs. Mary (Fogwill) Sweatt; three sisters, Mrs. Joseph Davison of Monson, Maine; Mrs. Louise Newman of Somerville, and Mrs. Edward Hatfield of West Medford; and three brothers, Robert Sweatt, Boston; Burt Sweatt, Waltham, and Stanley Sweatt, Newark, New Jersey. His funeral service was held Tuesday at the Lincoln Park Baptist Church, West Newton. Rev. John S. Franklin officiated. Burial was in Newton Cemetery. Mr. Sweatt was a member of Sumner P. Lawrence Lodge, I. O. O. F. and the Rebekahs.

MINNIE C. TITUS

Minnie C. Titus of 111 Temple street, West Newton, died on July 7. She was born in Hamilton, Ontario 77 years ago and had resided in this city for 35 years. She formerly resided in Dedham. She is survived by a niece, Barbara Lamson of West Newton; and a nephew, Gordon Litchfield of Cincinnati. Her funeral service was held at Newton Cemetery chapel on Wednesday.

Deaths

HATCH; on July 6 at 88 Carver rd., Newton Highlands; Mrs. Annie E. Hatch, age 98 years.

SWEATT; on July 6 at 10 Crafts st., Newtonville; William A. Sweatt, age 53 years.

Community Chest Plans Discussed—Clifford Walker Heads Special Gifts Com.

Women To Take Important Part in 1935 Campaign—Next Meeting at City Hall August 15

Mr. Clifford H. Walker of Waban has been selected as the Chairman of the Special Gifts Division of the Newton Community Chest, Inc., according to reports issued from the Community Chest office. Mr. Walker has a splendid record of civic and community service and his appointment as head of this very important division of the Community Chest work assures a thorough going job in this stage of the campaign.

This appointment was announced at a meeting of the Village Campaign Chairman held on Thursday evening, July 11th at the Newton City Hall at 8:00 o'clock at which the following men were present: Charles Chasson of Nonantum; Ralph D. Weston, Auburndale; Frank A. Day, Newton; Donald G. Robbins, Waban; Charles K. B. Nevin, Newton Centre; Kenneth S. May, Newton Highlands; Wendell R. K. Mick, Oak Hill; C. Raymond Cabot, Newtonville. In addition the following men were present: Mr. William Phelps, Chairman of the Public Relations Committee; Mr. Maynard Hutchinson, President of the Community Chest; Mr. Charles Hawkes, Publicity Agent; L. A. Bruce, Jr., Executive Secretary of the Chest. Various chairmen reported very definite progress to date, many of them having selected Majors for their respective villages and several of them having Captains appointed for various teams. The following schedule was set by the village chairmen; all Majors are to be

selected by August 15th, all Captains by September 9th and all team members by September 30th.

It was the unanimous opinion of the group that women should and would play a very much more important and active part in the 1935 campaign, and the village chairmen are laying plans along those lines at present.

Mrs. J. Earle Parker, President of the Newton Federation of Women's Clubs, is very actively engaged in setting up the Women's Crusade which will be held in the latter part of October. The Women's Crusade, with representatives from every women's organization and women's club in the City, will be a dynamic educational campaign in order that the women of the City may know about the Chest and the work of its member-agencies.

The Village Chairmen selected Mr. William V. M. Fawcett as the chairman of the Mass dinner which is scheduled for Monday evening, November 4th at the West Newton Armory as the opening gun of the campaign. There has been a great deal of discussion at the meetings about the Mass dinner and, on the basis of successful national experience, it was the unanimous decision of the chairmen that such a dinner should be held, for all successful chest drives have started with such an affair. Mr. Fawcett has a very fine record in conducting affairs of a dramatic nature. (Continued on page 4)

Mayor Weeks Condemns Curley

The investigation held on Wednesday by the Newton police and Mayor Weeks, assisted by City Solicitor Bartlett regarding the automobile accident on the turnpike at Newton Highlands on July 4th in which State Trooper Noone was critically injured while escorting Governor Curley's official car resulted in a statement by the Mayor asserting that Curley was undoubtedly in the car. A number of residents of the vicinity of the accident, in addition to members of the Newton police testified at the investigation.

Patrolman Ray Taffe, the first Newton policeman at the scene told that Adjutant General Rose, the Governor's head military aide, and the occupant of the car, informed him that in addition the car had as passengers the Governor, Major Timilty, Sergeant O'Leary, and the chauffeur, Mannion. Among the Newton Highlands residents who testified were—Clyde Dinsmore, Walter E. Jewell, Stephen Heinrich, Edward E. Cox, Leslie Allen, Arthur Allen, Mrs. Martha Bedient and James F. Hogan of the Newton Fire Department. None of the State police or officials who were in the car attended; neither did Archie Connolly of Newton Lower Falls, whom Taffe testified took Curley and Timilty to the Governor's home in Jamaica Plain. Mayor Weeks severely criticized the Governor for permitting the car to travel at excessive speeds and for denying that he was an occupant of it in the face of the testimony of nine witnesses who saw him. He also condemned Registrar of Motor Vehicles Goodwin for his attitude in the matter.

Three Bandits Rob Newton Girl

Louise Tedeschi, 18, of 264 Pearl st., Newton, was held up by three youths near the Newton street railroad station in Waltham on Tuesday night about 11 o'clock and robbed of her wrist watch and a purse containing \$3.50. The trio of brave, young men pinned the girl's arms, grabbed her watch and purse, and fled.

Cronin Protests Laying Off Of City Employees

The laying off recently of 25 employees of the Street Department, after they had only a few weeks' work in many months, drew the ire of Alderman Cronin. He said that he did not know whether Mayor Weeks or Director of Public Works Ellis was responsible for laying off these men but he could see no logical reason for so doing. Cronin said that someone has asserted that the Street Department is overmanned by 50 or 75 men and he denied this contention. He asserted that Newton streets and sidewalks are in poor condition and there is plenty of work to be done on them. He said it is a poor argument to claim there is a lack of money, that it would be a good investment to keep these men at work and improve our streets and sidewalks.

Cronin stated he has heard there is another reason for laying off the employees. He said it is reported that the big sewer recently built at the Charlmont section in Newton Highlands has developed serious defects that it will cost \$30,000 to \$50,000 to repair cracks which have appeared in this sewer due to inefficient supervision, and it is alleged this is the reason for laying off the men so that the economy will provide funds to repair the defective sewer. He argued that this city did not need to engage the services of an alleged expert to come here to devise methods to lay off men who have worked regularly for the city for 6 years. Cronin argued that the time is past when the Mayor or Director Ellis can lay off men anytime they see fit. These men should be put back to work.

Alderman Guzzi said it is unAmerican to lay off employees of the Street Department and having the work they were doing performed by men from the Welfare Relief lists. He said men can be employed on the Alameda Road sewer job, which has been blocking Crafts street for many days; men can be employed improving our streets and cutting grass along our highways.

Waban Woman Hit by Auto, Dies

Mrs. Ethel Osborne of 16 Fairlee rd., Waban, wife of George A. Osborne, died at the Newton Hospital on July 17 of a fractured skull and other injuries received when she was hit by an automobile on Beacon st., Newton Centre on July 12. The car which hit the woman was driven by George Wood of 373 Lexington st., Auburndale. Wood reported that he had turned onto Beacon st. from Centre st. and was proceeding slowly when Mrs. Osborne stepped in front of his car from behind a car stopped on Beacon st. She received first aid from Dr. Andrews before being taken to the hospital. She was born in Plymouth, New Hampshire, 55 years ago and had resided in this city most of her life. She had been a registered nurse by occupation.

Aldermen Protest Use of Playground

Alderman McCabe of Ward 1 made a vigorous protest at the meeting of the Aldermen Monday night concerning the granting of a permit for the use of Cabot Park by Downie's Circus. He said he had learned that day through his neighbors of the fact that the permit had been granted allowing the circus to give performances the following day, Tuesday. He said he had watched the improvement of the Cabot Park and playground area for 12 years and objected to this intrusion upon it. He asserted that it is illegal to allow a playground to be used for commercial enterprise. He said that part of the playground had been donated to the city by Mr. Bridges and read from the deed to show that the donor specified that the land should forever be kept open as a public park. McCabe kept open as a public park. McCabe kept open as a public park. McCabe kept open as a public park.

Alderman Cronin asked City Solicitor Bartlett for a ruling. Bartlett said the permit for the use of Cabot Park Playground by the circus had been granted by the Playground Department to Newton Lodge of Elks, a charitable organization, for charitable purposes, and that it is legal to grant such a permit. Alderman McCabe said he understood that Newton Lodge of Elks would receive 20 percent of the net profits derived from the circus performances, and he still contended that it is not legal to issue such a permit for the use of the playground. Alderman Akins and Alderman Barwise, both of Ward 1, where the Cabot Playground is located, also registered their protests against the issuance of the permit.

Alderman Akins Censures Mayor

Alderman James P. Akins of Ward 1 severely censured Mayor Weeks on Monday night at the meeting of the Board of Aldermen. Akins said there has been a lot of publicity about a high official who was, or was not an occupant of a State automobile involved in an accident in this city. He said the chief executive of this city was conspicuous by his absence at a banquet given a few months ago in this city by an Italian organization in honor of Governor Curley. He said the Mayor purposely absented himself from this affair, after having been invited, because he would not attend a function in this city where the Governor was to be honored. Akins said the investigation conducted by the Mayor in connection with the accident involving the State owned car was an attempt to obtain cheap publicity, and proved the Mayor unfit to hold high public office.

Newton Business Men's Outing

The annual outing of the Newton Business Men's Association will be held on August 7 at Lake Pearl, Wrentham. Automobiles will leave Newton Corner about 1 o'clock. The program will include a ball game and other sports, a dinner and an entertainment. James P. Akins is secretary of the committee in charge and Fred Moore, treasurer. A large committee will assist.

Oak Hill Residents Urge Aldermen To Take Land For School and Playground

Special Committee Appointed on Recommendation Of Mayor, Despite Strong Opposition

Seventy-five residents of Oak Hill and that part of Newton Highlands which would be included in the proposed new Oak Hill school district, attended the meeting of the Newton Board of Aldermen on Monday night to favor the taking of 47 acres of land at Oak Hill as the site for the school, a playground, parking space and community centre. Forty acres of this area would be donated by owners of properties involved and seven acres, the site of the school, would be seized by right of eminent domain, as the owners of this parcel will not donate their land. It is proposed that the city, in return for the donation of the 40 acres of land, will lay out and accept a street through the area, do whatever draining is necessary, and construct the playground.

Arnold Hartmann, who has been largely instrumental for the development of Oak Hill, was the first speaker in favor of the petition. He said:

The question before you is whether the City shall take by eminent domain about 7 acres of land in the Oak Hill District for school, playground and public parking purposes.

I wish to give my views as to why favorable action of this board is desired by a large number of the residents of the Oak Hill district. The Worcester Turnpike has cut off the district bounded by Walnut, Dedham, Brookline sts. and Dudley road from Newton Centre and this area has been effectively decentralized and as it builds up, it will become a separate village. It seemed advisable to make a plan for its proper development and the location for the school, playground, public parking and shopping areas determined so that the district would grow logically. Four of the largest land owners in the district were interested and after about two years of study and planning with the aid of a city planner, engineer and architect, this comprehensive plan for a community center was evolved and these four landowners, with a number of small land owners have offered to give about 40 acres to the City provided it would acquire the remaining land, about 7 acres, which their owners would not donate. If you act favorably on this petition and take these 7 acres by eminent domain, the city will have an area of 47 acres for community purposes in the Oak Hill District.

To give you some idea of what this area amounts to, I will say that Boston Common has 48 acres so this new village in the Newtons will have for public use a tract of land within 1/4 acre as large as the entire Boston Common area. This will give it an ample road from Parker St. to the eastern boundary of the school house site, a school site of about 10 acres, a playground and park of about 30 acres, a public parking area of about 2 acres which will be accessible to the school and also to the shopping district which will adjoin it. When public necessity requires it, a road will be built around the school and playground separating it and affording access to all the neighboring land. With this community centre located, all the surrounding land within the area will be logically laid out for residences. I estimate that the area affected by this improvement will be about 1200 acres which will furnish room for about 5,000 homes with a population of 20,000 people.

In order to use this land for the purpose indicated, the City will have to spend some money. A road of about 1,900 ft. must be built from Parker st. to make the school immediately accessible from that side. A road around the parking area will also be necessary and eventually a road around the entire school and playground area but the expense for this latter road can be apportioned over many years and the building up of the community will furnish revenue in taxable property to pay for all this and a great deal more.

The city will also have to drain this area to make it usable. This offers engineering problems and while the estimated cost of the completed improvement may seem high, the potential revenue coming to the City as a result of this improvement more than justifies the expenditure.

It does not seem fair to charge the cost of this drainage to this project alone because the City would have to drain this land to provide a drainage system as the district builds up as they have in other districts. Each of the other villages in the City has its drainage system supplied by the city as it was needed and the work required to be done in Oak Hill is no more in extent or cost than what it has done for other sections. Already there is complaint being made about the mosquitoes which breed in these swamp areas because the surface drainage of the surrounding area has been concentrated in surface drains and emptied into this low land. Public health will soon require that the land be drained to prevent a nuisance.

All the land donated by the Hurley family, about 19 acres, has been cleared and drained and can be used, with little expense, for playground purposes. The cost of clearing the rest of the land is nominal and can be done over a period of years and offers a good place to employ those people who are on the welfare list so the net cost to the taxpayers would not be large.

In considering an expenditure for a public improvement of this kind, it is necessary to have before your mind what it may return to the City. This area that will be benefitted by the largest land owners in the district 1,200 acres which will ultimately have 4 houses to the acre. These homes will have, conservatively, an assessed value of \$7,500 each or \$30,000 per acre. This means that when the entire district is built up it will produce \$36,000,000 taxable property, which, at \$25 tax rate, would yield \$900,000 per year in taxes.

Estimating that the development would proceed at the rate of 5% per year, there would be built annually 240 houses at \$7,500 average valuation or \$1,800,000 new property which would pay, at \$25-tax rate, \$45,000 in taxes per year.

Does an expenditure over a period of say 10 years of a total of even \$225,000 seem large when it may result in an annual increase of tax revenue of \$900,000? (Continued on Page 8)

mate that the area affected by this improvement will be about 1200 acres which will furnish room for about 5,000 homes with a population of 20,000 people.

In order to use this land for the purpose indicated, the City will have to spend some money. A road of about 1,900 ft. must be built from Parker st. to make the school immediately accessible from that side. A road around the parking area will also be necessary and eventually a road around the entire school and playground area but the expense for this latter road can be apportioned over many years and the building up of the community will furnish revenue in taxable property to pay for all this and a great deal more.

The city will also have to drain this area to make it usable. This offers engineering problems and while the estimated cost of the completed improvement may seem high, the potential revenue coming to the City as a result of this improvement more than justifies the expenditure.

It does not seem fair to charge the cost of this drainage to this project alone because the City would have to drain this land to provide a drainage system as the district builds up as they have in other districts. THE WEEK IN NEWTON SPORTS

By JACK MORRIS

TWILIGHT GAMES SHOW Y NINE CLIMBING

West Newton A. C. following their defeat by the Catholic Club over a week ago have been in a decided slump losing twice to Y. M. C. A. and again to the Catholic Club. Although Manager Lomax has shaken up his line-up, benching the veteran Harry Gray and replacing his catcher, the team has continued to lose, mainly through weak work in the box.

Y. M. C. A. behind Bagley and Doherty have continued to climb until they are now within three and one half games of the lead and directly behind the Lomax team.

Silver Lake through the inability of their manager "Nick" Lupo to devote sufficient time to the cause has been forced to withdraw from the League for the remainder of the season. The players have been signed by the "Aces," Town Team and Garden City.

A new club to be composed of players from Newton Centre and Thompsonville will replace Silver Lake and play the remainder of the schedule. Home games will be played on the new Thompsonville diamond and wins and losses credited to Silver Lake will be assumed by the new club which will be known as the Sacred Heart A. C.

The big game of the coming week will be played Tuesday night between City Club in the second place and the Catholic Club leaders. In the previous meeting City Club, behind the pitching of McAdams, were victorious and Catholic Club is anxious to avenge this defeat.

NEWTON HORSHOE LEAGUE IS ACTIVE

Interest in Horseshoe Pitching in Newton continues to increase. Double courts of standard construction and with the best blue pottery clay have been added at Cabot, Boyd, Auburdale and Upper Falls playgrounds. All League matches will now be played on these courts or at the courts of Charlesbank A. C., Norwood A. C. and the Rubber Mill. Horace Mann will play at Cabot Park, Victory at Boyd and Lower Falls and Levi Warren at Auburdale courts for home matches in the future.

The battle for the League leadership continues close; Charlesbank, 1924 Champions, being a little more than one match ahead of the Murphy Club which is in fifth place. Every match is being closely contested and the winners of the championship medals will not be known until early September.

The first round will be completed July 30th after which the annual singles and doubles tournament will be held.

League members have resented somewhat the publicity given to "Sho-no" Collins (the uncrowned Horseshoe pitching champion of Newton). Collins has repeatedly refused to accept challenges from league members and the boys say there is but one answer to his refusal. It is hoped a match can be arranged in the near future.

MARTIN TOP SEEDED IN CITY NET TOURNAMENT

Donald Martin, former tennis captain at Boston University and several times winner of the city tennis championship, is the top-seeded player among the 64 entries in the annual men's singles championship tournament conducted by the playground department. Jack Canter, tennis expert of the playground department, and himself an entry in the tournament, announces the seeding as follows, relying largely on last year's results:

1. Donald Martin; 2. Harry Sylvester; 3. Malcolm Clarke; 4. Gordon Kit-chin; 5. Henry Jones; 6. Paul Rich; 7. Edward Strum; 8. Basil Ridgeway. First round matches will be played this week and next.

The entry list follows: first round, upper half: Donald Martin vs. Porter Jarrell; Jack Morris vs. Frank Scheel; B. Derow vs. Richard Griffin; Frank Wetherbee vs. Robert Stewart; Leo Geary vs. Walter Michael; Wilson Walker vs. William Porter; B. Mullen vs. R. P. Ashley, Jr.; Donar Manchester vs. Henry Jones; Paul Rich vs. Jack Healey; Robert McMul-lin vs. Richard Howard; Willard Bab-cock vs. Sam Wyatt; Victor Haven vs. Kersam Chobanian; Herman Swartz vs. Robert Sprout; Loring Thompson vs. Robert DeBourke; Robert Symonds vs. W. Watson; Ronald Cullen vs. Gordon Kitchen.

First round, lower half: Malcolm Clarke vs. Ray Herman; T. O. Sylvester vs. Jack Higgins; Jerry Eagan vs. J. A. Kenna; Robert Borovoy vs. Robert Frye; Richard DeBourke vs. J. F. Doherty; Franklin Rich vs. G. S. Baker; Philip Segal vs. D. J. Scott; J. F. Head vs. Basil Ridgeway; Edward Strum vs. Richard Rice; James Noe vs. Donald Grant; Robert Griffin vs. Hollis Whitten; Henry Simon vs. George Hanow; Wesley Dynes vs. Lincoln Merrill; Albert Freeman vs. Richard Tonsley; Frank Light vs. Johnson Quick; Jack Canter vs. Harry Sylvester.

Copies of the draw will be posted and kept up to date in four places, the Playground Department office at City Hall, the Newton High school tennis courts, the Newton Centre playground courts, and the Burr playground courts in Newton. The GRAPHIC will have all results of tournament matches each week.

Tennis Notes

The winner of the City of Newton tennis tournament will get nothing for his efforts, if the procedure of past years is the rule, excepting a trip to Springfield to represent Newton in the New England public parks championships. Don Martin, seeded No. 1, has been winning the championship, and the trip to Springfield, for as many years as the event has been contested. That is, with the exception of one year when Don knew he would be unable to make the trip, and gracefully defaulted to Fran Broughton in the finals, but only when he had brought to match point in the third set. Incidentally, Martin won the New England public parks title in 1933 and was the runner-up in 1934.

Last year Don Martin defeated Harry Sylvester in a one-sided final to the city tournament, winning 6-2, 6-2, 6-2. Martin had a harder battle with his old rival, Malcolm Clarke, in a semi-final. But Sylvester has nevertheless been seeded No. 2, ahead of Clarke, and will meet him in a semi-final, provided the seedings hold good.

Henry Jones, seeded No. 5, is the only player among the favored eight who did not play last year. He was seeded on the basis of his good showing in the 1933 tournament, and judging from a recent workout with the city champion, in which he gave as much as he took, Jones deserves his ranking. None of the top eight is in great danger of being upset before the quarter-finals, unless Jack Canter surprises Harry Sylvester in the first round.

Jackson Skillings, Brown University ace, is out of the tournament this year, since he is tennis instructor at a boys' camp on Cape Cod. He got to the quarter-finals last year and lost a close decision to Mal Clarke, but has since improved tremendously. Another collegian, Robert Ashley of Bowdoin and Waban, may be the first to upset the seeding.

Incendiary Fire At West Newton

A fire, apparently of incendiary origin, destroyed a large shed on the estate of James F. Ellis, 69 Cherry st., West Newton, early Tuesday morning. The fire was discovered about 12:20 a. m. by Patrolman Havey of the Waltham police and when Newton and Waltham firemen arrived the old, wooden structure was a mass of flames. The blaze was prevented from spreading to an adjoining cow barn and other nearby buildings. The damage is estimated at several hundred dollars. In recent years three other incendiary fires have been set in buildings on the Ellis farm.

Y. M. C. A.

Boy's Department

The summer program arranged by Mr. John Andrew, Associate Boy's Secretary, is attracting more boys than usual this summer. The daily swim at three o'clock, educational trips, instruction in swimming and life saving, baseball games, tournaments, etc., keep the boys busy during these hot summer days. The program for next week includes an educational trip on Monday, July 22nd, Junior baseball game with the Eagles on Tuesday, educational trip on Wednesday morning, outdoor games on the athletic field on Thursday, Friday—baseball game with the Newton Croscents, and on Saturday a group are planning to attend the Soap Box Derby Races in Boston.

Boston Boys Entertained

Following the custom of many years, groups of underprivileged boys are being entertained each week during July at the Newton "Y." Money is contributed by the Women's Organizations of different Newton Churches and by the Woman's Auxiliary of the Newton Y. M. C. A. The program of games on the athletic field, movies, swimming in the pool are supervised by Mr. John Andrew and Mr. Y. A. Anderson. A Committee of Ladies, of which Mrs. D. A. White is chairman, prepares and serves the luncheon, and Mrs. Howard Moore accompanies the boys in their singing.

Camp Frank A. Day

On Wednesday, July 17th, the first three week period at Camp Day was completed. About forty boys went to Camp to take the place of those who returned. Among those going were Marvin B. Perry, Jr., O. Rockwood Smyth, Raymond Malloy, Charles Thomas, E. Stuart Wilson, Raynor M. Thatcher, Robert E. Harding, Jr., Clifford Mosher, Donald Howie, Richard Smith, Richard Brownville, Charles E. Llewellyn, Hugh Mellor, Wallace W. Smyth, Richard Clark, Howard Thomas, Clifford Wheeler, Ray D. Roley, Jr., Wells Brown, William Sanborn, Robert Seeds, Edward W. Y. Dunn, Jr., Arthur Wright, Earl Lovejoy, Jack Perry, Charles Esty, Donald Craig, John Embach, Robert Guild, Richard Tower, Robert Bleiler, Borden Mosher, Roger Stiger, John Belocas, Jack Rippin, Robert McCaw, Page Burton.

Open Track Meet

An open track meet sanctioned by the New England Amateur Athletic Association and the State Y. M. C. A. will be held at the Newton Y. M. C. A. on Saturday at three o'clock. Entries have been sent to many clubs including the B. A. A. Boston Walkers' Club, Fairlawn A. C., Medford, Spartan A. C., Medford, Alpha Club, North Abington, Karhu A. C., Quincy, Norfolk Y. M. A., Boston, Oakdale Club, Dham, North Medford A. C., United Shoe Machinery Company-Beverly, West End Club, Posee Club, Curley Club all of Boston, Cunningham Gymnasium-Weymouth, Kanto Club-Maynard, and all the Y. M. C. A.'s in Massachusetts and Rhode Island.

An interesting meet is expected with competition in the following events: 100-yd. Dash, 220-yd. Dash, 440-yd. Run, 880-yd. Run, 1 Mile Run, 3 Miles Run, and 1 Mile Walk. The field events will include Running Hop, Step, and Jump, and the 12-lb. Shot Put. Gold medals will be awarded for first prize and ribbons for second and third places.

Entries may be signed at the Newton Y. M. C. A. up until Saturday noon by an athlete registered in the A. A. U. or the Y. M. C. A. An entry fee of 25 cents per man is required.

6 Months Sentence Of Auburdale Youth Suspended

George Annal, 19, of 119 Rowe ter., Auburdale, was arraigned by the Newton court on Monday charged with contributing to the delinquency of Irene Souza, 14, of Plymouth. Annal picked up the girl in Plymouth while on his way home in his car on a furlough from a CCC camp at Carver. She spent four days at his home during the absence of members of his family and was taken into custody at Waltham by a Metropolitan policeman after the youth had returned to camp. Annal's attorney pleaded that the youth's previous record was good and Judge Bacon suspended a sentence of six months in Middlesex County prison.

Newton Health Report For June

The report of the Newton Health Department for June states that there were 43 deaths in the city during the month; 16 males and 27 females. Included among the causes of death were: cancer, 7; alcoholism, 1; cerebral hemorrhage, 4; heart diseases, 7; arteriosclerosis, 3; pneumonia, 3; nephritis, 2; automobile accident, 1. Communicable diseases reported during the month included: scarlet fever, 11 cases; measles, 39; German measles, 43; whooping cough, 17; chicken pox, 3; lobar pneumonia, 8; pulmonary tuberculosis, 4.

Get Jail Terms For Small Theft

Frank Hamilton, 35, of Western ave., Brighton, and Frank O'Neil, 38, of 42 Lenox st., Brighton, were found guilty in the Newton court on Tuesday of stealing a car containing two gallons of automobile oil, value about \$1, from the Economy Grocery Store at Newton Centre. Each was sentenced to serve 30 days in Middlesex County prison for stealing the oil. In addition O'Neil was fined \$20 for driving a car without a license in his possession. Both appealed.

Rotary Club

At Monday's meeting at Braeburn three reels of movie film were presented by the General Motors Company. The first, "Behind the Bright Lights" gave an insight into the make-up and operation and maintenance of those mammoth electric signs that advertise in our large cities. The scenes showing the daily replacement of hundreds of burned out lights and the operation of the paper "script" which controls the moving, printed message were especially interesting.

Then came a more technical film on "Fire Control" which explained the ignition of the hot gases within the motor cylinder. Particularly noteworthy was the statement that it is an "ignition" rather than an "explosion" which operates our motors since an explosion of this gas would be two and a half times as powerful as dynamite and would leave little of the car itself.

The final film was a startling display of some of the tests to which the modern car is subjected. The most practical test consisted of driving the car over a long row of railroad ties to check on the springs and knee-action; and the most spectacular was rounding a curve so sharply as to cause the machine to turn completely over, land right side up, and drive off under its own power.

Auto Hits Man At Nonantum

Luigi Coattazo of 92 Allison st., Nonantum, was hit at the corner of Watertown and Chapel sts., Nonantum, about 11 o'clock Monday night by a car operated by Cecilia Patriacca of 62 Cook st., Nonantum. He received injuries to his right knee and right elbow.

Recent Weddings

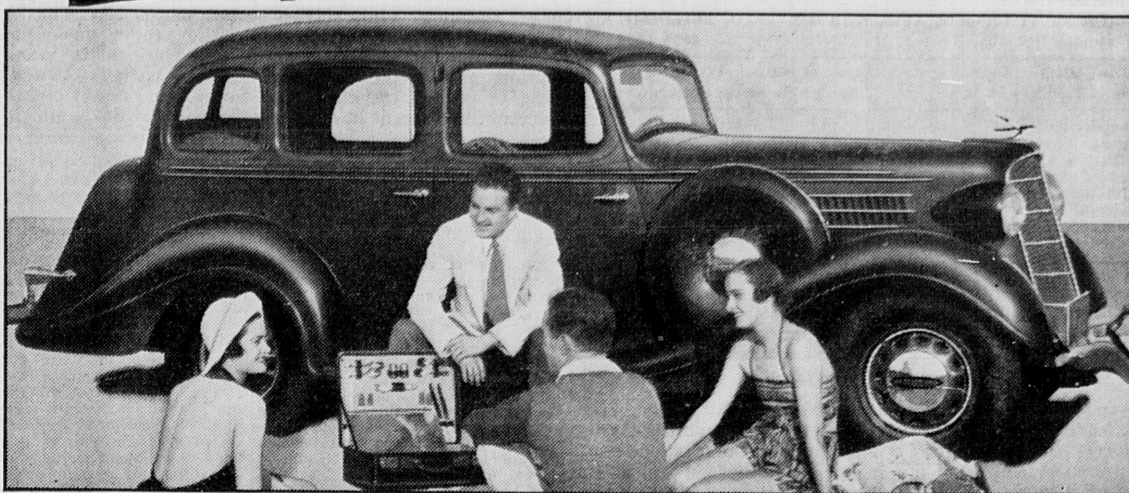

CORWIN—NORTON

Miss Lucille Norton, daughter of
Dr. and Mrs. Richard Norton of Ox-
ford rd., Newton Centre, was married
to Charles Russell Corwin, son of Mr.
and Mrs. Arthur Corwin of Winches-
ter, on Saturday, July 6th, in the
Methodist Episcopal Church at Ca-
taumet, Mass. Rev. Richard Norton,
grandfather of the bride, performed
the ceremony.The bride was given in marriage by
her father, Miss Frances M. Corwin
of Winchester, sister of the groom,
was the maid of honor and the brides-
maids were the Misses Barbara Cor-
win of Winchester, Virginia Milner,
Barbara Squier and Carol Leatherbee,
all of Newton Centre.Arthur Wright of Duxbury was the
best man. The ushers were Gordon
York of Somerville, Frank Curtis of
Milton, John Kunhardt of Melrose
Highlands and Benjamin Wild of Win-
chester and Bass River.A reception was held at the sum-
mer home of the bride's parents in Ca-
taumet.Mr. and Mrs. Corwin will make
their home near Boston after Septem-
ber first.The bride attended Miss Choate's
School and Smith College. Mr. Cor-
win attended the Browne & Nichols
School and Amherst College.

DOOLEY—O'BRIEN

Miss Anna Theresa O'Brien, daugh-
ter of Mr. and Mrs. Francis Thomas
O'Brien of Quincy, was married to
Edward Joseph Dooley, son of Mr.
and Mrs. Thomas L. Dooley of New-
tonville, at nine o'clock on Saturday
morning, July 13th, at St. Mary's
Church, West Quincy. Rev. Wm. T.
O'Connor performed the ceremony.The bride, who was given in mar-
riage by her father, wore a gown of
ivory satin in princess style and car-
ried an arm bouquet of lilies of the
valley and orchids. Miss Agnes
O'Brien, the maid of honor, wore
blue blue. The bridesmaids, Miss
Catherine and Miss Christine O'Brien,
wore lime green and carried old-fash-
ioned bouquets.Vincent Bowden Madden was the
best man. The ushers were Francis,
Henry and Arthur O'Brien of Quincy,
John Donovan, John Dooley and
George Hicks of Newtonville.A reception was held at the
Neighborhood Club in Quincy follow-
ing the ceremony.On their return from a cruise to
the North Cape and Bermuda, Mr.
and Mrs. Dooley will reside in Wel-
lesley Hills.The bride is a graduate of Notre
Dame in Roxbury, and Trinity College
in Washington, and has been a teach-
er at the South Junior High School
in Quincy. The groom is a graduate
of Our Lady's School in Newton and
of the Massachusetts College of
Pharmacy.**Marriages**CARTER—EVANS: on June 22 at Up-

engers in addition to the usual one
for the first class passengers.**WORLD'S SOUTHERNMOST CITY**Punta Arenas, the southernmost
city in the world, is situated in the
Straits of Magellan. Here it rains or
snows almost daily, yet the region is
healthful. There are 12,000 or more
inhabitants in Punta Arenas and sheep
thrive there, ranches packing nearly
20,000,000 pounds of mutton annually
for export.**Maryland**Maryland was named in honor of
Henrietta Maria, wife of Charles I,
King of England. The words of the
song were written in 1881 by James
Ryder Randall, a Baltimore newspa-
per man. The air was borrowed from
an older song.**Wasted Energy**"Don't walk de floor worryin'," said
Uncle Eben. "You jes' wear out shoes
without meetin' anybody dat'll lend
you money or give you good advice."**Aldermen Meet**The Newton Board of Aldermen
held a very interesting and lively
meeting on Monday night which was
attended by the attendance of near-
ly 75 Oak Hill and Newton Highlands
residents, criticisms of the Mayor and
the Director of Public Works by a
few of the Aldermen, and an attack
on the use of Cabot Park playground
by a circus. The meeting started at
8 o'clock with Vice President Floyd
presiding in the absence of President
Gordon. Other members absent were
Grebenstein, Holden, Melcher and
Rawson.The first matter on the docket was
a hearing on the petition of Minot
Cleansers for a permit to store 500
gallons of vendoline at 10 Hawthorn
street, Nonantum. William Apple-
baum, owner of this company, said
the liquid is neither explosive nor in-
flammable, that the building has previ-
ously been used for cleansing pur-
poses and had similar liquids stored
there. No person appeared to register
opposition. No one appeared to favor
or oppose the petition of Hector In-
corvati for a permit to increase the
storage of gasoline at 302 Watertown
street from 1000 gallons to 2500 gal-
lons.On the hearing on improving and
accepting Oakland street and Win-
throp avenue, Newton, G. Albert As-
hton of 77 Newtonville avenue and a
woman who spoke for George E. Rus-
sell of Oakland street, favored the
improvement. Mr. Ashton represented
Mrs. Grace Closson. A decided differ-
ence of opinions became evident when
the next hearing was announced—on
a petition for the improving and ac-
ceptance of Brackett road from Park
avenue westerly and northerly. Frank
Dennison of 113 Brackett road favored
the petition. He said that there is
mud and stagnant water on the street
365 days in the year. Burton Nel-
son of 88 Brackett road also favored
the petition and a letter was read
from David Greer in favor. Richard
Peakes of 75 Park avenue opposed
the improvement. He argued that
Brackett avenue alongside his prop-
erty is in as good condition as most
streets in the city. He said the
land near the houses of those who
favor the petition is full of
springs, the cellars wet, and the same
condition will obtain even though the
street is improved. Mrs. Louis Wad-
man of 139 Brackett road said there
is a large frontage at her property,
her home is assessed higher than other
houses on the street and she has
enough frontage to carry already with-
out betterment assessments added.
Simon Turin of 89 Park avenue also
objected. He said the assessment
now on his property is high.No persons appeared to speak for or
against the following petitions—grad-
ing and accepting Bald Pate Hill
road, Oak Hill; taking land for a
drain between Bald Pate Hill road
and Dudley road; laying drains and
sewers in Hereward road, Newton
Centre and Colonial avenue, Newton-
ville. The big hearing of the night,
taking land at Oak Hill for school,
playground and parking purposes is
referred to in detail under a separate
heading.On recommendation of the Licensees
Committee permits for pole locations
were granted to the Edison and Tel-
ephone companies on Parker street
and Concord street; a license for an
employment office to Lee Wasserman
and John Hickey, Jr. at 283 Auburnstreet and to keep 500 gallons of
vendoline at Minot Cleansers at 10
Hawthorn street. A public hearing
was assigned on the petition of Pearl
Green to establish a gasoline filling
station at 264 Centre street, Newton;
6000 gallons of gasoline to be stored
in three tanks. This locus is the for-
mer Bassett estate at the corner of
Centre and Williams streets, next to
the Watertown line.Appropriations made by the Board
included—pension for John Connolly,
retired Street Department employee,
\$458.87 compensation for H. D. Cho-
pe, Health Officer from June 18 to July 1,
\$144.43; Public Welfare Department,
temporary clerks, \$100; Water De-
partment, cleaning main on Water-
town street, \$800 additional; mains in
various streets, \$5375; materials for
ERA project at Cheese Cake Brook,
\$1500. Alderman Bowen, chairman of
the Finance Committee explained that
the compensation for Dr. Cho-
pe was necessitated because Dr. Francis Cue-
ris, former head of the Health De-
partment asked to be retired on June
18th instead of on August 1st as origi-
nally planned. He said the additional
\$800 for cleaning the water main along
Watertown street was necessitated be-
cause of more openings having been
required during this work than hadbeen anticipated, and that the total
cost of the cleaning for this year was
\$10,800. The \$1500 for Cheese Cake
Brook in connection with the ERA
project there is to dredge the brook
and build stone walls along either side
between Watertown and Craft streets,
and the river. Forty-five men have
been employed on this project. The
Cousens Fund trustees were empow-
ered to make a loan of \$1800.Petitions received at the meeting
and assigned to various committees
included—Albert Dinner, continuation
of drain on Woodchester Drive; Edith
H. Carter, drain at rear of Otis street
from Walden to Forest streets; Ed-
ward Mellus, grading and accepting
Stuart road; Frank K. Harris, grad-
ing and accepting Westchester road;
Middlesex Street Railway permit to
operate busses on Floral and Hyde
streets; Gulf Refining Company, permit
for service station at 732 Beacon
street in addition to present gasoline
station; Surety Cleansing Company in-
crease storage of varnoline from 100
to 500 gallons at 961 Watertown street,
and storage of 250 gallons of gasoline
at rear of that address; Blue Jay
Cleansers and Daniel O'Connell per-
mit to store 1000 gallons of clean nap-
tha and 500 gallons of "not clean"
naphtha at 227 California street.**HUDSON'S TWENTY-SIXTH "BIRTHDAY" CAR**On July 9, 1909, the first Hudson
car came off the production line at
the then recently organized Hudson
Motor Car Company's little plant in
Detroit. It received its final inspec-
tion and was turned over to the sales
department, then headed by Roy D.
Chapin, now president of the Hudson
Company.On July 9, 1935, exactly twenty-
six years later, Hudson-built car
Number 2,262,810 rolled off the pro-
duction line at the huge, modern
Hudson plant covering 77 acres. To
mark the completion of the anniver-
sary car, I. B. Swegles, vice-president
in charge of manufacturing, person-
ally supervised the final inspection
and turned the car over to W. R.
Tracy, vice-president in charge of
sales.The Hudson advertising depart-
ment prizes a copy of the first adver-
tisement, now framed in the office of
W. A. James, advertising manager,
which describes the original Hudson,
a roadster model. This car, the Hud-
son Twenty, had a 4-cylinder engine
and a wheelbase of 100 inches. Tires
were 32 by 3 inches. The list price
was \$900, including "2 large head-
lamps, generator, 2 side oil lamps,
tail lamps, full set of tools and horn."As a dramatic illustration of the
progress in automobile design, Hud-
son-built car No. 2,262,810 is a luxu-
rious 8-cylinder, 113 horsepower,
5-passenger closed car, with a wheel-
base of 117 inches, and with 16 by 6
inch tires, yet the list price is \$60 less
than that of No. 1 without "Bosch
magneto, top, Presto-Lite tank and
double rumble seat." And contrasting
with the proud statement that "one
of them has been driven a mile a
minute," a 1935 companion model to
No. 2,262,810 holds 39 official A. A. A.
stock car records, ranging from five
miles at 93.02 miles per hour, to 1,000
continuous miles at 85.84 miles per
hour.

POLITICS OR DUTY

When public officials become involved in any controversy one inevitable result is the hurling of charges of politics. Particularly is this true when those who figure in the matter are of opposite parties. And how much more complicated the affair becomes when a third official who has relinquished all rightful claim to party loyalty, is drawn into the affair by virtue of his position. We, of course, are referring to the turnpike accident in which the large sedan bearing the number plates S-1 figured on July fourth. There is no question that the affair will play a part in later political campaigns but Governor Curley alone gave his opponents the opportunity. If the practice of using motorcycle escorts had been curtailed following the fatal accident to a Boston policeman a few months ago there would have been no further cause for controversy.

But there is far more than politics involved in this serious situation. Leave out the question of politics and where does the true course of reasoning lead. Here is a state trooper seriously injured on the highways of a city, it matters not whether the city is Newton or some other city. The duty of the police department is to investigate that accident and to prepare for prosecution if necessary. In the event of an accident resulting fatally the laws decree that an inquest be held and responsibility for the fatality be determined. When the report of the local police is ignored or questioned by investigation of a state department there becomes reasonable doubt as to the accuracy of one of the reports. Whose responsibility is it and what steps should be taken? Should the matter be dropped and forgotten? We do not believe so. We further fail to see why any person should feel that because the registry of motor vehicles says a thing is so it is. The responsibility for determining whether or not the local police department is right or wrong is naturally that of the chief executive of the city whose police report is questioned. Here we have the basis for the hearing held by Mayor Weeks on Wednesday. First in preparation for an inquest or possible prosecution and secondly to determine the accuracy or inaccuracy of a police report which becomes part of a permanent record. There is little need to comment upon the evidence produced at the hearing. It is sufficient to say that the accuracy of the local police report was determined.

We have no doubt that Mayor Weeks realized that he would be charged with attempting to make political capital out of the case. Politics or no politics it was a duty that he would not dodge for which he deserves much credit.

TURNPIKE SPEEDING

The accident to the S-1 recently has resulted in a drive on speeders on the turnpike. Last week Mayor Weeks issued a warning that all speeders would be liable to prosecution regardless of their official position or influence. The flagrant fixing of cases throughout the state is one of the deplorable conditions of the day. During the past decade or more it has become comparatively easy to break the law and avoid the consequences. Particularly in minor violations of the automobile regulations. In this respect conditions in Newton are probably no worse than anywhere else. They may be better. Whether or not they are better or worse is not important. It is important, however, that if the drive against speeders on the turnpike is to be successful that each case be carried to a conclusion regardless of influence or position. Speeding, with or without an escort, is dangerous. Every automobile driver and every pedestrian on the turnpike or any other highway is entitled to safe conditions. As in the past our sole purpose in publishing court news of automobile violations will continue to be for the value publicity plays in promoting safety and regard for the law.

PLAYGROUND CIRCUSES

There is considerable merit to the arguments against the use of the playgrounds for circuses and other forms of entertainment for which admission is charged. One possible solution would be for the playground commission to adopt strict regulations against further use of playgrounds for other than playground purposes.

THE OAK HILL DEVELOPMENT

With several offers available for the development of the Oak Hill district where a school, playground, parking site and civic centre are proposed, considerable interest has been manifested in that section of the city. The south side of the turnpike comprises the most thinly settled section of the city. The Planning Board undoubtedly has in mind the proper development of this section in a manner which will conform to many other sections of the Garden City. There are various attractive features to each of the offers and we have no doubt but the final selection will result in an attractive plan of development.

ABOUT TOWN

By Edward H. Powers

A couple of years ago we severely criticised the granting of a permit for a carnival on a city owned playground at Nonantum. We contended that it is wrong and illegal to allow the use of playgrounds for carnivals, circuses or similar types of commercial enterprises. Our views have not been taken seriously by the powers that be in this city and we were not surprised when another permit was given serious consideration last year for the use of the Nonantum playground. Opposition which came from clergymen and other residents of Nonantum prevented the permit being granted.

Several weeks ago a permit was granted for the use of the Newton Centre playground for a small circus, the performance to be held under the auspices of the Newton Centre Women's Club. We said at that time

sisted he was correct in his contention that such use is illegal and quoted a legal case to prove he is right. He has received the concurrence of lawyers of ability. A practical way to prove this issue is for citizens of Newton to apply for an injunction against future use of playgrounds by commercial enterprises.

We do not condone thieving in any form, no matter how small the theft. But, it disgusts us when we observe big time thieves, such as the slick individuals who have wrecked banks and caused suffering to many thousands of depositors "punished" by a sentence of one year in prison, and some poor unfortunate who steals something valued at about \$1 getting a sentence of 30 days or even several months in prison.

At the hearing before the Aldermen on Monday night relative to the taking of land for a school and playground at Oak Hill, the argument was offered that there are several thousands of home sites in that area. If

that this would result in other organizations asking for similar permits. This week a large circus was allowed to hold performances on Tuesday at Cabot Park Playground. The permit was obtained through the medium of Newton Lodge of Elks. Numerous protests were received at the Mayor's office against this utilization of the playground.

The circus, Downie Brothers, is an old established, high type organization, managed by Mr. Sparks, one of the best known figures in circus life. It presents a good show and its managers endeavor to leave no grounds for criticism. We have no objection to a circus of this type coming to Newton every year. We remember the thrills we got anytime a circus came to this neighborhood when we were a boy and we derived pleasure from observing the boys trying to assist as the circus tents were being set up last Tuesday morning. They were hoping to get passes just as the boys in our day did. There is no comparison between a good circus and carnivals which depend on gambling for their revenue. But, neither has any right to use a public playground. Playgrounds are either donated or purchased by taxing citizens for the purpose of providing recreational facilities for children and also for adults. We have been told by the Director of Playgrounds in this city how difficult it is to produce and continue a well grassed surface at playgrounds. Such a surface, for instance, is yet to be seen at Cabot Park Playground. The accompanying photograph shows some of the hundreds of large stakes which were driven into the field at Cabot Park Playground on Tuesday. Despite the fact that a gang of playground employees were busy early Wednesday morning at the playground removing the evidences of the circus, we cannot be convinced that no damage was done. You would not allow a large number of big stakes to be driven into your lawn. Neither would you enthrall thousands of persons trampled over it, and rings were laid out on it for horses to gallop around. And if a playground is so treated year after year, the cumulative effect is hardly going to tend to improve the playground.

We can see why any organization should get a cut from the receipts of a circus or a carnival through being the medium by which a commercial enterprise obtains a permit to use a public playground. It is an easy way for an organization to get money, but it is a peculiar use of public property. We believe a decent circus should be given a permit directly to show in Newton provided it can obtain private land in a district where such a performance cannot reasonably be objected to. Prior to Mayor Weeks' administration the power to grant or reject applications for permits to a circus, carnival or the like, was exercised by the Board of Aldermen, and considered by the Licenses Committee of that body and consistently refused. Since 1930 it has been considered an executive function. From the standpoint of political expediency, we believe more votes are lost than gained by granting permits for such uses of playgrounds.

At the meeting of the Aldermen on Monday night, Alderman McCabe, who is a graduate of a law school, raised the point that it is not legal to allow the use of a playground for a commercial enterprise. City Solicitor Bartlett ruled that it is, in view of the fact that part of the proceeds allegedly are used for charity. McCabe, despite Bartlett's ruling per-

Oak Hill had such a number of homes, that section would become quite congested and evolve to a great degree from the type of community it has been planned to be. This argument was overdone.

The level land near Oak Hill which is offered to the city by the Hurley family for a playground site is admirably adapted for such a purpose and while we have not studied the plans sufficiently to be able to support the project of including 47 acres in a civic center in that village, we believe the offers of Mr. Hartmann and the other donors are entitled to serious consideration.

A petition was presented to the Aldermen on Monday night seeking to have Oakland st. and Winthrop ave. at Newton improved and accepted. These two streets have had residences on them for at least 75 years. They are on the steep northeast slope of Mount Ida and for some years have been impassable much of the time. They surely need to be improved.

The members of the ritual team of Newton Lodge of Elks deserve credit for the sacrifices they have made in rehearsing during the past four years, and in travelling to conventions in midwest cities when the weather was terribly hot in those cities and railroad trains were like ovens. These sweltering journeys cannot be termed pleasure trips.

This week Mayor Weeks announced: "I will instruct the police department of Newton, in the integrity of whose members I have the utmost confidence, that any persons, whether high state officials or ordinary citizens, traveling through Newton at unreasonable rates of speed will be prosecuted to the full extent of the law. And I will instruct the policemen to book such violators of the law regardless of power or position."

This statement of the Mayor is quite gratifying to the writer. For several years we have criticized the "fixing" of cases in Newton, as well as in most communities. A large percentage of autoists apprehended by police in Newton were not summoned into court. And members of the police department were not responsible for much of the "fixing." The accident in which Governor Curley's car was involved accomplished good if it will result in the police booking all violators "regardless of power or position," not alone as regards speeders, but also violators of other automobile laws and regulations. And the Mayor might well order Washington st. to be equally well patrolled against speeding as Worcester turnpike. There have been more persons fatally injured and seriously injured on Washington st. than the turnpike.

THE TOMB OF HOMER

What is generally considered as the last resting place of the poet Homer. The tomb stands on the northern side of the island in a district described as "The Garden."

HIGH MOUNTAIN IN STRAITS OF MAGELLAN

In the Straits of Magellan there is a high mountain, Sarmiento, 7,330 feet above sea level. Snow and glaciers cover 6,000 feet of it.

State To Control Level of River At Waltham

Further steps were taken by the Legislature this week to secure control of the riparian rights on the Charles River at Waltham in the interest of the people and to prevent further nuisances caused by lowering the level of the river between Waltham and Newton Lower Falls. A bill was introduced by Waltham and Watertown representatives on Tuesday calling for the appropriation of \$25,000 to purchase the riparian rights which now give private parties control of the dam at Moody st., Waltham. This dam was for over a century owned by the Boston Manufacturing Company, operators of the former cotton mill at Waltham. Several years ago this company went into bankruptcy and since then the ownership and control of the dam has passed into other hands, Waltham Factories, Inc., which is understood to be controlled by the First National Bank. For several years past the flashboards at the dam have been lowered on different occasions, causing the level of the river water to become so low that large areas of foul smelling mud have been exposed, stagnant pools of water formed, and canoeing on the river prevented. Such a condition has existed during recent weeks and many protests have resulted.

A bill had been introduced in the Legislature providing for the purchase of the dam and riparian rights at Waltham for \$35,000, but last week Representative Morris of Everett succeeded in having that bill held up by a resolve to have the matter studied by a recess committee of the Legislature. Mayor McDonald of Waltham and others then caused the introduction of a substitute bill calling for the appropriation of \$25,000 by the State. It was explained that if this sum will not be accepted in complete payment for the purchase of the dam, efforts will be made to raise \$10,000 by private subscription. The substitute bill was passed by the House of Representatives on Tuesday and by the Senate on Wednesday. As soon as it receives the signature of Governor Curley it will become law, the control of the river at Waltham by the State will be assured, and the river level from Moody st. to Lower Falls kept high.

Italian Festival Draws Big Crowds

The largest and most successful celebration ever given in Newton by residents of Italian extraction was held on July 13, 14 and 15 at Nonantum. The celebration was in honor of Our Lady of Mount Carmel and the outstanding feature was an impressive religious procession on Sunday afternoon from the Church of Our Lady along Adams and Watertown, West, Green, Chapel and Cook streets, and Lincoln road to the Hawthorn street playground.

The procession was headed by James Dangelo, chairman of the committee in charge of the celebration, and Dr. Alfred Amendola, president of the Italian Holy Name Society. Among the organizations in the parade were—St. Nicholas Society of Newton; Natick Legion Band; St. Michaels Society, Waltham; St. Anthony Society, Waltham; Children of Mary, Rev. James Fahey of Our Lady's Church and altar boys; the statue of Our Lady of Mount Carmel, Santa Maria del Rosario Society, Rosina Band of Natick, Santa Maria del Pace Society of Newton and hundreds of Italian residents.

At the playground, exercises were held which included addresses by Father Fahey and Hon. Edwin O. Childs. Sunday evening a band concert was given from 8 to 11. On Monday night another band concert was given from 8 to 11 by the Rossina Band and also one of the finest display of fireworks ever given in this city. The latter was under the direction of Mr. Natale of Providence. Between 15,000 and 20,000 persons were present, including visitors from many places in Massachusetts and Rhode Island. Adams street was decorated with banners and arches of colored electric lights and presented a gala appearance. The committee in charge of the affair extended its thanks for the co-operation received from Rev. John A. Sheridan, Rev. James Fahey, city officials, the police and firemen who assisted and all who contributed to make the celebration a success.

The committee was composed of James Dangelo, chairman; Louis Vasaletti, treasurer; Domenic Zarilli, secretary; Nicolio Volante; Nicolio Di Loffi; Daniel Mazzilli; Donata Ruffo; Domenic Messina; Donata Peruzzi; Angelo Denuci; J. Bianchi; Frank Abete; C. Civetta.

ANCIENT TROY IN WESTERN TURKEY

Ancient Troy was situated to the south of the Dardanelles in western Turkey. Almost the complete wall may now be traced. This was the scene of the world's greatest epic, the Iliad, by Homer.

TONS AND TONS OF ROSES AND ORANGE BLOSSOMS

Grasse, France, is a little mountain town given up to the production of flowers for use in manufacturing perfume. It turns out annually a half million pounds of roses and a million and a half pounds of orange blossoms.

VERY ANCIENT IS THE PORT OF DURAZZO

Durazzo, a port in the young Kingdom of Albania, was founded as Epidamnus by Corcyreans and Corinthians as a colony in the 7th century B. C. A quarrel between the two groups led to the Peloponnesian War.

Interest Rates

It is wisdom to be satisfied with a safe rate of interest on your savings rather than lose all by trusting to sources that promise greater returns.

This Mutual Savings Bank is conducted under the strict savings bank laws of Massachusetts. Its sole object is to offer you a safe place to keep your savings and pay you the highest rate of interest consistent with sound banking.

NEWTON SAVINGS BANK

"The Place for My Savings"

Walker To Head Gift Division of Community Chest

(Continued from Page 1)

ture and his experience along those lines assures a very fine program for the Mass dinner.

The next meeting of the Village Chairmen is scheduled for August 15th at the City Hall at 8:00 p. m. at which time a Chairman of the Clubs Division, to cover all clubs and fraternal orders in the City will be appointed; the Chairman of the Corporations Division, to cover the corporations in the City also will be announced, and the two Vice-Chairmen of the Campaign will be appointed. The group received a report from the Executive Secretary, who attended a conference of the Chest executives of the United States and Canada, held in Montreal on June 8th and 9th. Among other things, the Executive Secretary reported that average cost of raising money for social agencies in non-chest cities is 25%, that the average cost of raising money in chest cities the size of Newton is 8.6% and that Newton's cost for this year will be 6.3%. This fact alone, resulting in a savings of thousands of dollars, was felt by the village chairmen to be a justification for the work of the Community Chest.

Newton Elks Win Cup Again

The degree team composed of officers and members of Newton Lodge of Elks on Wednesday won first prize at Columbus, Ohio, in the ritual contest at the annual convention of the Elks. It was the third successive year that Newton won this honor and the convention passed a vote awarding permanent possession of the handsome cup to Newton Lodge. Newton scored 98.57; Monmouth, Illinois, was second with 93.19 and Newark, Ohio, 3rd with 97.19. The Newton team was headed by Thomas Ryan, Exalted Ruler. Others on the team included Hugh Boyd, David Greer, George Frophy, Thomas Coppinger, George King, Matthew Hurley.

Newton Dentist Gives Murder Clue

Dr. Leslie Russell, a dentist with an office at 815 Washington st., Newtonville, and a resident at 21 Oakland st., Newton, has given an important clue toward solving the identity of a woman, the treasurer, Domenic Zarilli, secretary, Nicolio Volante; Nicolio Di Loffi; Daniel Mazzilli; Donata Ruffo; Domenic Messina; Donata Peruzzi; Angelo Denuci; J. Bianchi; Frank Abete; C. Civetta.

Reappoint Riley To Police Force

John L. Riley, 44, of 141 Parmenter rd., West Newton, was reappointed on Tuesday as a member of the Newton Police Department. Riley was appointed a member of the department on May 1, 1916. In 1917 he received a leave of absence to enter military service during the war and in 1918 he returned to his duties on the police force. On May 19, 1920 he resigned from the department to return to the occupation of bricklayer which he had been engaged in prior to becoming a policeman. In addition to getting reinstated, Riley has been assigned to day duty.

CHRISTIAN SCIENCE

"Life" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, July 21.

The Golden Text is: "How excellent is thy loving kindness, O God! therefore the children of men put their trust under the shadow of thy wings . . . and thou shalt make them drink of the river of thy pleasures. For with thee is the fountain of life" (Psalms 36: 7-9).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "And he said unto his disciples, Therefore I say unto you, Take no thought for your life, what ye shall eat; neither for the body, what ye shall put on. The life is more than meat, and the body is more than raiment" (Luke 12:22, 23).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "If we follow the command of our Master, 'Take no thought for your life,' we shall never depend on bodily conditions, structure, or economy; but we shall be masters of the body, dictate its terms, and form and control it with Truth" (p. 228).

REAL ESTATE

Doris Carley's office reports the following families have secured the home they hope for in Newton at a price within their budget: Property 1553 Beacon st., Waban, leased for Margaret H. Eddy to Joseph W. Kelly; property 191 Mill st., Newtonville, leased for Sibyl S. Sloane to Dee S. McNaughton; property 69 Orchard ave., West Newton, leased for Edward B. Feaster to Charles D. Brown.

Enjoy Life At Camp Mary Day

A large and enthusiastic group of girls are enjoying their summer vacation in the Newton Girl Scout Camp on Nonesuch Pond, Cohasset. The camp opened its summer season of 8 weeks on Monday, July 1 with a large enrollment. Already one two-week group has left the camp and another arrived to take its place. Many of the campers are spending a month in this lovely spot and some are staying for the whole season.

The girls live in three units: The Cedars, The Birches, and The Pines. They are housed in Adirondack cabins and wooden tents.

Camp Mary Day aims to give each camper every possible benefit from camp life as well as a glorious vacation packed with fun and companionship. Every precaution is taken to assure the health and safety of the camper. The Outing in Scouting is emphasized, stress being laid on nature lore, swimming, boating and canoeing. The camp is run on the Patrol System, the girls helping to plan the program and doing all the Camp Kapers excepting the indoor cooking.

The pond offers a safe swimming place and the swimming period is always the most popular hour of the day. Boating is also hailed with gladness and those girls who have passed the required swimming tests and have their parents' permission are always on hand when it is time to go out in the canoes and rowboats on the pond.

Overnight hikes and gypsy trips are a part of the program this year and the girls look forward to new adventures with great enthusiasm.

The counselors who guide these girls and share all their experiences with them spent three days at camp before the girls arrived. This period was spent in talking over the program, making plans for the summer.

Miss Caroline L. Freeman, Local Director for the Newton Girl Scouts, who was been at camp ever since it started is Director again this year. Miss Margaret E. Adams, Field Captain, acting as Miss Freeman's assistant, has charge of overnight and gypsy trips, and also head of the Pine Ridge Unit which is made up of the oldest girls in camp. Her assistants in this unit are Miss Barbara Phinney and Miss Barbara J. Dales. Miss Ruth Hibbard is head of the Cedars, the youngest group. Her assistants are Miss Evelyn Hoffman and Miss Sally Tarbell who is also the Waterfront Director. The Birches are headed by Miss Mary McDonald who is also in charge of the nature work. Her assistants are Miss Lois Dales and Miss Anne Warren. Mrs. Helen Wakefield has charge of the craft and the girls are making many pretty things during the hours spent on this project.

Miss Edna Lilley, a graduate of the Faulkner Hospital is the Camp Nurse. She has charge of the health of the camp and is also teaching First Aid to a number of girls. Mrs. Henry Skelton is back at camp this year and is assisting Miss Freeman with the business management of the camp. Mrs. Lillian Pierce is the dietitian again this year and has Miss Margaret Sutherland as her assistant. Judging by the camp appetites, the girls appreciate all the good things cooked for them.

OLD HOME OF GENERAL WOLFE

People who visit St. Lawrence ports on the Franconia cruises during July and August will have a chance to visit the old home of General Wolfe, who captured Quebec and thus won Canada for the British. The house, now falling into ruins, is at Peninsula Point, Gaspé, and may be visited while the ship calls at the latter place.

Guzzi Protests Playground Jobs for Teachers

Alderman Guzzi of Ward 3 at the meeting on Monday night protested against the hiring of school teachers as instructors on Newton playgrounds. Guzzi's protest followed the objections raised by the three Aldermen from Ward 1 concerning the use of Cabot Park playground by a circus. He said that not only are school teachers, who receive good salaries, employed as instructors on Newton playgrounds, but some of these are teachers from places outside of Newton. He quoted the liberal compensation paid, ranging as high as \$45 per week. He said in these days when it is so hard for people to find jobs, and when men with large families have their Welfare Relief deducted if they even get one day's work from some source, public employment should be spread. He asserted that there are many capable, young college graduates in Newton who would be glad to get jobs as playground instructors, and that it does not require one to be a wonder man or a wonder woman to do this work. He said the Playground Director and the Playground Commission should be censured for hiring as instructors teachers who have good, regular salaries.

Consisting of two story brick building—one front entrance and basement.
BOARD OF LICENSE COMMISSIONERS.

J19.

MORTGAGEE'S SALE OF REAL ESTATE

By virtue and in execution of the Power of Sale contained in a certain mortgage given by JOSEPH O'BRIEN of Somerville, Middlesex County, Massachusetts, to the MASSACHUSETTS PLATE GLASS INSURANCE COMPANY, a corporation organized under the laws of Massachusetts, and having an usual place of business in Boston, Suffolk County, Massachusetts, dated June 30, 1932, and recorded with Middlesex South District Deeds, Book 5654 Page 187, of which mortgage the undersigned is the present holder for breach of the conditions of said mortgage and for the purpose of foreclosing the same, will be sold at public auction at 10 o'clock A.M. on Saturday, August 10, 1935, on the premises described, all and singular the premises described in said mortgage to wit:—

"A certain parcel of land with all the buildings thereon situated on Sunset Hill in the County of Middlesex, and shown as Lot number ten (10) on a plan of Sunset Hill Estates in Newton, owned and developed by Lawrence Brackett, drawn by Rowland H. Barnes and Henry F. Beal, Civil Engineers, dated November 1928 and recorded with Middlesex Deeds Plan Book 415, Plan 34, and bounded and described as follows:—

NORTHWESTERLY by Sunset Road, one hundred twenty (120) feet;

SOUTHERLY by Lot eleven (11), as shown on said plan, sixty-three and 14/100 (63.14) feet;

SOUTHEASTERLY by Lot twelve (12) and in part by Lot thirteen (13), as shown on said plan, seventy-nine and 12/100 (79.12) feet;

NORTHEASTERLY by Lot nine (9), and 79/100 (92.79) feet;

Said premises containing eight thousand ten (8010) square feet of land, according to said plan.

Being the same premises conveyed to me by James Hogan by deed recorded with Middlesex Deeds as Instrument No. 64 of June 25, 1932.

Said premises are subject to restrictions recorded with said Deeds Book 5608, Page 478.

Including all furnaces, heaters, ranges, mantels, gas and electric fixtures, screens, screen doors, awnings and all other fixtures of what kind and nature contained in said buildings, and hereinafter placed therein prior to the full payment and discharge of this mortgage."

Said premises will be sold subject to tax titles, unpaid taxes and municipal liens as assessed, if any.

A deposit of \$1000.00 in cash will be required at the time and place of the sale, and the balance in full terms will be announced at the time and place of the sale.

(signed) MASSACHUSETTS PLATE GLASS INSURANCE COMPANY
by Louis A. Ginsburg, Treasurer.
Present holder of said mortgage.

Hollis Asks Why Curley's Interest

Senator Arthur W. Hollis of Newton on Monday opened the hearing of the Mercantile Affairs Committee of the Legislature on the billboard bill by asking why Governor Curley is so interested in this bill. It has been alleged that Curley is endeavoring to have the bill passed because his son-in-law, Edward C. Donnelly, is an executive of the Donnelly Advertising Company, the largest billboard company in New England. Curley has denied the allegation. Raymond Wilkins, counsel for the billboard interests, told Senator Hollis that he could not answer the latter's question.

NEW HOUSE IN CHESTNUT HILL SOLD

John T. Burns & Sons, Inc., report that final papers have been passed conveying the property at 21 Ivanhoe st., in the Chestnut Hill district of Newton, from Edward Cohen to Cella Saxe. The property comprises a lot of 17,800 square feet of land, together with an English type brick home recently completed. The house contains ten rooms and four baths, with every modern appointment, and the total assessed value is \$18,200. The house is sold for occupancy.

Burns and Sons also report that papers have gone to record whereby the property at 84 Highland st., West Newton, has been conveyed by the Carter Estate to John Marshall. The house is a frame Colonial containing twelve rooms and two baths, and is delightfully located on a lot of 21,300 square feet. The total assessment is \$11,300. After extensive alterations, the purchaser will occupy as a home.

John T. Burns & Sons, Inc., report that they have rented the brick English type home at 277 Waltham st., West Newton, to Dayton P. Haigey. They have rented the brick and shingle English type residence at 97 Garland road, Newton Centre, to Lou E. Wechsler. In Newtonville they have rented the brick and frame Garrison Colonial at 37 Whittier rd. to John L. MacIver of Detroit, Mich. They have rented in Waban to Edward L. Moss the brick English Colonial residence located at 832 Chestnut st. They have rented to Sumner Howard the frame Colonial home located at 165 Aspen ave., Auburndale. They have rented the upper apartment in the frame two-family residence at 510 Lowell ave., Newtonville, to Max Thomas; and they have rented the upper apartment at 84 Winton rd., also in Newtonville, to David Hall.

NEWTON CENTRE ESTATE SOLD

Alvord Bros. report the sale of the beautiful estate located at 47 Hancock ave., Newton Centre. The dwelling is a dignified frame Colonial, containing eleven rooms and four baths, heated by a hot water system fired by gas. Over the three-car frame garage is an apartment of three rooms and bath. The property is unique in that the lot contains three-quarters of an acre of immaculate lawn, shrubbery and stately trees, all abutting on the Cochituate Aqueduct, immediately accessible to Newton Centre Square. Dr. Thomas H. Peterson, of Newton Centre, purchased from Mr. A. Oran Fulton of Boston. The whole parcel is assessed for tax purposes at \$17,500. Dr. and Mrs. Peterson plan to occupy their new residence immediately.

NASH PROCESS STOPS CORROSION

Something new in processes used to protect motor car parts from corrosion, has just been installed in the Kenosha plant of The Nash Motors Company. Although treatment of automobile parts is not new to the industry, the process used by Nash represents the last word in efficiency and has many advantages over the various other methods currently employed.

It is an entirely new development of the Parker Rustproof Company, known as "Spra-Bonderizing." This newly designed system is made up of seven compartments, in each of which a separate operation is performed as the Nash and Lafayette parts to be processed move through on a continuous conveyor.

Fenders, hoods, running boards, rear wheel shields and radiator splash aprons entering the first compartment receive a thorough cleaning in an alkaline solution sprayed from a series of nozzles, are then rinsed in the next two sections by both hot and cold water showers, and pass into the "Bonderizing" section where the "rust-resistant" compound is again sprayed on the chemically clean surface. Following this the parts are rinsed in clear water, again sprayed with a chromic acid solution, go from there through the drying oven and so to the production paint lines for the application of either paint or enamel.

This new "shower bath" system, according to Nash engineers, is capable of treating parts for twenty-five cars an hour and has the advantage over the previous "dip bath" method of giving each part a uniform coating over its entire surface. This, it is claimed, results in greater adhesion of the paint to the metal and consequently increases the rust-resisting qualities of Nash and Lafayette parts exposed to the weather.

MORE PEOPLE TRAVELING IN THE FIRST CLASS

June sailings from Cunard White Star indicate that the increase in first class travelers totals approximately 35 percent over last year. This is considered a concrete sign of the return of prosperity.

BILLINGSBATE ONCE FAMOUS FOR ITS BAD LANGUAGE

Billingsgate was once the principal port of Roman London. It is now dominated by a great fish market. Billingsgate in the old days was famous for its bad language, but today the visitor can walk through it without hearing a stray "damn".

Want City To Take Oak Hill Land

(Continued from Page 1)

of \$45,000 for 20 years? At the end of ten years, when any bonds that would be issued to pay for this improvement would mature, the city would probably be receiving as taxes, \$450,000 annually, more than twice the total cost of the improvement.

Let us consider for a moment what might happen if the city does nothing to help this undesirable swamp area. Usually undesirable land attracts undesirable people. We probably would soon have an undesirable district here, a "blighted" area. Those of you who have given any thought to the subject know that it costs much less to prevent a blighted area from coming into being than it does to cure a blighted area after it has taken root. This entire expenditure for drainage would be justified if it only served to protect our city from having a blighted area in our midst.

To sum up:

1. Neighborhoods require land for schools, playgrounds, and public parking. The best time to secure land for these purposes is in advance of building, because after a district has started to build up, the cost of large areas for public use becomes prohibitive.

In this instance, where the greater part of the land required for public use is offered as a gift, it would seem that the public interest would call for its being accepted. Should it not be accepted, it will never be possible to have it offered again.

2. Unless the City takes steps to improve this swamp area by drainage the district immediately adjacent to it may become a "blighted" area which the City will be obliged to clean up at some future time at great expense.

3. The cost of this improvement is warranted by

- (a) The value to the city of the gift of about 40 acres.
- (b) The fact that the cost of drainage which is an expense the City will eventually incur, whether they accept this gift or not, the remaining items of expense are nominal and need not all be done at this time but may be extended over a long period of years so that the development of the community will bear the expense of the project.

Henry S. Cummings, representing the Oak Hill Improvement Association, also spoke at length in favor of the petition. He said—

Residents of the Oak Hill section of Newton are not primarily concerned as to which property or properties the City should acquire so much as they are intensely concerned with having adequate school facilities for its immediate present needs—so woefully lacking and admittedly inadequate at the present time.

Since the original Oak Hill School was erected (it is the second oldest in the City) when there were enough children to fill one small classroom, the District has grown to ten times its former size. Over 300 children are now living within its boundaries and are forced to travel many miles a day to other sections across the Worcester Speed Turnpike, other main thoroughfares, to schools at present greatly overcrowded. These 300 children are all of grade school age and the figures are of record the result of a recent survey, plus newcomers to the District known to have arrived since the survey was made.

The Oak Hill District is a rapidly growing residential community. There is no other section in the Newtons that has shown so substantial growth or that has still so much space available for further development as possible in this isolated offshoot from the Highlands and the Center. 3,200 homes sites remain still to be developed, nearly half of which center in the general locality of the proposed new school site. It is convincing evidence of the potential development of the district from a residential point of view—as well as an indication of the probable growth in the school population. Besides, the City could justly anticipate increased tax revenue from this section if adequate school facilities were made available.

In the Nonantum area during the last ten years the development in the building of new structures has amounted to about 13% of the total number of homes located therein. In Newton Upper Falls, according to the recent Federal Survey, the growth has been 16%; while in the Oak Hill District the growth has been more than 50%. In the entire district this same survey showed that 92% of our structures are of the single privately owned and occupied residential type of home which is a very desirable type development for the City.

The argument for adequate school facilities is not only evident but is a desperately immediate one. The proposed site is within one or two miles of all points within the district and would help to draw children away from the Turnpike area into a beautiful natural setting, where sufficient playground facilities can be in close proximity to the school and where traffic will be confined primarily to that involving only school transportation.

We would have you consider the following facts bearing on our situation:

1. During the last 10 years the community has doubled in size, indicating the trend of present and future development.
2. The School project has been carefully considered by the Newton School Committee, the Newton Center Parent-Teachers Ass'n, the Oak Hill District Improvement Ass'n, and his Honor, the Mayor—all of whom unreservedly recommended it.
3. Present school facilities provide for two classrooms—with an approximate capacity of 50 children. It is over a mile away from the center of the supposed School Population which is believed to be nearer Greenwood and Country Club Roads.

4. Congestion and overcrowding at schools in the Center and the Highlands will be greatly relieved by erection of a local school in the Oak Hill District. Parent-Teachers Ass'n have so reported to the School Committee formally and unanimously.
5. Safety of children is of utmost importance in getting them to and from schools. You, as parents, should appreciate the unalterable and unavoidable danger and hazard of having children cross a high speed turnpike several times daily particularly when the children range in age from 5 to 14.
6. The erection of a grade school in the Oak Hill District will attract development of new homes—ultimately enriching the City through increased tax return offering further justification for the expenditure of money for School purposes now.
7. Convenience and accessibility of school to the School Population is equally important. For some families four round trips daily to the Center or Highlands in transporting their children means traveling more than 15 miles a day, a tremendous burden on some parents and quite protestable for a community already contributing as much as it does to the City in taxes.

We, therefore, urge you gentlemen first, to recognize the need of providing adequate school facilities in the Oak Hill District; second, to authorize the City to acquire land wherever in their judgment seems most desirable; and third, that you approve the Mayor's recommendation that will lead to the immediate construction of the School proposed.

Thomas Fallon of Oldfield road said that parents of small children residing in Oak Hill and who must go to schools at Newton Centre, are forced to make three or four trips each school day accompanying their children to and from school. He said many prospective purchasers of homes at Oak Hill are deterred by lack of school facilities there. Charles Trefry of Solon road told of the difficulty experienced by children in getting across the turnpike because of the heavy and rapid traffic on it. James Easty of Dedham street said the present school at Oak Hill was an old building when he went there years ago. Miss Gohinet Hurley of Hagen road, Newton Centre, said she had been approached by parents of children who will not go to a new school at Oak Hill, but will need playground facilities.

William Hickey of Brookline, representing the Barry estate, owners of the seven acres of land which it is proposed the city shall seize as the site for a school house, was the only speaker to oppose the petition. Mr. Hickey stated that it appeared that real estate men are getting on the band wagon. He warned the aldermen against diverting as large an area as 47 acres for public purposes. He argued that if this is done, much tax revenue, and there will be considerable expense in the maintenance of so much public property. He said the Oak Hill section is entitled to a school, but the question arises—"Shall the City of Newton go into the real estate business?"

Frank Hurley of Hurley place, said he had not intended to speak, but he resented Hickey's statement that real estate men are back of the petition. Mr. Hurley said he is not in the real estate business, but is an old farmer whose family are offering the largest contribution of land for the Oak Hill civic centre. He told of boys of the district playing on his land because they have no playground in that section.

James Kingman of the Newton Planning Board said that for 20 years the Board has had an eye on Oak Hill and this seems a great opportunity for needed development. Herbert Kelway of the Newton Planning Board said the whole secret of the needed development as planned for this civic centre is proper drainage of the area involved. He said that Newton Centre years ago had just such a swampy area and through foresight had the city drain it and convert it into a playground. He asserted that in other parts of the city are playgrounds which were formerly low areas and were drained and improved by the city without betterments having been assessed. He said it is the duty of the city to develop the Oak Hill area as proposed, and all that is needed is "Vision."

Theodore L. Badger also took exception to Mr. Hickey's contention that the plan is fostered by real estate men. He said he is not in the real estate business, but is one of the three largest contributors of land, should the plan be accepted. A letter was read from George A. Benway protesting against the petition because it will increase the burden on taxpayers. On a showing of hands about 60 favored the petition and 2 opposed it.

Alderman Hutchinson said that the Oak Hill project is of far reaching importance and Mayor Weeks had recommended that a special committee of three Aldermen be appointed to study the site offered and any other plans which may be suggested as alternatives. Alderman Temperley said it would be a departure from usual procedure to appoint such a committee. He said the rules of the Board of Aldermen provide that such matters shall be referred to the Public Works Committee. Alderman Floyd, who presided at the meeting, said Temperley's objection was well taken.

Alderman Atkins said he would not vote for a motion to appoint a special committee unless other equally needed school projects are also given consideration. He read a letter of protest from the Ward 1 Improvement Association calling attention to the need of replacing the 81 year old Lincoln School and the Elliot School. Alderman Hutchinson said the committee could only consider the Oak Hill school site and cost and not the broader subject of comparative urgency of

other needed school buildings. Alderman Guzzi said the special committee should have 7 members, one from each Ward; he argued that a committee of 3 may come from one part of the city. He said he could fill City Hall with residents of Ward 3 who want a new school in the Franklin School district. Alderman Cronin said the mayor had given no reason for the appointment of this special committee, that the regular rules of the Board should be followed and the matter referred to the Public Works Committee. He said—"Why does he (the Mayor) want the rule abolished at this time? This is not good government." Alderman McCabe said he agreed with the Alderman from Ward 3 and wanted a new school to replace the Elliot and Lincoln schools included in the consideration. Vice President Floyd said that according to the rules of the Board the matter must go before the Public Works Committee, but the special committee can work in conjunction.

Alderman Temperley said that if the Public Works Committee decides to report that the Oak Hill plan is inexpedient, the Board will be facing two things. He said the rules of the Board should be adhered to and every member can study this Oak Hill question.

The motion on the appointing of the special committee of 3, as recommended by the Mayor was then put. On a voice vote only a couple of members were heard to vote "Yes," and several times that number apparently voted "No." Vice President Floyd declared the motion lost. Alderman Guzzi doubted the result and asked for a rising vote. By doing so, Guzzi, who was opposed to the motion, defeated his cause. Obviously, some of the Aldermen who either had not voted "No" on the voice vote, or who had voted "No," shifted, and voted "Yes." By a vote of 8 to 7 the motion was carried.

As the Hindus See It

To the Hindus, a system of philosophy is an insight, a "darsana," a vision of truth and not a matter of logical argument and proof.

New Hlds. Woman Killed By Train

Mrs. Gwen L. Beard of 190 Woodcliff rd., Newton Highlands, was killed Monday night at the Randolph st. railroad crossing in Weymouth when the automobile she was driving was struck by a train on the Old Colony division of the New Haven railroad. A flashing red signal warned pedestrians and autoists of approaching trains and railroad officials stated that the signal was properly working. Mrs. Beard's companion in the car, Mrs. Greta McMahon of Tiverton, R. I., was critically injured. Mrs. Beard was not familiar with the locality and had stopped a few minutes before the accident to inquire directions from an attendant at a gasoline station.

Mrs. Beard was the wife of H. Warren Beard, who is New England agent for a Pennsylvania furniture company. He was in Chicago on a business trip when the accident occurred and Mrs. Beard had been visiting Mrs. McMahon. Mrs. Beard was born in Kenova, West Virginia, and attended Marshall College. She had been a resident of this city for three years. She is survived by her husband; her parents, Mr. and Mrs. Clyde Handley of Kenova; a sister, Pauline Handley of Newton Highlands, and three other sisters and a brother who reside in West Virginia. Her funeral service and burial were held at Kenova.

Deaths

QUINAN; on July 11 at 257 Pearl st., Newton; Mrs. Margaret Quinan.

DOW; on July 12 at 33 Salisbury rd., Newton; James E. Dow, age 51 yrs.

HOWE; on July 13, George L. Howe of 354 Newtonville ave., Newtonville, age 77 yrs.

BEARD; on July 15 at Weymouth; Mrs. Gwen Beard of 190 Woodcliff rd., Newton Hlds.

OSBORNE; on July 17 at 16 Fairlee rd., Waban; Mrs. Ethel Osborne, age 55 yrs.

CONNOR; on July 17 at 11 Broadway, Newtonville, Mary A. Connor, age 85 yrs.

PARKER; on July 17 at 120 Farlow rd., Newton; Henry A. Parker, age 87 yrs.

SHAW; on July 15 at 18 Whittemore rd., Newton; Mary T. Shaw, age 35 yrs.

ROBERTSON; on July 15 at 11 Woodbine rd., Auburndale; John R. Robertson, age 78 yrs.

WARD; on July 13 at 17 Orris st., Auburndale; Andrew Ward, age 78 yrs.

Former Newton Resident Named Law Chairman

At the Annual Meeting of the American Bar Association, this week in session at Los Angeles, George R. Grant was elected Chairman of the Section of Public Utility Law.

GEORGE R. GRANT

Mr. Grant, with his family, now resides in Woodlawn avenue, Wellesley Hills, but for many years prior to 1932 was a resident of Newton.

Utility law has been his specialty throughout his professional career. He is General Attorney of the New England Telephone and Telegraph Company, a post which he has held for some years.

A native of northwestern New York State, Mr. Grant is a graduate of Cornell University and has always been active in the alumni interests of that institution. He has been President of the Cornell Club of New England, and at present serves on the Executive Committee of the Cornell Law Association.

Recent Deaths

MARY A. CONNOR

Miss Mary A. Connor of 11 Broadway, Newtonville died on July 17. She was born in Watertown 85 years ago and had resided in this city for over 50 years. She is survived by one sister, Margaret L. Connor. Her funeral service was held this morning at Our Lady's Church. Interment was in Calvary Cemetery, Waltham.

ANDREW WARD

Andrew Ward of 17 Orris street, Auburndale died on July 13th of heart failure. He was born in Waltham 78 years ago and had resided in this city for over 40 years. He had been a carriage painter by occupation. He is survived by his widow, Mrs. Hannah (Connolly) Ward; three daughters; two sons; and a brother. His funeral service was held on Tuesday and burial was in Calvary Cemetery, Waltham.

Results of Newton Traffic Survey Are Published

Comprehensive Report Gives Many Details

The results of the Traffic Survey made in Newton several months ago under the auspices of the CWA and the ERA were issued during the past week in the form of a comprehensive bound volume of 145 mimeographed pages replete with illustrations, graphs, maps and charts. The volume is attractively designed and shows that the ERA workers who made the survey gave serious attention to their task. The GRAPHIC will during the next several weeks print excerpts from the traffic report.

The report recommends that a three year program be started in Newton to improve traffic conditions and lessen automobile accidents. One recommendation is that a traffic bureau be established in the Newton Police Department and that a number of additional policemen be appointed to cope with traffic problems. Mayor Weeks, on Wednesday stated that funds are not available now to commence the recommended program. The budget for this year has been passed and the tax rate declared. So, the campaign to lessen traffic hazards must wait.

The report includes an analysis of accidents in Newton, charts showing traffic volume on various streets and at intersections, places where accidents have been recurring, suggested changes in parking, traffic ordinances and signals, police activities, education through schools and other publicity, and suggestions for lessening traffic hazards and violations.

The report shows that during 1934 (Continued on page 4)

Water Mains Job Will Start Monday

Will Be Laid Under Several Miles of Street

Next Monday the Newton Water Department will start work on the laying of a 12-inch main at Washington st. and Jackson rd., Newton. This large main, known as a supporting main, will be laid in several miles of streets and will afford added fire protection to the Nonantum and Newtonville districts, in addition to assuring improved water supply facilities. The main will go down Jackson rd. and thence along Pearl, Watertown, Jasset, Faxon and California sts. to Parkway rd. It will continue on Parkway rd. to Wyoming ave., Nevada st., across the golf links to Albemarle rd., Watertown st. to Brookside ave. and down that street to Washington st. The cost of the work is estimated at \$81,000. It will give work to Water Department employees as well as 25 Street Department employees, and it is expected to take about 12 weeks to complete. Next year it is expected that 12-inch mains will be laid under a number of other streets in the city at a cost of about \$100,000. Most of the streets where the large mains are to be laid are now served by 6-inch mains.

Brocklesby To Run for Alderman

John F. Brocklesby of 18 Murray ter., Auburndale, has announced that he will be a candidate for Ward Alderman from Ward 4. He is a life long resident of the city, 35 years of age and an employee of the Middlesex & Boston Street Railway. He is a graduate of Newton High School. Two years ago he was a candidate for Alderman-at-Large from Ward 4 against John H. Gordon.

Newton Fireman Wins Damage Suit

Walter Burke of Derby street, West Newton, a fireman attached to Engine 4, Newtonville, won two suits which had been entered against him and which were tried before Judge Lynch of Milford in the Newton court on Wednesday. The suits were brought by Lucy Winters formerly of Waban avenue, Waban, who asked \$1000 for personal injuries; and Charles Scott of 1473 Washington street, West Newton, who asked \$80 for damages to his automobile. On February 7, 1933 a fire truck driven by Burke and a car driven by Scott collided at Washington and Walnut streets, Newtonville. Miss Winters and Scott claimed that Burke was responsible for the collision.

Judge Lynch in making his decision said: "I find as a fact that the defendant exercised judgment in not passing the plaintiff on the left and he had no time to stop the truck to avoid the collision as the plaintiff turned his car into the truck." Judge Lynch stated. He added that the fire truck was "not going too fast."

Lovely Appointed Policeman

Francis Lovely, Jr., of Dalby st., Nonantum, has been appointed a temporary patrolman on the Newton police force. Lovely, who is 27 years of age, heads the eligible list and will probably be given the next regular appointment to the force. He is married and several years ago won recognition as an amateur pugilist.

Fined For Speeding On Turnpike

Annie P. Burnett, 24, of 267 Hill side st., Milton, a nurse, was fined \$10 in the Newton court yesterday for speeding on the Worcester turnpike. Patrolman Barr told the judge that the Burnett woman drove at a speed of 74 miles between Parker and Hammond sts., Chestnut Hill.

Appoint Rogers To Police Force

James W. Rogers, 35, of 1665 Centre st., Newton Highlands, was appointed to the Newton police department last Friday by Chief Hughes. He was first on the civil service eligible list. He had been employed as a chauffeur.

Big Welcome for Winning Elks

The ritual team of Newton Lodge of Elks was given a rousing welcome last Saturday night upon their arrival at this city from the Elks' national convention at Columbus, Ohio, where they won first prize for the third consecutive year in the ritual competition. The eleven members composing the team arrived at Newton Lower Falls in automobiles and were met by a motorcade of sixty cars and the band of Newton Post, American Legion. With red flares burning the procession went along Washington st. to Centre st., Newton Corner and the Elks' Home. The firemen at Engine 2, West Newton, Engine 4, Newtonville, and Engine 1, Newton gave the victors noisy salutes by means of the sirens and bells on the apparatus as the procession passed these three fire stations. At Elks' Hall congratulatory speeches were made by Hon. Edwin O. Childs, P. E. R. of Newton Lodge; John F. Burke, P. E. R. of Boston Lodge; George Colgan, P. E. R. of Cambridge Lodge; Daniel J. Honan, P. E. R. of Winthrop Lodge.

The members of the team are: Hugh S. Boyd, Exalted Ruler; Thomas L. Ryan, Esteemed Leading Knight; David Greer, Esteemed Loyal Knight; Robert P. Driscoll, Esteemed Lecturing Knight; Edward Wright, Jr., Esquire; John Cullen, Inner Guard; George P. Brophy, Chaplain; George King, Organist; Matthew Hurley, Tiler; Thomas Coppinger, Secretary; Horace Belisle, candidate. The team was awarded permanent possession of the \$1000 silver cup when Governor David Schultz of Florida had a motion passed authorizing such action by the convention.

Charge Youth With Car Theft

James J. Goodbar, 20, of Chapin rd., Newton Center, was arraigned in the Newton court on Wednesday on charges of stealing an automobile; attempted larceny of automobiles and operating after his license had been revoked. He was bound over to the Grand Jury by Judge Brown under bail of \$4500. Goodbar was arrested at Newton Centre square Tuesday night by Patrolmen Smith, Green and Keating after they had observed him enter three automobiles which were parked on Beacon street. Goodbar was identified by two witnesses as the youth who on last Saturday took from Newton Centre square a car owned by Alexander Stevens of 703 Chestnut st., Waban. The car was found abandoned the following day on Tyler ter., Newton Center.

Many Newton Students at B. U. Summer School

The annually increasing importance and popularity of summer study for teachers and members of many other professions are reflected in the fact that 1175 students have registered in Boston University's 21st annual Summer Session, which ends August 10 according to an announcement made today by Dr. Daniel L. Marsh, president of Boston University, and Prof. Atlee L. Percy, director of the Summer Session. Among these students are the following from the Newtons:

Newton Center — Donald Melville Irwin, 853 Commonwealth ave.; Eileen Frances Sheehan, 715 Commonwealth ave.; Arthur L. Spring, 25 Loring st. Newton Highlands—George Beal, 309 Lake ave.; Eleanor H. Clark, 138 Allerton rd.; Carl C. Peterson, 22 Aberdeen st.; S. Everett Pollard, 133 Oakdale rd.; Chas. L. Goodrich, 198 Woodcliff rd.

Newton Upper Falls—Katherine T. Murphy, 19 Wetherell st.

Newtonville—William H. Coombs, Jr., 70 Hall st.; Caroline Merrill Drew, 70 Grove Hill ave.; Eliza L. Hunter, 175 Walnut st.; Kenneth Joseph La Plante, 24 Wyoming rd.; Charles H. Rosenthal, 197 Madison ave.; Ruth Stebbins Swanson, 179 Crafts st.

Auburndale—Gordon Wells McKay, 8 Maple st.

West Newton—Mrs. Elizabeth H. Benzanqui, 22 Perkins st.; Mary Grace Gianferante, 391 Cherry st.; Maurice E. Peters, Jr., 55 Ellis rd.; Helen R. Welch, 101 River st.

Waban—Walter Hatfield, 312 Quinobquin rd.; Marjorie B. Holman, 156 Carlton rd.; Elizabeth Nichols, 52 Rokeby rd.; Robert C. Patterson, 51 Holly rd.; John C. Rosenfeld, 26 Dorset rd.; Robert Gladwin, 12 Wamset rd.

Newton—Virginia Frances Alford, 11 Thornton st.; Katherine McHugh, 102 Charles River parkway; Mary Stuart, 90 Boyd st.; Hamilton Young, 223 Park st.; Dorothy Tremble Moyer, 382 Renich st.

Of the 1175 students, 493 list their occupation as that of teacher. In addition to the teachers there are 45 principals, 22 college professors and instructors, 4 headmasters, and 4 teacher-coaches. The second largest group in the 73 different occupations which are listed is that of students, with 192. No occupation was listed by 187. Among the others were such widely differing positions as minister, nurse, law clerk, musician, salesman, hotel clerk, lawyer, librarian, real estate agent, social worker, organizer, art editor, college president, theatre manager, dental assistant, physician, draftsman, life guard, state representative, director of religious education, dean of girls, trustee, electrician, newsdealer, artist, archivist, travel agent, delivery man, podiatrist, mental hygienist, physio-therapist, and proof-reader.

The Summer Session students came to Boston from 31 states and 9 foreign countries, including the Argentine, Canada, China, France, Greece, Hawaii, Philippine Islands, Porto Rico, and the Straits Settlements. They are also a well-educated group, for they have previously attended 244 other institutions of higher learning in all parts of the world.

Conference On Oak Hill School

Mayor, Aldermen, School Committee Planning Bd. Meet

A conference was held at City Hall on Monday evening relative to the proposed school and playground at Oak Hill. Those present included Mayor Weeks, Aldermen Lyon, Goddard and Colby (who compose the special committee to consider this matter), School Committee Members Amesbury and Butts, City Solicitor Bartlett, and Messrs. Kingman, Kellaway, Mellus and Whidden of the Planning Board.

At the public hearing before the Board of Aldermen on July 15, plans were shown for a proposed civic center at Oak Hill for which 40 acres of land would be donated and 7 taken by right of eminent domain. This area would provide a school house site, playground and parking space and would include territory between Parker, Dedham and Greenwood streets. At the meeting, Messrs. Kingman and Kellaway of the Planning Board favored the acceptance of this area. At the conference on Monday evening, this large area, as well as alternative locations for the school and playground were discussed.

According to the plans shown at the hearing on July 15, the 7 acres to be taken for the school site are part of the former Barry farm, and the owners of this property, through their attorney, William J. Hickey of Brookline, objected. The Barry property contains around 25 acres of land and objection was raised to the city seizing only part of it.

One of the alternative locations which has been proposed for a new school at Oak Hill is near Greenwood street, and more easterly than the locus specified at the hearing on July 15. Such a location would be nearer the geographical center of what has been heretofore known as the Oak Hill section—that area bounded on the north by Boylston street, on the west by Parker street and a continuing line to the Charles River, and on the south and east by the river and the Brookline and West Roxbury boundaries.

But, according to the arguments submitted by the Oak Hill Improvement Association to show the need of a new school district in that section, the number of pupils who would be served by such a school included a large number of children residing west of Parker street toward Walnut street, and in the Charlemont district which lies between Winchester street, the Charles River and Needham street. To serve these areas in addition to the Oak Hill section, the locus specified on the plan shown at the July 15th hearing would be much more central and practical. The Charlemont section has been quite distant from schools and the city has been compelled to provide bus transportation for children residing there. A school nearer Parker street would eliminate the need of bus transportation for children living in Charlemont, and would also be much nearer to children residing west of Parker street.

Policeman's Car Goes Into River

An automobile driven by Patrolman Thomas Coyne of the Boston police, and a resident of Mosely st., Dorchester, went over the curbing on Charles River parkway near the foot of Charlesbank rd., Newton, about 5 a. m. last Friday and became nearly all submerged in the water. Coyne escaped injuries, got out of the car, and left the scene. A passing motorist saw the car in the river, the Metropolitan police were notified, and under the direction of Sergeant O'Connor a squad dragged the river near the scene of the accident in the belief that some occupants of the car might have been drowned. Later it was learned that Coyne was alone in the car.

Charlemont Sewer Must Be Largely Reconstructed

Ground Water Seeping Into Cracked Pipes

Because of serious defects that have developed along the sewer which was laid during the past year paralleling the Charles River from Elliot street, Newton Upper Falls to Wallace street in the Charlemont section, much of it will have to be replaced. This sewer, 7000 feet in length, is the first section of a project which will serve the Charlemont and Oak Hill districts. It was constructed as a PWA project with 30% of the cost coming as a grant from the Federal Government. Plans for the sewer were prepared by the Engineering Department of Newton and approved by PWA engineers.

The contract was awarded to Richard White & Sons of West Newton at a figure of \$97,747. In accordance with PWA provisions Newton residents had to be employed whenever possible, and skilled workmen had to be employed under PWA regulations. Herbert D. Hurley of 934 Watertown street, West Newton, a civil engineer, was Inspector on the job for the City of Newton, and Lloyd Chellman was resident engineer for the PWA. Vitri-fied clay pipe, 24 inches in diameter and of double strength was laid. Work on the project was started the latter part of last May and completed on March 1, 1935. Difficult excavating was encountered, clay and rock composing most of the material to be removed. The trench paralleled the Charles River, located for the most of the distance from 10 to 50 feet from the bank. The trench was from 3 1/2 to 19 feet deep; the average depth about 8 feet.

During last winter it became evident that leaks had developed in the sewer when water penetrated into it to a perceptible degree following a wet spell. It was found that many of the pipes had cracked; the tops of the clay pipes giving under the pressure of the heavy clay and rock which had been used as a refill after having been excavated. Through these cracks ground water seeped into the sewer and the runoff water which previously ran into the river was intercepted by the refilled trench and kept the clay on top of the sewer pipes moist and heavy, whereas under ordinary conditions the refill would soon have dried out.

Much of the sewer will have to be rebuilt and it is probable that a cement concrete enclosure will have to be built around the clay piping to afford protection. It is estimated that this work will cost at least \$30,000. It is probable that City Solicitor Bartlett and Director of Public Works Ellis will go to Washington next week to confer with Federal officials relative to a contribution of 30% from the WPA. Director Ellis and City Engineer Harvey state that every reasonable precaution was taken in the construction and laying of the sewer, and that the PWA officials and engineer gave close supervision, and approved both the plans and the manner in which the work was done.

Head List For Fire Dept. Lieut.

On Saturday the Civil Service Department of Massachusetts published the list of eligibles for promotion to Lieutenant in the Newton Fire Department. Twenty four men took the recent examination and twenty qualified. The six who received the highest ratings are the following: Thomas J. Burke, 197 Cypress st.; John L. Keating, 1335 Walnut st.; Everett Siebert, 27 Floral st.; John H. Marchant, 273 Lexington st.; John H. Martin, 248 Pearl st.; George F. Saunders, 30 Upham st.

THE WEEK IN NEWTON SPORTS

By JACK MORRIS

Y WINS EIGHTH IN ROW—PLAY ALL-STAR GAME WEDNESDAY

Y. M. C. A. have continued their climb winning their eighth straight game on Wednesday against Centre A. C. They are now tied for fourth place with West Newton A. C. and Scholastics and are only 2½ games from the lead.

During the past week none of the first division teams suffered defeat but during the coming week with West Newton A. C. and Y. M. C. A. both meeting City Club and the "Aces" meeting West Newton A. C. there are bound to be changes in the first division.

The Annual All Star game has been definitely settled for Wednesday, August 7th, at West Newton Common; the opponents being a team selected from the umpires and directors employed by the Playground Department.

The unofficial line-up is as follows: All Stars—Lansed, catcher; Bagley, Spelman, Ayres, Tahaldi, Nick, cone; Infielders: Hannon, C. Leary, Bland, Al Casteau, Dolbier, outfielders: Red Joyce, Choquette, McAdams, Bouzan, Pitcher.

Umpires—Bridley, Crowley, pitchers: Morrissey, Catcher; Bennett, Sullivan, Lombardi, Flag, Tedesco, Duane, Infield.

J. Proctor, J. Leary, Lawless, Herlby, C. Gallagher, J. O'Neill, H. Miller, Outfield.

Jack Barwise and Hal Morrison will coach and manage the All Stars. The umpires feel that they have an easy game and no special coach will be designated.

"Buck" Donahue will probably be the umpire's selection to be in charge of the game. However the players feel that this is their one chance to get a crack at the umpires and they have nominated Bob Ciccone as their official.

Players lists for the remainder of the season have been approved and only names appearing on this list will be eligible for the play offs.

Chairman Barwise of the Banquet Committee reported that the West Newton Catholic Club Hall has been selected for the League banquet. It was agreed to allow managers to sell tickets to non-members of the league and twenty-five tickets were allotted to each team for this purpose.

Schedule for Week of July 29, 1935
Monday—Y. M. C. A. vs. Garden City Club at Cabot.

Tuesday—Catholic Club vs. Centre A. C. at John W. Weeks (W. N.).

Garden City Club vs. West Newton A. C. at Victory.

Sacred Heart A. C. vs. Newton A. C. at Thompsonville.

Wednesday—Centre A. C. vs. Sacred Heart A. C. at Highlands.

West Newton A. C. vs. Newton City Club at John W. Weeks (W. N.).

Newton Town Team vs. Newton Cubs at Victory.

Thursday—Newton City Club vs. Y. M. C. A. at Highlands.

Scholastics vs. Newton Town Team at High School.

Newton Cubs vs. Auburndale B. B. C. at Cabot.

Friday—Newton A. C. vs. Catholic Club at Victory.

Auburndale B. B. C. vs. Scholastics at Auburndale.

SEEDER PLAYERS WIN IN CITY TENNIS PLAY

With twenty-one of the first round matches out of the way, no upsets have been recorded in the annual city tennis championship being played on Newton playground courts. Five seeded players came through with one-sided victories, while Paul Rich advanced by default and Harry Sylvester got a stiff battle from Jack Canter before winning 6-4, 9-7.

First round, upper half: Donald Martin d. Porter Jarrell 6-0, 6-1; B. Derow d. Richard Griffin 6-2, 8-6; Frank Wetherbee d. Robert Stewart 6-0, 6-1; M. S. Porter, Jr. d. Wilson Walker 6-3, 6-4; Henry Jones d. Donald Manchester 6-2, 6-1; Paul Rich won from Jack Healey by default; R. P. Ashley, Jr. won from Bernard Mullen by default; Willard Babcock d. Sam Wyatt 6-3, 6-0; Kersam Chobanian d. Victor Haven 6-3, 7-5; Robert DeBourke d. Loring Thompson 6-3, 6-1; W. Watson d. Robert Symonds 8-6, 3-6, 7-5.

First round, lower half: Jack Higgins d. T. O. Sylvester 6-3, 6-1; Philip Segal d. D. J. Scott 6-1, 6-0; Basil Ridgway d. J. F. Head 6-1, 6-1; Edward Strum d. Richard Rice 6-1, 6-3; Hollis Whitten d. Robert Griffin 4-6, 6-2, 7-5; Albert Freeman d. Richard Tonsley 6-0, 6-2; Johnson Quick d. Frank Light 6-3, 4-6, 8-6; Harry Sylvester d. Jack Canter 6-4, 9-7.

Billy Betz and Philip Scanlon are the finalists in the younger boys' singles championship at the Newton High school courts. In a semi-final match, Betz defeated Bill Harber by the narrow margin of 4-6, 9-7, 6-3, while Phil Scanlon drew a bye when Jimmie Gallagher defaulted.

Three Stars In Cast Of aramont Film Feature

Three's a crowd—but three famous personages head the cast of "No More Ladies," opening Sunday at the Paramount Theatre, Newton, for four days. They include Robert Montgomery and Franchot Tone, who compete for Joan Crawford's favor.

Montgomery, in the role of the husband, however, has a slight advantage, as all who saw the A. E. Thomas stage hit will recall. Tone is cast as a quiet society man in contrast to the Montgomery part. Featured with this all-star threesome are Charles Ruggles, Edna May Oliver, Gail Patrick and Reginald Denny. On the same program, Jack Holt in "Awakening of Jim Burke" with Florence Rice and Kathleen Burke.

Question: Wives—Have you ever put your husband on the spot with your spotlight aspirations?
Answer: See Will Rogers in "Doubting Thomas." A cyclone of fun about stage-struck wives and thunder struck husbands. The supporting cast with Will Rogers is as follows: Billie Burke, Alison Skipworth, Gail Patrick, Sterling Hooloway and Francis Grant.

Will Rogers in "Doubting Thomas" starts Thursday to Saturday, August 1 to 3. The co-feature is Noel Coward in "The Scoundrel."
Tom Mix is featured in the thrilling serial "Miracle Rider," every Saturday matinee with the usual stage program featuring Bob Mills.

Newtonville Townsend Club Elects Officers

At the regular meeting of the Newtonville Townsend Club, held July 12, at 28 Walnut st., Newtonville, the semi-annual elections were held with the following results:

President, Mr. John McHugh; Vice President, Mrs. Jas. McDonald; Sec., Miss Ruth M. McCloud; Treasurer, Mr. D. R. MacClennan.

The next regular meeting of the club, to which all are invited, will be held at 283 Walnut st. on August 9, 1935.

HUDSON TRUNK MODELS BOON TO CAMPERS

One of the reasons for the rapid growth in the popularity of trunk models is the great capacity provided for camping and picnic equipment. All of the equipment shown in the photograph can readily be stowed away in the spacious trunk of this Hudson touring sedan model. In addition there is room for a couple of extra robes.

Tents, cooking equipment and even

Pet Exhibition In Newtonville

The Horace Mann playground in Newtonville was the mecca of the boys and girls of the Nonantum District, Wednesday afternoon, when an opportunity of parading their pets was presented to them.

Pets of all kinds were brought by our young Americans to the playground for the edification of their playmates and parents. All of the five playgrounds of this Nonantum district, Boyd, Hawthorne, Stearns, Victory and Horace Mann, were well represented in the parade of canines, reptiles, felines, rodents, fowl, fish, turtles, rabbits and last but not least, goats.

Parents and children to the number of 800 enjoyed with beautiful pleasure the efforts of the contestants to make their particular pets the "outstanding" pets of the exhibition.

The large number of pets, 142 in the parade, is sufficient evidence that the youngsters of today are exactly like their forbears in the fond feelings which they have for animals. They like to make sincere friends of their pets and the hobby of cultivating friendships for a homely, unpedigreed canine is repaid bountifully in the loyalty and friendliness of that animal who regardless of the cruelties of life upon his master will never forsake him.

The wholesomeness of acquiring the hobby of kindness to animals and making pets of them is surely recognized by our young people, and as has been said by our Superintendent of Playgrounds, Ernest Hermann, "It is the most substantial training that we can give our young people, the training to make one's self busy and happy in cultivating the highest motives of kindness and fidelity, those characteristics which emanate from the constant association with animals."

The parade was extremely interesting not only because of the variety of pets but because of the sincerity of the owners of the pets. It was a lesson in child psychology. The little fellow who exhibited a bantam rooster was just as sincere in his endeavor to show his pride, as the little girl who was lucky enough to have "Tatters," a beautiful dog and an old pet of full pedigree, who was once the pet of Henry I. Harriman, former president of the Chamber of Commerce.

It is not possible to name all the different children who gladdened their own hearts and those of their parents. Some of the outstanding pets and their owners were Richard Boudreau and Barbara Pentoso and their kitten who were given a blue ribbon as the cutest boy and girl.

The cutest little dog carried by Joan Framont was given a blue ribbon. This puppy was outstanding in its bashfulness.

The "quintuplets," beautiful Chow puppies, the pride of Michael Farina, were given a rousing cheer. Mike is very proud of his pets and well he might be. They were "outstandingly cultural."

Sammy Esposito and Eddi Anticello were given a white ribbon for their very active quadruplets. Jeannette LaCroix had the cutest all white kitten which looked as though it had just come out of Jordan's window so immaculate was its fur.

Frank Foley's canary was very interesting and Frank did his best to "give us a song." The funniest costume was that of Clifford Chartier who as a "Hobo" and his dog Rex brought much applause. Joan McGrath as a farmer with Bunny Rabbit was unique.

Allen Nubincio and his "Billy Goat" was unusually interesting and looked very comely as they paraded before the judges. Billy behaved exceptionally well being high hatted to the 9th degree.

Helen Calhoun had Mickey perform dog tricks and Clifford Chartier's, Rex made the Airedale very popular.

A play period was held after the parade and in the Pull the Lion's Tail—a new game, the boys from Hawthorne, Frankie Salvucci, Jerry Terrenzio, Aldo Carlo, Danny Leone, Jerry Cellucci, Fred Proia, Frankie Tocci, Danny Cedrone, were victorious.

The spaghetti eating contest was won by Joe LaCroix of Victory who ate faster and more completely than the others that large dish of the favorite food.

The wheelbarrow race was won by Bobby DeRosier of Boyd. Bobbie outstripped all the others easily in the noble art of wheelbarrowing.

A short entertainment was given by the Horace Mann Playground boys and girls. There was tap dancing by Shirley Calabro; a song by Eva Messina and an original Irish skit by Joan McGrath and Helen Hicks. A

group of songs by Sam and Joe Nicolozzo brought tumultuous applause. Their expression and feeling as they sang was perfect.

The Good Ship "Lolly Pop" was rendered nicely by a quartet of Kay Hicks, Shirley Craterville, Agnes Bedigian and Joe Nicolozzo.

The next "Hobby Day" is at Hawthorne, Thursday afternoon, August 1st, when a "Horrible Parade" is scheduled. More fun is sure to be the result.

The Pet show and program at Horace Mann was in charge of the directors of the playground, Mr. Leo Sullivan, and Miss Margaret Callanan, assisted by Miss Evelyn Darnody and Mr. Joseph Nolan and under the general supervision of Mr. John B. Dacey, supervisor of the Nonantum District.

These Hobby Days are sponsored by the Playground Department under the direction of the Superintendent, Mr. Ernest Hermann.

Other entries were pets owned by Gus Chartier, Cliff Chartier, Sarkis Chinian, Louis Carvelli, Joan McGrath, Peggy Hickey, Marie Kelly, Helen Hicks, Dorothy Kelly, Catherine Hicks, Elizabeth Hicks, Myrtle Huston, Sylvia Norgizzian, Barbara Healy, Polly Bedigian, Agnes Bedigian.

Clemency For Reckless Driver

Frank Zwonus, 20, of 53 Calvary st., Waltham, was given a break in the Newton court on Monday when he was tried for operating a car so as to endanger the lives and safety of the public. Last March Zwonus stole an automobile in Waltham and was captured by Newton police after a wild chase in this city. He was convicted in the Waltham court for the theft of the car and sentenced to Bill Chinnin, Louis Carvelli, Joan McGrath, Peggy Hickey, Marie Kelly, Helen Hicks, Dorothy Kelly, Catherine Hicks, Elizabeth Hicks, Myrtle Huston, Sylvia Norgizzian, Barbara Healy, Polly Bedigian, Agnes Bedigian.

Recent Weddings

DOW—BARRETT

Miss Ruth Whitney Barrett, daughter of Mr. Harrison Barrett of Cambridge, became the bride of James Drummond Dow, Jr., son of Mr. and Mrs. James Drummond Dow of Waban last Saturday afternoon in the Appleton Chapel of the Harvard Memorial Church in Cambridge. The Rev. Smith Owen Dexter, formerly of Concord, assisted by the Rev. Leslie Talbot Pennington, minister of the First Parish Church in Cambridge, performed the ceremony and the bride was given in marriage by her father.

She wore her grandmother's wedding dress of cream lace and carried an old fashioned bouquet. Her sister, Mrs. William Paul Thompson, (Elizabeth Barrett) was matron of honor and wore lavender blue mouseline de soie and carried an old fashioned bouquet.

Miss Susan Smith, flower girl, wore a peach truck and carried flowers similar to those of the matron of honor.

Dr. William Paul Thompson of Boston, brother-in-law of the bride, was best man. The ushers were Mr. Paul Revere Crowley of Somerville, and Mr. Murray Pease of West Newton. Following the ceremony, a small reception was held at the home of Mrs. Melville M. Bigelow on Brattle St., Cambridge. The bride is a graduate of Radcliffe College and the bridegroom of Harvard College and Harvard Law School. Mr. and Mrs. Dow sailed on the S. S. Laconia. After their return they will live in Cambridge.

MACURDA—FARNUM

Miss Virginia Farnum, daughter of Mr. Samuel May Farnum of 11 Gibson road, Newtonville, was married to Paul Curtis Macurda, of Newtonville and Wiscasset, Maine, at Emmanuel Church, Boston, at noon on Saturday, July 20. Rev. Lloyd Gilmett performed the ceremony.

The bride, who was given in marriage by her father, wore a gown of white satin in Princess style with a Queen Anne collar of antique Brussels lace and a long veil of point applique and carried a sheaf of Easter lilies tied with white satin ribbon. Mrs. Thaxter A. Williams of Newton Centre, the matron of honor, wore periwinkle blue chiffon and large leg-horn hat trimmed with periwinkle blue velvet. The maid of honor, Miss Willie May Curtis of St. Louis, Mo., wore a gown similar in chartruese green. They carried bouquets of summer flowers tied with yellow satin ribbon. Miss Jeanie Morrison of Saugus was the flower girl.

Thaxter A. Williams of Newton Centre was the best man. The ushers were John Earl Farnum of Grafton, Donald Bradford Macurda and Carlisle Macurda of Boston and C. Lawrence Macurda of Melrose, the latter three being brothers of the groom.

A wedding breakfast was served to the immediate families at the Charles River Country Club.

On their return from a motor trip to Canada, Mr. and Mrs. Macurda will reside in Newtonville.

The bride attended St. Martin's School in Tours, France. She belongs to the Daughters of the Revolution and is a descendant of William Brown, one of the members of the first provincial Congress. The groom graduated from the University of Chicago in 1926. He is a descendant of Governor Bradford.

CARUSO—DALY

On last Saturday evening, July 20, at eight o'clock at the Sacred Heart Church, Newton Centre, Miss Catherine Helen Daly, daughter of Mr. and Mrs. Daniel Daly of 64 Bowen st., Newton Centre, became the bride of Selby J. Caruso, son of Mr. and Mrs. A. A. Caruso of 25 Mague ave., West Newton. Rev. John Reynolds performed the ceremony. Bishop Spellman was to officiate at the ceremony but was called away suddenly on account of the serious illness of his mother. Mr. Francis Cronin played the wedding march.

The bride, who was given in marriage by her father, wore a gown of silk chintilly lace with train. Her veil of silk illusion with a double cap effect was caught with orange blossoms and she carried a bridal bouquet of white roses and gardenias. The maid of honor, Miss Marie Daly, sister of the bride, wore blue silk lace with large French felt hat and carried tall and slender roses and larkspur. The bridesmaids, the Misses Margaret Kerriwan, Newton; Ruth Hiscok, Allston; Louise DeGeorge, Newton; and Terry Dalean, of Worcester, wore pink silk lace with large French felt hats and carried tall and slender roses.

The best man was William Collett of Worcester. The ushers were John Casey of Lowell, head usher; Albert Carvelli of Newton, George DeGrasse of Newton and Michael DeGeorge of Newton.

A reception was held at the Bonnar Atwood Studio, Newtonville, immediately following the ceremony, which was attended by about one hundred guests. Among the guests was Senator Charles T. Daly of Medford, cousin of the bride. Music was furnished by an orchestra.

Mr. and Mrs. Caruso are touring the Cape and will be at home after August 11th. The bride is a graduate of Newton High School. The groom is a graduate of Newton High School, Boston University and Northeastern Law School and is manager of the Loan Department of the Newton Trust Company at the Newton Centre office.

Part of Solomon's Temple
The walling place of the Jews is thought to be one of the walls of King Solomon's temple.

Average Family Larger

North Carolina claims statistics prove its average family is larger than that of any other state.

Rotary Club

The speaker of the Monday meeting was Dr. Carleton S. Ford, of Atleboro. His subject was "Hocus Pocus—Medical Oddities, Prehistoric to Date." Starting with the description of the incantations practiced by primitive man to drive out the spirits, Dr. Ford traced some of the odd and unusual aspects of medical treatment right down to the artificial fevers induced by electrical means today to "drive out"—and they do effect real cures—certain mental diseases.

For the most part, his talk was concerned with the Hocus Pocus type of cure; and Hocus Pocus, he told us, is simply a debasement of an old Latin chant, Hoc est Corpus (This is the Body), used by early healers as they applied their remedies and charms in a similar way. "Quackery" and "Quacks" are traced from healers who administered quicksilver for certain ailments and hence came to be known as the "Quicksilverers"; then, "quack salvers"; and finally "quacks". In the beginning, it was a perfectly reputable term, apparently.

The medical science possessed by the ancient Greeks and Arabians is more or less familiar to readers of history, but it was news to learn that the Chinese had a highly developed system in ancient times which was based almost entirely upon observations of the pulse and tongue; and it wasn't any mere count of the pulse rate or glance at the tongue but rather a careful observation of the pulse for 30 to 120 minutes or more in all of its aspects.

Very interesting indeed were citations of prescriptions from a pharmacopeia published a few years after Shakespeare gave the world that magic formula in the famous witches' scene in Macbeth. Shakespeare seems to have been right up on the medical practice of his time. For instance, a cure for cancer consisted of the powder derived from grinding the bodies of 30 to 40 toads which had been pounded to a crisp; and another compound effective for many ailments contained: oil of rosin, oil of "hole," the ground-up skull of a man who had died a violent death, and some mummy dust.

The speaker afforded some insight into the way in which some real medicines have been developed when he told how the ancients observed and came to follow the habits of turtles who always ate the leaves of a certain plant after they had been bitten by poisonous snakes.

Anyone interested in pursuing this subject further can make an excellent start by reading Buck's History of Early Medicine.

WARFIELD—PATTON

Announcement has been made of the marriage of Miss Katherine Thayer Patton, daughter of Mr. and Mrs. Herbert W. Patton of Hillside rd., Newton Highlands, to Earl C. Warfield, son of Anthony Warfield, also of Hillside rd., Newton Highlands, which took place on July 17 at a quiet home wedding. Rev. Wm. E. Austill performed the ceremony. The bride was attended by Miss Nina G. Caldwell of Island Falls, Maine, and Edward Beau of Lynn was the best man.

GORDON—HOWARD

Announcement has been made of the marriage of Miss Elizabeth A. Howard, daughter of Mr. Elmer F. Howard of East Northfield, to George B. Gordon, son of Mr. and Mrs. Albert S. Gordon of Balcarras road, West Newton, which took place at East Northfield on June 28, at the home of the bride.

The bride is a graduate of Middlebury College, Vermont, class of 1926 and the groom attended Wesleyan University, class of 1927. He is at present associated with one of the large Boston banks.

Mr. and Mrs. Gordon will reside in Cambridge.

South Sea Metropolis

Papeete, capital of Tahiti, a South sea paradise, is the largest town between Honolulu in Hawaii and Auckland in New Zealand. The population is 4,000.

Plague Was Genesis of Great Oberammergau Play

"Oberammergau lies in the Ammer valley between the slopes of the Bavarian Alps in the extreme southern portion of Germany not more than ten miles from the Austrian border," notes the National Geographic society.

"The play and, therefore, Oberammergau's fame is the outcome of a terrible plague which swept down on the village in 1332. It was brought by one Kasper Schisler, a native of the village, who was employed in the neighboring hamlet of Eschenlohe. Schisler, though dying with the plague, dragged himself over the mountain passes to see his wife and children.

"During the fall of that year and until the summer of the next the plague took a toll of forty-eight lives. The village elders, the 'Council of Six' and 'Council of Twelve,' met in the parish church to consider what could be done. They vowed to keep the 'Tragedy of the Passion' every ten years. It is reported that from that hour no one died of the plague in Oberammergau."

"The houses of Oberammergau, many of which have their upper stories frescoed with religious and fairy-tale scenes, are not in systematic rows, but are set down in the village as if they were placed in a Christmas garden. Some are half hidden by vines and trees. The villagers still cling to their Bavarian costumes on Sundays and gala festive days."

Collie, a Good Hunter, Happiest, Best at Work

Once conscious of the responsibility reposed in him, one collie will perform work which would otherwise require the combined efforts of more than twenty men. Moreover, he not only excels in that performance but accomplishes what man is incapable of doing, says an authority in the Los Angeles Times.

Left to the labors of man alone, the task of marshaling a bleating flock of sheep would require more hands than the returns from the sale of stock would be capable of maintaining. Conclusive then is the fact that, without the collie, the world at large may never have known the enjoyment of the palatable lamb chop.

Few dogs possess the fertile resourcefulness of this all-round dog qualified to the demands of many breeds rolled into one. Endowed with an excellent nose, he is often employed in hunting small game. He is an excellent vermin killer. Gentle, slow to anger, shy of strangers, yet not ferocious, he makes an ideal watch guard or companion for man, woman or child. He is, nevertheless, happiest at his best when working among sheep . . . doing the hardest day's work demanded of the canine race.

Cathedral of Notre Dame

The cathedral of Notre Dame at Rheims, begun in 1212 and completed in the Fourteenth century, was one of the finest specimens of Gothic architecture in Europe. Hundreds of statues and statuettes adorned its western front, while over the center of the triple portal was a magnificent rose window of exquisite amber-colored Thirteenth century glass. The vast interior was in perfect symmetry, and was adorned with a profusion of sculptured figures, magnificent tapestries, and rich old glass. It contained a fine organ, a clock with moving figures, one of the oldest in existence, and the flask of holy oil which tradition asserts was brought from heaven by a dove sent to St. Remy or Remigius, who was baptized Clovis, king of the Franks, in 496. The cathedral was nearly destroyed in 1914 when the city of Rheims was shelled by the Germans. After four years of war all that remained of the edifice were the walls and the series of statues within the west wall. The rose window of Rheims has been restored.

Flower Meanings

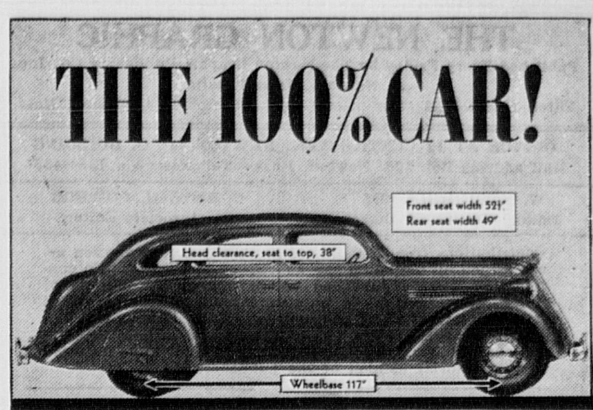

Flowers, according to florists, have meanings it's well to keep in mind. The crocus implies cheerfulness; the lily-of-the-valley, return of happiness, and the violet, constancy or modesty. The pansy insinuates heartsease or thoughts; the buttercup, riches or memories of childhood; and rosemary and the forget-me-not, remembrance. The hyacinth is sent for sport, the daisy points to innocence, the peony to bashfulness, and the bachelor button to celibacy. Roses are for love and lilies for purity, the sunflower for constancy or adoration, and the orchid says "a belle." The water lily, the floating blossom so appropriate for summer tables, stands for eloquence and purity of heart, and speaks fully for itself.

Hawks Worry Game Breeders

The brain of a pheasant seems to hold a special attraction for the Cooper hawk, recent happenings in the Williamson game management project indicate. Hawks of this species have been observed to attack adult pheasants, remove the brain, and leave the rest of the carcass for other predators. Dead pheasants have been found with only the head mutilated.

Deep and Shallow Water

Deep water is not more buoyant than shallow water and it should be just as easy to swim in one as in the other. The idea that deep water is more buoyant may have arisen from the mental effects produced; in shallow water we know that at the least fatigue we may stand on the bottom, while in deep water we are more likely to exert ourselves more and swim better.

THE new Nash '400' combines all good features of all cars . . . plus many betterments other cars do not possess. No other car at or near the price offers so many advancements that mean so much to performance and comfort . . . Simplest, cleanest motor ever designed—amazing in smoothness and economy . . . Latest, strongest, safest body construction. . . . Finest of hydraulic brakes. Equalized spring action at all four wheels. And the greatest performance feature of all time, the Nash Automatic Cruising Gear, is available at slight extra cost. Seeing the "400" isn't enough. You simply must drive this car!

Aeroform Design . . . Super-Hydraulic Brakes . . . Steel Top, All-Steel Body Rapid Service Hood . . . Automatic Cruising Gear . . . Mid-section Seating . . . Balanced Weight . . . Synchronized Springing.

Summer School Music Festival At Auburndale

Pageantry and Dancing On Program for Tomorrow

On the Lasell Junior College campus at 4 p. m. Saturday, July 27th, the children of the Auburndale schools who have been attending the special music classes in the Williams Public School under the direction of the faculty of The American Institute of Normal Methods will join in the presentation of a folk festival. Pageantry and dancing have been developed by Stella Marek Cushing of New York, nationally known authority on the folk customs and music of Europe. Parents of the children and the general public are invited to see the work which is the culmination of two weeks of intensive study in various phases of music instruction.

The program for Saturday includes visiting classes in the Williams School from 9 to 11, where regular work will be shown in singing, dancing, music appreciation, piano class, instrumental study, and elementary orchestra. The faculty of the school includes Mrs. Nellie Wicher Shaw, director of music in Brockton; Miss Frances G. French, associate director of music in Boston; Miss Frances Dunning, head of the music department of the State Teachers College, Newark, New Jersey; Miss Grace G. Pierce, director of music in Arlington, Mass.; Miss Margaret Lowry, director of high school music, Corsicana, Texas; Mrs. Alma Holton Rich, director of music, Melrose, Mass.; Miss Sally Root, of New York; Miss Alta Colby, director of high school music, White Plains, New York; Mr. C. Paul Herfurth, director of instrumental music, East Orange, N. J.; and Mr. Horace Butterworth, Instrumental Supervisor, Washington, D. C.

At 11:15, Dr. James L. Mursell, Associate Professor of Education, Teachers College, Columbia University, will address the students of the summer school in the gymnasium of Lasell Junior College. School administrators, music supervisors, and general educators from all the New England States have been invited to hear him.

The afternoon program begins at 1:30 with the playing of the Junior Orchestra, made up of selected high school students from Newton, the vicinity of Boston, and throughout New England. This orchestra is under the direction of Mr. Francis Findlay, head of the Public School Music Department of the New England Conservatory and dean of the Junior Division of The American Institute of Normal Methods which is holding its 52nd session at Lasell.

Following the orchestral program, there will be a symposium on music in the rural schools with invited speakers including Miss Berenice Barnard of the University of Idaho, and Mr. Roger Frisbie of the University of Louisiana. The folk festival includes the afternoon program, and children who have been in regular attendance at the Williams School classes will be given a party on the lawn.

On Monday evening, July 29th, in the Levi F. Warren Junior High School, the Institute presents its Tenth Annual Music Festival, including orchestra, soloists, chorus, and dancing, in a scene from Gounod's recently restored comic opera, "Le Medecin Malgre Lui," from the Moliere comedy, and Valentine's scene from "Faust," under the direction of Mr. Osbourne McConathy, nationally known music educator. The English translation of the Moliere work has just been made by Alexander Dean, director of the South Shore Players at Cohasset. The orchestra selections will be directed by Mr. C. Paul Herfurth, and the A Cappella group by Mr. Francis Findlay. The latter chorus is made up of a choir of balanced voices to demonstrate the musical effects to be obtained in unaccompanied singing. The public is cordially invited. There is no admission fee.

The Commencement program will take place Tuesday evening, July 30th, in the gymnasium of Lasell Junior College. The principal speaker will be Mr. John Tasker Howard of New York, author of "Our American Music," "Stephen Collins Foster, America's Troubadour," and the biographer of Ethelbert Nevin.

Local Girls To Have Chance of Movie Career

Not every girl who went to Hollywood and made good had the advantage of a stage career: many of them possessed merely the grace of good carriage—a good figure and posture—and an attractive personality coupled with intelligence to grasp readily the expert training afforded them by Hollywood executives. Many such young ladies are now "stars" and earning outstanding salaries.

Such an opportunity awaits two other girls from Greater Boston in the I. J. Fox & P. Theatre's Contest now going on at the Paramount Theatre, Newton. It costs nothing to enter this contest and does not obligate anyone. If you think you possess a good figure, good carriage and good personality, or if you have a friend who has these requisites, you should enter the contest. It is open to any girl between the ages of 18 and 25 years. Their photographs will be taken, free of charge, at the Roberts Studio, in the Metropolitan Theatre Building. Out of all the contestants at the Paramount Theatre, Newton, two girls will be selected to appear at the Metropolitan Theatre, on the stage at a salary, for one week, and they will participate in the I. J. Fox Fashion Extravaganza there.

At the conclusion of the Fashion Show at the Metropolitan Theatre, a committee of judges will select two girls who will go to Hollywood at the expense of I. J. Fox, where they will meet the leading motion picture stars and receive a screen test by Paramount Pictures. They will also be given a Stardom Wardrobe complete and free by I. J. Fox of Boston.

Opportunity knocks but once! Dame Fortune beckons to some lucky girl. Miss Eleanor Lovegren of Belmont won such a contest two years ago and appeared in the Paramount Picture "Eight Girls in a Boat." Some girl from Newton, or nearby, can also win. Call at the Paramount Theatre, Newton, and ask for an entry blank.

ELIMINATES LEAKY WATER PUMP

One of the many new features of the new Nash "400" that is exciting considerable favorable comment among car owners is the new car's packless water pump. Because of its novel construction the possibility of leakage occurring in the pump has been practically eliminated, according to local Nash and LaFayette dealer.

Nash engineers have replaced the old-time "packing gland" with a bakelite ring surrounding the pump drive shaft and seated against the inner surface of the front pump cover plate. Locked in position by means of a pin through the shaft, this ring is also held tightly against the cover plate by a synthetic rubber sleeve, under constant tension, which is mounted on the shaft between the ring and the pump impeller.

The synthetic rubber used for this sleeve is called "Diprene," a newly discovered compound that is not affected by alcohol, oil or other similar substances that might be present in the cooling system of an automobile engine. Water pumps constructed in the conventional manner have sometimes failed to remain water-tight over any sustained period. The tests to which the new "400" pump have been subjected indicate that the new principle entirely eliminates any chance of water-pump leakage for the life of the car.

Monsters Died of Colds
Research indicates that the great prehistoric reptilian monsters of North America died of cold, caused by change of climate, rather than by enemies. The tilting of great land masses dried up their swamplike homes.

A STRONG MINORITY

Considerable publicity has been given this week to the action of the Senate in passing the so-called 48-hour bill. As a result of the casting of the deciding vote in favor of the bill by President James G. Moran the bill was enacted as advocated by Governor Curley and has since been signed. The measure had become a strictly party measure with all votes against the bill being cast by Republicans and all votes in favor of the bill being cast by Democrats to make a tie which the Senate President broke to the amazement of many of his colleagues. The action of President Moran was followed by the resignation of Senator Donald Nicholson of Wareham as Republican floor leader and later by the resignation of Republican Senators Wragg and Cotton from the Committee on Rules, considered the President's cabinet. Their action meets with the approval of Republicans throughout the state.

While President Moran is being roundly criticized for his action another Republican Senator indirectly aided in the passage of the bill by pairing with an absent member. Senator Moyses of Waltham, voting against the bill, paired with Senator Hurley of Holyoke who was recently married and is at present in Europe. Had the Waltham member refused to pair, the vote of President Moran would have been unnecessary and futile and the measure would have been defeated.

As a result of the situation the Republicans have refused to recognize the leadership of President Moran as a Republican and have formed a "steering" committee to handle party matters. The result, as Senator Wragg states, is a "strong minority instead of an uncertain majority." Republicans will not soon forget the actions of the Senate since it elected Senator Moran as president.

INTERESTING TRAFFIC REPORT

The traffic report for Newton recently issued is an interesting volume. Compiled by the ERA and CWA with the co-operation of the Massachusetts Department of Public Works and the Mass. Institute of Technology it focuses attention on various angles of the traffic situation in Newton. From the point of view of promoting safety it emphasizes the fact that personal and property damage in the Newtons through automobile accidents is considerably greater than the monetary damage from crime and fire together. It points out locations where violations of the laws are frequent and estimates that the totals of these violations run well up into several million each year. When it is considered that each violation might conceivably be the cause of an accident it may well be considered remarkable that Newton stands eighth in cities of its class from a favorable accident record. There is much room for improvement. The report proposes a three-year program which might be followed to improve conditions. There seems little question that something should be done and the sooner a start is made the better it will be.

CONGRATULATIONS TO NEWTON ELKS

The degree team of the Newton Lodge of Elks returned from the annual convention last week after having won first prize in the ritual contest for the third consecutive year. Permanent possession of the handsome trophy was voted to Newton Lodge. The degree team has worked hard and diligently to bring this honor to Newton. It is an honor worthy of recognition. We add our congratulations to the many that Newton Lodge and the degree team have already received.

Newton Traffic Report Issued

(Continued from Page 1)

seven persons were killed in automobile accidents in Newton and 667 injured in 563 accidents. The estimated monetary loss because of personal injuries from automobile accidents in Newton during 1934 is estimated at \$170,275, and the property damage loss at \$31,110.

Had Biting Dog, Is Fined \$10

Frank Lapp of 41 Crosby rd., Newton Center, was fined \$10 in the Newton court on Friday for keeping a biting dog. The fine was suspended until October 19 on condition that Lapp keep the dog restrained.

Arthur Sobey of 30 Woodrow ave., Newtonville, was notified to restrain his dog after a neighbor had complained.

ABOUT TOWN

By Edward H. Powers

The ladies started by smearing their lips carmine and other vivid red shades. Henna colored finger nails followed. Now, those of the dear girls and matrons who think they have attractive feet are travelling about wearing bare-foot sandals featuring henna-tinted toe nails. What will be the next part of their persons to be "beautified" for the admiration of the public? Women may be as intelligent as men but these vagaries don't prove it.

Registrar of Motor Vehicles Goodwin, when he resumed his office early this year, among other things, stated that 32 candle-power bulbs should not be permitted in automobile headlights because of the blinding glare they produce. Mr. Goodwin was right, but he has not compelled the replacing of the too powerful bulbs by 21 candle-power bulbs. Another reform badly needed on automobiles is the outlawing of too powerful or too raucous horns, including the type used by the big busses which are permitted to travel at express train speeds over our highways. Some of the super-noisy horns when suddenly tooted behind a nervous driver or a driver with a weak heart, are apt to cause serious consequences.

We hope that the folks who were complaining several weeks ago about the cool weather are quite satisfied with the kind of weather we have been getting the past couple of weeks.

There is a rumor that Senator James G. Moran, the political anomaly and opportunist from Mansfield may receive an appointment to a certain office.

If no other proof were offered, the action of so large a percentage, probably a majority of the Massachusetts Legislature, in favor of the bill sponsored by Governor Curley to replace the present billboard statute with a law which will centralize control of billboards under State control, and take away practically all rights of cities and towns to curb the billboard nuisance, is sufficient evidence of the sorry condition to which the government of this Commonwealth has fallen. The proposed change would nullify the efforts made by the great majority of the people of this State the past 15 years and more to lessen unsightly billboards; efforts which seemed some months ago to have been successful because of favorable court decisions. It would bring a virtual monopoly and immense profits to a few large billboard companies. It would be disastrous to the great majority of sign painters and makers in Massachusetts and so has been strongly opposed by them. It has brought protests from labor organizations throughout the State. Why are so many of our Legislators in favor of this proposed change? Probably for a reason similar to the one that made so many of our Congressmen favor the defeat of President Roosevelt's proposed law which would curb utility holding companies.

If you have been complaining about the heat and humidity here, how would you endure residing down South or in the mid-west where it has been much hotter?

"Mike" is missing. His many friends among the members of the Newton Lodge of Elks and the patrons of Hubbard's Drug Store would be pleased to learn as to his whereabouts. They hope he is not the victim of an automobile accident or some other mishap. "Mike," a yellow and white cat, was the special pet of Billy Nichols, custodian of the Elks Building, but he spent a large part of his time in Hubbard's store and serenely received recognition from all who greeted him.

The latest modern mural for a Chatham church depicts a baked bean supper. Wouldn't fried clams be more appropriate for Chatham?

While the report of the traffic survey made under ERA auspices in Newton contains many valuable suggestions and recommendations, we still contend that the principal reason for the constant increase in automobile casualties has been the ever-growing non-enforcement of our automobile laws and traffic ordinances. "Fixing" has become so common during recent years that the activities of police departments have been nullified. When the laws will be enforced, when drunken drivers, reckless drivers, speeders and autoists who scoff at local and State ordinances and laws will be prosecuted and punished instead of escaping because they have a "drag," automobile accidents will decrease, and not until then. All the safety drives and all traffic programs are useless when politicians, public officials and "respectable citizens" practice hypocrisy by preaching observance of law and practicing or abetting violation of the laws by being parties to the "fixing" of cases involving improper operation of automobiles or observance of traffic ordinances.

The comedian got hit in the eye with a tomato at last night's show, didn't he?

"Yes, and was his face red!"

START EARLY

He (passionately)—I would go to the end of the earth for you. She (calmly)—Good-by.

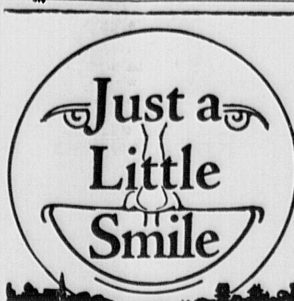

At Any Time of Year

"What do you learn at school these days?" asked the visiting uncle. "That the last one before vacation is the longest month in the year," replied the kid.

Injured Trooper Returns Home

Joseph Noone of 27 Stone ave., Somerville, the State trooper who was critically injured on the turnpike at Newton Highlands on July 4th, while escorting Governor Curley's official car, returned to his home on Wednesday from the Newton Hospital. He lost about 25 pounds in weight but has improved to such an extent that he hopes he may be able eventually to return to duty. Noone is quoted as saying that he does not know who were the occupants of the car he was escorting.

FOLLOWING INSTRUCTIONS

A woman went to the bank to cash a check. "Just endorse it, please," she said. "You see, my husband is away, and sent this to me. He always takes care of those things." "That's all right," said the cashier. "Just sign your name exactly as you would on your letters and I'll give you the money." "I think I understand," said the lady. So she carefully wrote on the back of the check: "Your loving Edith."

Bushman's Holiday

"What did you rip the back part of that new book for?" asked the long-suffering wife of the absent-minded doctor. "Excuse me, dear," said the famous surgeon, "the part you speak of was labeled 'Appendix' and I took it out without thinking."

Simple Courtesy

"What did Hogan say when Kelly called him a liar?" "Nothin' much." "That's funny, Hogan used to be a hot-tempered man." "Well, he never said a word except 'Have ye had enough yet?'"

"H'ants"

"Why don't you get a ghost writer?" "He would have to be too familiar with my personal affairs," answered Senator Sorghum. "A ghost writer sometimes turns out to be too closely related to a skeleton in the closet."

MISSING SOMETHING

"Gee, dad, you don't know what you missed."

His Bitter Need

Doctor—To be quite candid with you, your trouble is just laziness. Patient—Yes, doctor, I know; but what is a scientific name for it? I've got to report to my wife.—Wall Street Journal.

One Reliability

"Are you in favor of horse racing?" "Yes," answered Cactus Joe, "I like honest sport. Whatever suspicions may arise among us humans, we always know that the boss at least is absolutely honest."

Inventive Genius

"One invention brings need of another," remarked the salesman. "Yes," said the tourist, "the automobile is a great invention. What we need now is some one who can invent parking space."

Too Pleasant

Judge—Now tell us about your marital relations. Were they pleasant? Prisoner—They were pleasant enough, Judge, but they came and wanted to live on me.

Comedy Hit

"The comedian got hit in the eye with a tomato at last night's show, didn't he?" "Yes, and was his face red!"

START EARLY

At Any Time of Year

"What do you learn at school these days?" asked the visiting uncle. "That the last one before vacation is the longest month in the year," replied the kid.

Epoch Maker

Auto Salesman—This is an epoch-making machine. Mr. Showme—Then let's see it make one.

VITALIZED AIR A new discovery for Painless Extraction of Teeth Dr. Hall, Dentist 157 Tremont St., Boston

Newton Item

There has been a wonderful transformation in the internal arrangements of Engine 1 House principally by the efforts of Councilman French. Among the principal improvements are the substitution of single folding doors to each stall (six in all) instead of two large doors as formerly. By this arrangement each horse is independent of the others and confusion is avoided in taking them from the stalls.

The painting, graining and finishing of the walls was done by J. O. Evans & Sons, the carpenter work by R. J. Morrissy and the slating by Farquhar & Sons. Altogether, Steamer One house is a perfect "bijou" as neat and tidy as a well kept ladies' parlor. We advise the ladies of Newton, especially those of Wards 1 and 7 to visit the premises; we hazard nothing in saying they will receive polite and cordial welcome and attention from the fire ladders.

Newton Center Items

Mr. Frank Dexter offers his estate for sale on Beacon st.; it is next to the Baptist Church and would make a fine parsonage.

Michael Buckley fell from a bicycle on Tuesday and was severely injured.

A lawn party will be given on Tuesday, July 25, on the grounds of Rev. Bradford K. Pierce, editor of Zion's Herald for the benefit of the country week fund.

The third open air gospel meeting will be held on the grounds of Henry Breck, North street next Sunday at 3.30. All are invited.

D. S. Simpson and family, J. H. Page and family, Mrs. A. H. Soden, Miss Minnie Gage, Miss Nellie Wells, Miss Mable Fleming, Edgar Davidson, C. W. Davidson, E. A. Richardson and Herbert Chase are camping at Camp Chataqua, South Framingham. The name of their tent is Camp Content

Mother, Children Hurt In Car Crash

A car driven by Mrs. Ruth Underwood of Saunders ter., Wellesley Hills hit a pole on California st., Newtonville, near Adams st., on last Friday morning. Mrs. Saunders and her four children received cuts on their faces from broken glass and were treated by a Newtonville physician. Mrs. Underwood reported that she was about to pass a truck when it made a left turn. The truck was driven by Victor Gianelli of Somerville.

Newton Hlds. Man Severely Cut

Clarence Hockridge of Floral st., Newton Highlands, manager of the track restaurant at Suffolk Downs race track, East Boston, was severely cut on his head at that place Thursday morning when a Negro stable groom from Kentucky, Curtis Haggard, 40, hit him with a drinking glass. Seven stitches were taken by a physician to close the cut. Haggard had refused food at the restaurant when he asked for it on credit. The assailant was beaten by a group of track employees following the assault.

GEORGIC TO MAKE LABOR DAY CRUISE TO BERMUDE

The Cunard White Star liner Georgic will make a Labor Day week-end cruise to Bermuda, sailing Friday, August 30. She will return Tuesday, Sept. 3, in time for the passengers to get to business.

Except for a few trucks, motor cars have been prohibited in Bermuda since 1908, after a series of petitions from residents had brought about the ban. One of these, signed by 112 American hotel guests, bore the signatures of Woodrow Wilson, Samuel L. Clemens (Mark Twain) and Rear Admiral Upshur, U. S. N. Woodrow Wilson worded the petition.

D. A. R.

The chapter house of the Lucy Jackson chapter, D. A. R., at the corner of Washington and Concord sts., Newton Lower Falls will be open to visitors on Thursday, August first and the first Thursday in September from 2 to 5 p. m. On August 1st Mrs. Arthur S. Tucker will be the hostess. Tea will be served.

The Secret of Financial Success

The secret of financial success is clear. It consists of

Spending less than you earn. Keeping your savings safe. Making your surplus money work for you.

In this program a Savings Account, with compound interest, is your best friend.

NEWTON SAVINGS BANK

"The Place for My Savings"

Dog Killed; Wants City To Pay

Robert S. Chase of 112 Gordon rd. has entered a claim of \$25 against the city. A dog owned by Chase's daughter, Marjorie, was run over and killed on June 10 by a city truck driven by Edward Penelly of 133 Edinboro st., Newtonville. Chase valued the dog at \$25 and asks to be reimbursed to that amount.

Morris Itkin of 45 Whittemore rd., Newton, has presented a claim against the city for damage to a door of his automobile. Mr. Itkin states that on June 25th his car was parked in front of his home. He alleges that it was moved by street department employees, roughly handled and run against a tree.

3 Year Terms For Planning Board

A change in the city ordinance relative to the Newton Planning Board will probably be passed by the Board of Aldermen at the recommendation of Mayor Weeks. At present one of the five members of the Planning Board is appointed for a one year term; two for two year terms and two for three year terms. City Clerk Grant has suggested that it will be more practical to appoint all five members for three year terms.

PORT ROYAL, ON KINGSTON HARBOR, WAS ONCE THE WORLD'S WICKEDEST CITY

KINGSTON, Jamaica. — The island of Jamaica, perhaps the loveliest spot in the West Indies, once harbored the wickedest city in young America—Port Royal, which passengers on the Franconia, coming here from New York early in September, will sail over as they enter the port of Kingston.

Religious people of the olden days declared that Divine Providence buried Port Royal beneath the waters in 1692 because it had become the abode of wickedness.

Standing on the bow of the Franconia the tourist may see much of Port Royal, deep beneath the surface of the crystal clear water. The streets, through which fish now swim, once were filled with the rattle of glasses, and the sounds of music, song and merriment issued from many a den of iniquity.

It was to Port Royal that the gangsters of the sea brought their trophies of the chase—gold, silver, jewels, silks. They spent and drank freely. Many a swaggering ruffian of the night before found himself poor in the morning, his fortune squandered in a single night.

Many efforts were made to rebuild Port Royal, but always the Hand of Providence intervened and triumphed.

Among the ruins above water are the old ramparts of Fort Charles, commanded in this condition by Nelson in 1779. Part of the wall where he used to pace up and down is known as "Nelson's Quarterdeck." It bears an inscription, reading:

"In this place dwelt Horatio Nelson. Ye who tread his footsteps, remember his glory."

Nelson always insisted on every member of his crew being doled out at least half a pint of rum a day. The rum being of a reddish-brown color, the seamen got into the habit of calling it "Nelson's Blood." Under this name Demerara rum is known from the coast of South America to the islands of Bermuda. Although as strong as whiskey, it is still a cheap drink, retailing for eight cents a glass, or 80 cents a quart.

Kingston, where the ship docks, holds many attractions for the visitor. Here may be seen the finest cathedral in the West Indies. Within the Parish Church the tourist may read the tombstone of Admiral John Benbow, who died here after a naval engagement in 1702. He won the battle, however.

Henry Morgan, the pirate who rose to knighthood, was once the governor of Jamaica.

CHRISTIAN SCIENCE

"Truth" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, July 28.

The Golden Text is: "Thou has redeemed me, O Lord God of truth" (Psalms 31:5).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Blessed is that man that maketh the Lord his trust, and respecteth not the proud, nor such as turn aside to lies. . . . I have not hid thy righteousness within my heart; I have declared thy faithfulness and thy salvation: I have not concealed thy lovingkindness and thy truth from the great congregation. Withhold not thou thy tender mercies from me, O Lord: let thy lovingkindness and thy truth continually preserve me" (Psalms 40: 4, 10, 11).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "It is essential to understand, instead of believe, what relates most nearly to the happiness of being. To seek Truth through belief in a human doctrine is not to understand the infinite. We must not seek the immutable and immortal through the finite, mutable, and mortal, and so depend upon belief instead of demonstration, for this is fatal to a knowledge of Science. The understanding of Truth gives full faith in Truth, and spiritual understanding is better than all burnt offerings" (p. 285).

State Owns Part of County

The state of Michigan owns 106,191 acres in Chippewa county, or more than one-sixth of the entire county.

Stuff 'n' Dates by Ned Moore

THE EARLIEST CLOCKS IN THE ROMAN COURTS USED TO LIMIT SPEAKERS TIME AND TO PREVENT BABBLING.

THE CLEPSYDRA (FROM THE GREEK MEANING TO STEAL AND WATER) WAS THE GADGET OF THE GREEKS AND ROMANS. IT MEASURED TIME BY THE FLOW OF WATER. IT WAS USED EXTENSIVELY IN THE COURTS OF JUSTICE TO LIMIT THE SPEAKING TIME AND TO PREVENT BABBLING. HENCE THE NAMES OF 'AQUAM DAIE', TO GAIN TIME, AND 'AQUAM PER DERE', TO WASTE TIME. THE FILL BUSTER OF THOSE DAYS WAS TO TRICKLE THE CLOCK BY FILLING IT WITH MUDDY WATER—TO LENGTHEN ITS PERIOD.

Dog Causes Trucks To Collide

A truck owned by the city and driven by George Saunders of Westland ave., West Newton, was hit in the rear by a truck driven by Sam Stratis of Somerville on Tuesday opposite 1779 Washington st., Auburndale. The accident occurred when Saunders stopped the city owned truck to avoid hitting a dog. In Saunders' report he stated that Joseph Bryson of 12 Lenglen rd., a city employee, riding on the truck, had received an injury.

HOW CHEAPSIDE GOT ITS NAME

Six centuries ago Cheapside was the Piccadilly and Oxford street of London. It was a great shopping district. Its name is derived from the word "Chepe", a market. It is still a jewelry center. Robert Herrick, John Milton and Sir Thomas More were born in Cheapside.

ABYSSINIA A LAND OF TEN MILLION PEOPLE

Ethiopia, or Abyssinia, has a total area of 350,000 square miles and a population of 10,000,000, consisting of Semitic Abyssinians, Somalis, Arabs, Negroes and Indians. Very little land is cultivated, the idea of landed property scarcely being known. The rainfall, 30 to 40 inches, heaviest in mid-summer, provides much of the water for the annual overflow of the Nile in Egypt.

—Miss Joanne Byers Claire, daughter of Mr. and Mrs. James David Claire of Lowell ave., is at present motoring through the Gaspé Peninsula. She will spend the month of August in Centre Harbor, N. H.

—George A. Goodnough, formerly of Linwood ave. and for years an employee of Bates' Market, died at the home of his daughter, Mrs. O. S. Phelps of Acord, on Tuesday morning. Besides his daughter, he leaves a son, Geo. A. Goodnough, Jr., of Thaxter rd.

Would Limit Auto Parking to 1 Hour

The Newton Centre Business Men's Association has requested Mayor Weeks that parking on several streets in the business area there be strictly limited to one hour. The streets are—Union, Summer, Beacon, Langley and Institution avenue. It is contended that store employees park their cars all day long on these streets, take up parking space needed by customers, and thus drive trade away.

Stone, Bronze, Iron Used by Japanese for Lanterns

The lantern still is used lavishly for decorative purposes on gala occasions and in religious rites and ceremonies. In Japan, writes Mason Warner in the Chicago Tribune, lantern making is an art in Japan, and the huge standing lanterns of stone, bronze, and iron are utilized for the adornment of private gardens and temple grounds in the same manner that the Greeks of old used marble statues. Lanterns are built and cherished as memorials to the dead as well as to light the way of the spirit of the departed.

There are 2,000 stone and 1,000 bronze and iron lanterns in the compound of Kasuga shrine at Nara. There are innumerable ones in Nikko, Tokyo, Osaka, Nagara, Kyoto—at almost every shrine and temple in Japan. One is confounded and confused in any endeavor to estimate the days, weeks, and years of toil that went into the making of so many massive light holders.

Character Revealed by Profiles. Side-face views reveal the motives controlling man. A scientist states the right side shows what others see and the left side shows "wishes."

Deepest of 1078. The ball shares with the doll the distinction of highest antiquity among toys.

Waban

—The John Clapps and family are in Canada for two weeks.

Bicycle Show At Waban

At the Angier School playground in Waban on Wednesday a bicycle show was conducted. The winners were Barbara Clark, daintiest; Rawson Cowen, most attractive in boys' division; Eleanor Greene, girls' most unusual; Edward Herrick, boys' most unusual; June Crocker, girls' most attractive; Marilyn Delano, girls' most colorful; Howard Lane, boys' most colorful.

VIRGIN ISLANDERS FINED FOR REMAINING AWAY FROM CHURCH

People who visit the Virgin Islands on the Franconia cruise from New York on August 31 will land in St. Thomas, near the spot where Columbus went ashore in 1493. The islands were permanently colonized by the Danes in 1672. One of the early governors was Jorgen Iversen, who issued a mandate to the effect that every colonist should go to church on Sunday or be fined 25 pounds of tobacco. Drunkards were sobered up by being compelled to sweep the streets.

Plant Propagators Find Apple Is Most Contrary

Cornell university scientific plant propagators in pursuit of the mystery of life have taken a step that involves even greater mystery. They have discovered that the apple tree seems to be an exception to one of the most generally recognized principles in the production of its fruit.

Everyone knows that parents share their characteristics in their children, and that in animal husbandry and plant propagation great care is taken to retain desirable characteristics by careful selection of parent stocks. But the apple tree appears to be independent of this law.

For the New York experimenters have found that pollen from the blossom of a red apple tree does not make the blossoms of a yellow apple tree produce red fruit or even fruit streaked with red and yellow. Nor will pollen from the blossom of a crabapple tree introduced into the blossom of a tree that produces big pippins or red as trachans produce smaller fruit.—Detroit News.

Deep River Shallow. Deep river is one of the shallowest of North Carolina's major streams.

West Newton

—See John T. Burns & Sons, Inc., List of "Specials."—Adv.

—Mr. John Marshall has purchased the Carter residence at 84 Highland st.

—Wednesday evening the Townsend Club held their regular meeting at the Perrin Memorial Hall. Miss Jennie Russ and Mrs. Walter Brindley were hostesses.

—Miss Mildred Connelly of Grove st. entertained on Thursday evening about twenty girls who were classmates of Miss Mary Bisoski of Grove st. Miss Bisoski was pleasantly surprised with many gifts. She will leave the first of September to train for nursing at the Massachusetts General Hospital.

BALBOA ONCE A STOWAWAY

Balboa, who discovered the Pacific Ocean, was once just a common stowaway. To get to Darien, on the Isthmus of Panama, he left Santo Domingo by hiding away in an empty wine barrel. Discovered at sea, he was put to work and did it so willingly and so well that he was soon the most popular man aboard the ship. He was not long in Darien before he was chosen leader of the settlement. On a short expedition of exploration in 1513, he crossed the isthmus and beheld the Pacific Ocean, claiming all the lands that touched upon it for the King of Spain.

Belong to Zone Section

The Islands of Perico, Naos, Culebra and Flamenco, in the Bay of Panama, belong to the American section of the Panama Canal Zone.

Backing Out

"To back out of a thing" conveys the idea of getting out of a thing clumsily or awkwardly, suggested by the backing of a horse out of a stable.

Always Room at the Table

When guests came for a meal to an Ohio pioneer cabin the owners would frequently take the door off its hinges to make an addition to the table.

Preliminary Arrangements

"Everybody wants everybody else to be happy," said Uncle Eben. "But dar never was a time when good folks wouldn't get into quarrels 'bout de preliminary arrangements."

Talkative Politician

Jud Tunkins says a politician is like the magician who lifts a rabbit out of a silk hat. He has to keep talking all the time and the patter is the best part of the trick.

A Jeremiad

A jeremiad is a lamentation—a tale of sorrow, disappointment, or complaint. The name is an allusion to Lamentations, a book in the Old Testament attributed to Jeremiah.

The Japanese Waltzing Mouse

The balancing apparatus of the inner ear of the waltzing mouse is imperfect, causing the animal to turn constantly in short circles. This defect is strongly fixed and transmitted with regularity to the young.

Labor Horizontal, Vertical

Horizontal organization involving labor, refers to unions formed by trades. Vertical organization refers to unions formed by all workers in an establishment.

Stars Emit Invisible Light

The stars are emitting light that the human eye cannot see.

—Union services for the Methodist and Congregational churches for the month of August will be held in the Congregational church. They will be at 10:45 a. m. On August 4th Rev. Wm. F. English of Norwood will be the speaker. On Aug. 11 Dr. Francis A. Rool, Aug. 18, Dr. Wolcott S. Rounds of Cambridge and on Aug. 25 Dr. D. Brewer Eddy of the American Board.

Increase in F. H. A. Loans Reported by Shawmut Bank

Under the terms of the Federal Housing Act, according to Ray A. Ilg, Vice President of the National Shawmut Bank, loans have passed the \$500,000 mark. 1348 persons have now borrowed over \$550,000.

The loans continue to be made for a wide variety of purposes. Due to the hot weather, a great number of the loans are being made for refrigeration and air conditioning. Installation of new electric wiring, plumbing and heating equipment, general renovating and repairing follow in the order named.

The charges to the borrower, under the government regulations, cannot exceed for the first year \$5 per \$100, payable in advance. This covers interest fees and all other costs. It is the lowest rate ever arranged for this type of small loan.

The loans are being made at all of the sixteen branches of the Bank.

PATTEN RESTAURANT

41 COURT STREET

Opposite City Hall Annex

Use of Wigs in France

In the latter half of the Sixteenth century the fashion of wearing wigs became much in vogue in France, Italy and England. In 1580 no lady appeared in the French court without a blond wig. Louis XIII set the fashion, wearing a wig of long curls, being himself bald, and the courtiers naturally followed. During the reign of Louis XIV the wigs assumed monumental proportions, and about 1600 even ecclesiastics began to wear them. Toward the end of the Eighteenth century they began to be superseded by the queue with hair powder.

Hockey an Old Game

The game of ice hockey probably dates from the Eighteenth century. In the mid-Victorian age the players, four or five a side, used curved hockey sticks and a bung. From stick and bung the game evolved to bandy, or hockey stick and ball, usually the lacrosse ball of solid rubber, mainly through the agency of the Rugby Football team, and the brothers, Tebbutt, rivals of the famous Virginia Water club founded in 1873 by T. Blackett. In 1891 the bandy association was formed and the game fairly established as a national pastime.

Lockout, Strike

A lockout is the shutting down, as of an industrial plant, and withdrawal of employment from a body of men who refuse to accede to the employer's conditions. The lockout is to be distinguished from the strike on the ground that in the lockout it is the employer who directly causes the stoppage of operations, while in the strike the initiative lies with the men.

Washington's First Water Supply

As in other cities, villages and towns, Washington's first water supply consisted of springs and wells and for many purposes, creeks and branches. The springs were ample for some time after the city was first settled, though pumps were installed at an early date, for the convenience of having water close to the home.

Hiccoughs Easy to Cure

According to physicians, 90 per cent of hiccough cases are easy to cure. The phrenic nerve, doctors say, is the key to relief in acute hiccoughs because it normally controls the movement of the diaphragm. Therefore, abnormalities of this nerve are a chief cause of hiccoughs in prolonged cases.

Steamship Service Across Atlantic

The first regular steamship service across the Atlantic was inaugurated by the Great Western and Sirius, both of which arrived in New York city on April 23, 1838. The Sirius made the voyage from London in 17 days and the Great Western crossed from Bristol in 15 days.

Home of the Redbird

The redbird is found as far North as Massachusetts. Geographical races of the cardinal extend westward to southern California and Mexico and allied species are found in Mexico and Central America.

Eelgrass Grows in Salt

Eelgrass, which is a strictly maritime plant, is the favorite food of brant and is also sought by ducks of other species from Alaska to California. This grass grows in salt or near salt water.

An Aquatint

An aquatint is a process of etching on copper or steel plates by means of nitric acid, producing an effect resembling a fine drawing in water colors, sepia or India ink.

Girls Advertised Wealth

Egyptian girls of long, long ago, set their upper lips with sparkling stones to acquaint the world with the status of their wealth and social position.

Keeping Busy

"De man dat tells everything he knows," said Uncle Eben, "is liable to keep so busy talkin' he hasn't time to find out anything with tellin'."

Sugar-Eaters

People of the United States who are calculated to be one-fifth of the world's population consume one-third of the world's sugar production.

Habits of Robins

By some natural instinct, robins fly in flocks during the winter but are seen only in pairs or foursomes in the summer time.

Coining Money

The United States mints have coined money for other countries, but no other country has coined money for the United States.

Flamingoes Fade

A characteristic of the flamingoes is that they fade in captivity, their vivid coloring turning to dark pinkish white.

Moon and Month

Our words, moon and month, both come from the Sanskrit root mas, meaning to measure.

Much Dirt in London

The total cost of keeping London clean is said to be approximately \$2,000,000 a year.

Franklin Invented Stove

Although Benjamin Franklin invented the stove named after him, he never patented it.

"And" in Old Testament

"And" occurs 5,513 times in the Old Testament alone.

Protein in Soy Beans

Soy beans contain the only complete protein found in the vegetable kingdom and are usually listed along with eggs, milk and meat as a source of this necessary food principle, says Miss Gertrude E. Conant, nutritionist of the University of Arkansas. Millions of people in the Orient, particularly the Japanese, utilize soy beans more than any other food, substituting them for bread, meat, and potatoes. Soy beans are rich in fat, contain a high percentage of calcium, and also are extremely good sources of pellagra preventive vitamin.

Drove Side-Wheeler Up Stream

When the Side-Wheeler, the first steamboat on the Ohio river, reached Cincinnati from Pittsburgh in 1811, several prominent persons boarded the vessel and told the captain, Nicholas J. Roosevelt, "Your boat may go down to New Orleans, but it is absurd to think that it can ever come up the river, moving against the current." To show the throng of spectators what his side-wheeler could do, Captain Roosevelt ran the boat up the river for several miles, and then continued on his journey to New Orleans.

Sun Dogs

Sun dogs, technically known as parhelia, appear when sunlight shines through a thin cloud composed of ice crystals floating in the atmosphere. They are the result of the refraction of the solar rays by these crystals. Sun dogs may appear at all times of the year because even in the warmest weather the temperature of the upper atmosphere is below freezing.

Biggest Children's School

The biggest children's school in the world has 6,000 scholars who have never seen their teacher. It is called the State Primary Correspondence School of Brisbane, Australia, and its pupils, who live in such widely separated parts as Northern territory, New Guinea, Papua, and the Solomon Islands, receive their education by post. —Tit-Bits Magazine.

Racing Greyhounds

Most racing greyhounds weigh from 55 to 70 pounds, begin racing when two years old and are good for four or five years. They usually race at five-sixteenths of a mile, three-sixteenths, quarter-mile, and futurity (496 yards). They run the quarter-mile in around 26 seconds, and the futurity in 32 seconds.

The Name Nordic

The name Nordic refers to the Scandinavian and Teutonic peoples of northern Europe and races derived from them. As used by anthropologists such as Deniker it means the blond, long-headed type found there. The Nordic theory involves a belief in the superiority of this type.

Foreign Legions

The term "foreign legions" has long been used for irregular volunteer corps of foreign sympathizers raised by nations or states at war. Many such legions existed during the wars of independence of the South American countries.

Use for Corn Syrup

As the name indicates, corn sirup is manufactured from corn. Nearly one-half of the total output of corn sirup in the United States is used annually by confectioners in the manufacture of candy.

Good Guide-Line

"Don't imagine," said Uncle Eben, "dat you shows smartness by bein' deceitful. One of de hardest things in de world is to tell nuffin' but de exact truth and still be comp'any."

Grinding Grain

When grain is refined in milling, nothing is destroyed, but something is removed. The part of the grain that is removed includes both minerals and vitamins.

Paris Creations Prized

According to a ruling of the French Supreme court, the style creations of the big Paris dressmakers are works of art and to copy them is equivalent to theft.

Oxygen

Oxygen occurs, not in larger percentage, but in greatest weight per cubic foot of air, at the lowest levels and decreases with increase of height.

Texas' State Capital

Texas' state capital contains 392 rooms, 18 acres of floor space and required more than 15,000 carloads of red granite in its construction.

No Water, Ice on Moon

Although astronomers describe certain parts of the moon's surface as seas, there is no water or ice on the moon.

Consider Left-Handers

School authorities in some parts of England provide desks with inkpots specially placed for left-handed children.

Principal Crusades

There were seven principal Crusades between 1096 and 1270 and numerous other expeditions called crusades.

Bills Passed Over Veto

All bills passed over the President's veto become law just as if he had signed them.

Many Varieties of Cheese

There are 18 distinct types of cheese comprising some 400 different varieties.

MORTGAGEE'S SALE OF REAL ESTATE

D20-29052

By virtue and in execution of the power of sale contained in a certain mortgage given by Cherry Construction Co., Inc. to Burdette-Pedhaz Company, dated September 27, 1929, recorded with Middlesex South District Registry of Deeds, Book 5483, Page 125, and which mortgage is hereinafter described, and for the purpose of foreclosing the same, will be sold at public auction, daylight saving time, on Tuesday, August 10, 1935, at the premises hereinafter described, all and singular the premises conveyed by said mortgage and therein described substantially as follows:

"A certain lot of land with the buildings thereon, situated in that part of Newton, Middlesex County, Massachusetts, called West Newton, and being Lot No. 27 (twenty-seven), shown on plan entitled 'Revised Plan of Charlesmont, Newton Highlands, Mass.,' owned and developed by P. Lawrence Brackett, drawn by Rowland H. Barnes and Henry P. Beal, Civil Engineers, dated November 1928 and recorded with Middlesex South District Registry of Deeds, Book 5483, Page 125, and which mortgage is hereinafter described, and for the purpose of foreclosing the same, will be sold at public auction, daylight saving time, on Tuesday, August 10, 1935, at the premises hereinafter described, all and singular the premises conveyed by said mortgage and therein described substantially as follows:

"A certain lot of land with the buildings thereon, situated in that part of Newton, Middlesex County, Massachusetts, called West Newton, and being Lot No. 27 (twenty-seven), shown on plan entitled 'Revised Plan of Charlesmont, Newton Highlands, Mass.,' owned and developed by P. REAL ESTATE

Burns and Sons have sold in the Newtonville district, a two-family frame colonial residence located at 160 Walnut street. The house contains fourteen rooms and two baths and, together with a two-car garage and 1620 square feet of land is assessed for \$8,600.00. Savina Maloney conveys to Winifred L. Beedle and Sarah A. Melvin who purchase for occupancy.

REAL ESTATE

Pierce & Plummer report the sale of a portion of the Estate located at 337 Highland avenue, West Newton, consisting of a single frame eleven room house together with 23,621 square feet of land, and also an extra lot containing 8,543 square feet of land. This property was conveyed by Alice G. and Edith B. Wadsworth to William Gray of Winchester.

In connection with this sale Mr. Gray is building on the remaining lot of this same property a frame colonial house which on completion will be occupied by the Misses Wadsworth.

MORTGAGEE'S SALE OF REAL ESTATE
D20-22106

By virtue and in execution of the power of sale contained in a certain mortgage deed given by Frederick M. Joyce to Burbank-Edgemoor Company, Inc., dated and recorded with Middlesex South District Registry of Deeds, Book 5234, Page 435, which mortgage the undersigned, The Equitable Life Assurance Society of the United States, is the assignee and present holder, for breach of the condition of said mortgage, and for the purpose of foreclosing the same will be sold at public auction at fifteen minutes after nine o'clock in the forenoon, daylight saving time, on Tuesday, August 20, 1935, on the premises hereinafter described, all and singular the premises conveyed by said mortgage and therein described substantially as follows:

A certain lot of land with the buildings thereon, situated in that part of Newton, Middlesex County, Massachusetts, known as West Newton, and being Lot No. 2 (two) as shown on a "Sub-division of Land in Newton, Mass., owned and developed by David A. Yaul, Rowland H. Barnes and Henry F. Beal, Civil Engineers, Boston and Waltham, September 2, 1925," and being filed with Middlesex South District Registry of Deeds as plan No. 822, bounded and described as follows: South by lot No. 1 (one) as shown on said plan, being land now owned and formerly of one MacCauland, sixty-seven and one half (67 1/2) feet; East by lot No. 3 (three) and 4 (four) as shown on said plan, one hundred forty-three and one half (143 1/2) feet; containing seven thousand six hundred and eighty (7,680) square feet according to said plan. Together with all and singular the premises conveyed to me by Donald B. MacCauland by deed dated December 28, 1927 and recorded with Middlesex South District Deeds, Book 5183, Page 309; and said premises are hereby conveyed subject to sever rights of the City of Newton in Northgate Park as set forth in instrument recorded with said Deeds, Book 5131, Page 52.

The premises will be sold subject to any and all unpaid taxes, tax titles and municipal liens and assessments that may be thereon. A cash deposit of three hundred (300) dollars will be required from the purchaser at the time and place of sale. Other terms will be announced at the sale.

THE EQUITABLE LIFE ASSURANCE SOCIETY OF THE UNITED STATES
Assignee and Present Holder of said Mortgage.
Nutter, McClenahan & Attorneys,
61 Devonshire Street, Boston, Mass.
July 26-Aug. 2-9.

Commonwealth of Massachusetts
Middlesex, ss.
To all persons interested in the estate of John R. Robertson

late of Newton in said County, deceased, notice is hereby given that to said Court, praying that Ella F. Robertson of Newton in said County, be appointed administrator of said estate, without giving a surety on her bond.

If you desire to object thereto you or your attorney should appear in said Court before ten o'clock in the forenoon on the fifteenth day of August, 1935, the return day of said Court, and set forth the grounds of your objection. Witness, John C. Leggat, Esquire, First Judge of said Court, at West Newton, July 26-Aug. 2-9.

MORTGAGEE'S SALE OF REAL ESTATE

By virtue and in execution of the power of sale contained in a certain mortgage deed given by Irving A. Isaacs and Frances G. Isaacs, his wife, in her right, both of Boston, Suffolk County, Massachusetts, to the Institute for Savings in Roxbury and its vicinity, a corporation duly established by law in Boston, County of Suffolk and Commonwealth of Massachusetts, dated July 19, 1925, and recorded with Middlesex County South District Deeds, Book 4532, Page 318, for breach of the conditions of said mortgage deed and for the purpose of foreclosing the same will be sold at public auction on said plan, being land now owned or formerly of Nathan, seventy-four (74) feet; EASTERLY by land now or late of Nathan five (5) feet; NORTH-ERLY AGAIN by the same, twenty-six (26) feet; EASTERLY by Lot A as shown on said plan, being land now or late of Gordon, forty-five (45) feet; and SOUTHERLY by Lot five (5) as shown on said plan, being land now or formerly of Ordway, one hundred (100) feet. Containing 4870 square feet of land, be all of said measurements and area more or less. Also, the fee and soil of that portion of said Read Court to the centre line thereof lying between the side lines of the above described premises extended to said centre line of Read Court, and together with all other commonly used in common with other abutters entitled thereto. Being the same premises conveyed to the said Frances G. Isaacs by deed of Frank H. Sullivan to be recorded herewith. And we do also hereby assign, transfer and set over unto the said Institute for Savings in Roxbury and its vicinity, in and to a certain agreement made between Frank N. Nathan and H. Eugene Miliken dated April 24, 1918, and recorded as above Book 4318, page 1.

Said premises will be sold subject to any tax sales, unpaid taxes or other municipal liens or assessments whatsoever. TERMS: Three hundred dollars (\$300) to be paid in cash or certified check by the purchaser at the time and place of sale; other terms at sale.

INSTITUTE FOR SAVINGS IN ROXBURY AND ITS VICINITY
MORTGAGEE AND PRESENT HOLDER OF SAID MORTGAGE,
BY CHARLES GASTON SMITH, PRESIDENT.
Boston, Massachusetts, July 20, 1935.

Newton Girl to Marry Britisher

Kathryn Schrafft of 885 Centre st., Newton, daughter of the late George F. Schrafft, millionaire candy manufacturer, will marry Sir Peter Griffin of London next October, according to an announcement made on last Tuesday. Mr. Griffin, whose home is in London is an official of a Mexican oil company. Miss Schrafft went to Milan in 1927 to study for grand opera and achieved success at Milan.

Martin Mfg. Co. Withdraws

The Martin Manufacturing Company has withdrawn its last application for a permit to use its building at Washington and Felton sts., West Newton, as a rectifying plant for alcoholic liquors. The action of the Newton Board of Aldermen at a recent meeting in amending the zoning ordinance so that the manufacture, distilling or bottling of alcoholic beverages in this city placed an effective obstacle in the way of the application.

Burglaries At Newton Centre

Wednesday night burglars entered two stores on Commonwealth ave., Newton Centre, by digging a hole through the wall separating a vacant store at 552 Commonwealth ave. into Brower Brothers' delicatessen and market, and through the opposite wall into the Newton Market. At the Brower Brothers the loot included \$95 in cash and 25 cartons of cigarettes. At the Newton Market \$18 was stolen. Entrance to the vacant store was made by breaking a rear window.

SUPERLINER QUEEN MARY TO HAVE THREE MOTION PICTURE THEATRES

Talking picture equipment for the Queen Mary, new Cunard White Star superliner, will be the equal of that used in any de luxe picture theatre ashore. The sound and projection apparatus, is the finest ever ordered for a ship.

Three complete sets of talking picture apparatus will be installed for first, tourist and third class passengers.

Arrangements are being made with leading producers to supply the Queen Mary with pre-release films, so that American travellers to Europe will not miss the pleasure of seeing their favorite screen stars while abroad but actually see such features before they are shown in their local theatres.

Pre-release and in some cases current pictures have become such an indispensable part of passenger entertainment aboard Cunard White Star ships that the company for more than a year has pursued a policy of supplying such films regularly to its fleet.

The Cunard Line was the first steamship company on the Atlantic to use professional talking picture equip-

Water Tower Big Attraction

Los Remedios, which is less than an easy automobile run from Mexico City, is not only famous as an historic shrine, and a spot where the Indians require a week of fiesta every September to properly honor the patron madonna, but before the warm beauty of its colonial water tower every amateur photographer bends a willing knee. In the days of the Conquest some of the most substantial building of the period went into water systems. Mexico City, for instance, is served by a colonial aqueduct which pipes the water in from the ridges high above the valley, on the road southward to Cuernavaca.

Where Gypsies Originated

Scientific men have come to the conclusion that gypsies are neither of European nor of African origin, but are a remnant of some obscure Indian tribe. This ethnological conclusion is borne out by the fact that their language is undoubtedly derived from the Sanskrit, although intermingled with Oriental terms and inflections appear words of Greek, Slavic, Rumanian, Magyar, German, French and English origin.

India's Tigers Desperate

India's large man-eating tigers often seriously disrupt the economic life of great areas. Not infrequently they have caused road building and mail service to be suspended for weeks at a time. A few years ago one beast alone so terrorized a district that 13 villages were evacuated and 250 square miles of farm land thrown out of cultivation.—Collier's Weekly.

Forwarding Mail

The postal regulations say that unlimited requests for the forwarding of mail to other post offices shall be observed for a period of two years, unless revoked, except that such requests affecting general delivery mail at city delivery post offices shall expire at the end of 30 days unless renewed.

Canadian Naturalization Law

The Canadian naturalization law, so far as it applies to Americans, is not much different from ours. A person of American birth may petition for Canadian citizenship on proof of five years' legal residence in the Dominion. No previous declaration of intention—or "first papers"—is necessary.

"The Commoner"

The sobriquet "the Commoner" was applied to William Jennings Bryan early in his political days because of his championing of the cause of the common people. After the election of 1900 he established at Lincoln, Neb., a political magazine of wide circulation which he named the Commoner.

Ohio State Nearly Square

With a land surface of 40,740 square miles, the state of Ohio is nearly square; the longest east-and-west line that can be drawn within its limits is 210 miles, while the longest north-and-south line is 225 miles—only a difference of 15 miles.

Pharaoh Zozer

The resting place of Pharaoh Zozer, who once really ruled Egypt, is said by scientists to be the oldest known building of dressed stone in the world, and consequently is of the highest historical, architectural and archeological importance.

The Three Fates

The Latin names for the three fates are Clotho, who presided over birth and drew from her distaff the thread of life; Lachesis, who determines its length, and Atropos, who presided over death and cut the thread of life.

Iron in Oysters

Oysters come almost as high on the list of iron foods as meat. So do prunes and raisins. Dates, too, and potatoes, dried beans, whole cereals and bread made from the entire grain.

Japan's Train Service Accurate

Train service in Japan is so accurate that nothing short of an earthquake or some great national disaster will delay a train for more than a fraction of a minute.

Discovery of Vulcanizing

The process of vulcanizing rubber was discovered in 1839 when a rubber and sulphur mixture was dropped accidentally on a hot stove.

Largest Member of Deer Family

The giant Irish elk, now extinct, was the largest member of the deer family that ever lived, with antlers that sometimes spread 11 feet.

London's Rotten Row

The derivation of London's famous Rotten Row is from the French phrase route du roi, which means the king's drive.

Eskimos Store Seal Blubber

Eskimos of Greenland store seal blubber in vats, and after the sun melts it they ship it to other countries.

Big Loss to Germany

In the thirty years' war, Germany's population was said to have dropped from 20,000,000 to 4,000,000.

Exaltation of Cruelty

The exaltation of cruelty is one of the most noxious of by-products in dictatorship countries.

Meaning of Bellicose

The meaning of bellicose is pugnacious, warlike.

Animal and Insect Trials

Animal and insect trials were common in Europe in the Middle Ages. Before regular courts of justice were established, notes a writer in the Washington Post, offending animals were delivered to the person whom they had injured or to his relatives for punishment. Domestic animals were tried in secular courts and wild animals and insects in ecclesiastical courts. Of domestic animals prosecuted were dogs, sheep, pigs, horses and bulls. Among creatures haled before ecclesiastical courts were rats, mice, locusts, weevils, flies, mosquitoes, snakes and caterpillars.

Big Bend Country of Texas

The Big Bend refers to that portion of the Rio Grande which marks the characteristic wide "v" shaped curve in the first third of its course between Texas and Mexico. The curve incloses Presidio and Brewster counties, Texas, opposite the Mexican states of Chihuahua and Coahuila. After leaving El Paso the Rio Grande passes through a series of picturesque canyons, some of them 1,750 feet in depth in the Big Bend.

"January Thaw"

The weather bureau says the term, January thaw, is rather loosely applied to any consecutive two or three days, or more, in January, when the temperature is decidedly and noticeably above the average for that month. For much of this country that implies a temperature above the freezing point, accompanied, as a rule, by conspicuous thawing, at least through the day.

Ostrich Runs in Circle

Although the ostrich is credited by some authorities as being the fastest runner in the animal kingdom, its remarkable speed never seems to take it very far. For it always runs in a circle, with the result that a less speedy pursuer can easily overtake this powerful bird "by cutting cross-lots."

An Early Electric Lamp

One of the earliest electric lamps in general use was the Nerst Glow, which had a glowing tube that had to be warmed—"lit"—to start the current and that could be "blown out" by blowing until it cooled to the point where it lost its conductivity.—Arvie W. Gordon, Madison, Wis., in Collier's Weekly.

Presidential Flag

President McKinley started the idea of a Presidential flag. He designated blue, with the Great Seal of the United States in embroidery. Theodore Roosevelt changed it to red when he came into office, but he stands alone in his preference. Every other President has desired blue.

Formation of Lakes

The most common cause of the formation of lakes is the disturbance of drainage by glacial action. Lakes are generally abundant in mountain regions or within those areas which have been covered with ice.

Sweetbreads

Sweetbreads usually are the thymus glands of calves or young cattle. The sweetbreads in lamb are small and seldom marketed. The pancreas of animals is sometimes called sweetbreads.

Finesse in Bridge Game

A finesse in a bridge game is an attempt to win a trick with a card which is not the best in the player's hand, such as a queen, holding the ace and queen of the suit.

Birds' Breathing Capacity

Birds surpass all other vertebrate animals in breathing power. Their lung capacity, muscular strength and activity are proportionately in excess of all others.

Delaine, a Fabric

Delaine is the name of a light woolen or a woolen and cotton fabric. The name is short for the French muslin de laine, meaning muslin of wool.

Men Used for Transportation

Men are used for transportation purposes in the greater part of Africa south of the equator. Oxen are used only in the cattle areas.

The True Blond

A true blond, according to an anthropologist's definition, is one who does not tan when sunburned, but blisters and peels.

Plenty of Room for Stars

Stars are so widely scattered that only one-100 million millionth of the space in the universe is occupied.

But to Prove It

Virginia law gives the court authority to order the execution of dogs found guilty of "habitual" chicken stealing.

Shakes and Shakes

Jud Tunkins says a politician is a man who first shakes you by the hand and then shakes you down.

Progress and Prosperity

Progress and prosperity depend essentially upon credit in our modern world.

Louisiana's Iris

Botanists have determined that 80 distinct species of iris grow in Louisiana.

Carrot Seed Very Small

Carrot seed is so small that it takes 257,000 to weigh one pound.

Arrested For Stealing Shoes

Webster Gadsden of 21 Gerard court, West Newton, was arrested on Tuesday by Serg. Sullivan and Patrolman Maloney charged with the alleged theft of a pair of shoes and a pair of stockings from the Liberty Motor Garage at West Newton. According to the testimony against Gadsden, the shoes and hosiery (for a lady) were left in the garage by a patron of the place. Gadsden "rubbered" at the package, learned the contents, told an attendant the package was his, and took it home. The real owner of the package later called for it and Gadsden's arrest resulted. He was arraigned in the Newton court on Tuesday and his case continued until Wednesday. He was fined \$20 and took an appeal.

Recent Deaths

WM. EDMUND SHEDD

William Edmund Shedd, formerly of Ridge avenue, died in Chicago after a brief illness on July 18 in his 41st year. He graduated from the Newton High School in 1912. During the World War he was a captain at Camp Devens for more than two years. After the war he went to Chicago where he was with Seymour and Pack, makers of wooden shipping drums. He married in 1920 Miss Esther Sherman and they had three children all of whom survive him. He leaves also his mother Mrs. W. E. Shedd, Sr., a brother Arthur F. Shedd of Chicago and one sister Mrs. Margaret Shedd Rogers of Rochester, Maine.
